LOCAL TAXATION RETURNS, Year 1892-93.

THE Returns relating to the Receipts and Expenditure of Local Authorities for the financial year 1892-93 will, as has been usual of late years, be issued in Seven Parts. The First Part of the present series contains the Poor Rate Return for the Year ended at Lady-day 1893, and the Return relating to the Valuation of Property for the Poor Rate according to the Valuation Lists in force at Lady-day 1891 and 1892.

PART I.

MEMORANDUM.

I.—POOR RATE RETURN.

This is the Eighty-sixth Annual Poor Rate Return which has been published. It is Contents of Return. divided into four parts, of which,—

Part I. gives a summary, as regards each Union-County and Division, of the amount of the Poor Rates levied during the year, and the amounts received by Boards of Guardians from County and Borough Councils under the provisions of the Local Government Act, 1888, and from other sources (except from Loans) in aid of such rates; and also the amounts expended therefrom: (1) for the relief of the poor and purposes connected therewith; (2) for purposes unconnected with such relief; and (3) for purposes partly connected and partly unconnected with such relief. It also gives separately the amounts received, expended, and outstanding in respect of Loans raised by Boards of Guardians.

Part II. is a Comparative Statement of the Expenditure on Relief to the Poor in the years ended Lady-day 1892 and 1893.

Part III. gives details of all the receipts and expenditure shown in Part I., exclusive of Loans, with regard to each of the 648 Unions and Parishes under separate Boards of Guardians in England and Wales, and the Scilly Isles.

Part IV. of the Return is devoted to the loan transactions of Boards of Guardians. It gives, as regards each Board of Guardians, the amount raised by means of Loans, and the expenditure defrayed out of Loans, during the year, together with the amounts of the Loans owing by the Guardians at the end of the year.

It appears from the Return that the total amount of Poor Rates raised during the year for all purposes, including the sums contributed by Government in lieu of Poor Rates, was 16,531,406*l*. This amount was greater than the amount raised during the preceding year by 889,386*l*.

Total amount of Poor Rates raised.

Receipts in aid.

Under the provisions of the Local Government Act, 1888, the grants which had in previous years been made to Poor Law Authorities out of moneys voted by Parliament were discontinued as from the 31st of March 1889, and in lieu thereof those authorities now receive the substituted payments required by the Act to be made to them by the Councils of Counties and County Boroughs, and certain additional grants. These payments are made in respect of (1) Teachers in Poor Law Schools; (2) School Fees for Workhouse Children attending Public Elementary Schools outside the Workhouse; (3) Registrars of Births and Deaths; (4) Lunatics; (5) The Remuneration of Medical Officers and Costs of Drugs in the Metropolis; (6) Maintenance of In-door Paupers in the Metropolis; and (7) The Costs of Union Officers, &c., in Unions outside the Metropolis. The sums so received from the Councils during the year amounted to 1,936,080*l.* The amount entered in the Accounts as having been contributed by Her Majesty's Treasury is 936*l.*, of which 875*l.* was paid to the Aldershot Joint Lock Hospital Committee. The total of the sums received by Poor Law Authorities during the year ended Lady-day 1893, from grants by Councils of Counties and County Boroughs, and from the Treasury, was therefore 1,937,016*l.*, or a decrease of 333*l.* as compared with the amount received during the preceding year from the Councils, and from Parliamentary Grants, respectively. Besides these receipts in aid, there were other receipts by Boards of Guardians and the Managers of School and Asylum Districts (exclusive of loans and sums received from other Local Authorities), amounting to 502,699*l.** These receipts included (*inter alia*) sums recovered from the relatives or property of paupers in respect of the cost of their maintenance, amounting to 241,904*l.*; sums received on account of stone, wood, oakum, pigs, and farm and garden produce sold, amounting to 136,391*l.*; rents and sales of other property, amounting to 44,403*l.*; and dividends on investments, amounting to 14,616*l.* The total receipts from and in aid of the Poor Rate (excluding loans and sums received from other Local Authorities) amounted to 18,971,121*l.*

Amounts paid to Local Authorities other than Poor Law Authorities.

Of the amount raised as Poor Rates, the following sums were paid on precepts to Local Authorities other than Poor Law Authorities:—

	£.
Payments for County, Borough, or Police Rates - - -	6,739,977
„ to Highway Boards or Rural Sanitary Authorities for highway purposes - - - - -	827,804
„ Burial Boards - - - - -	117,789
„ Rural Sanitary Authorities for sanitary purposes -	176,658
„ School Boards - - - - -	972,860
„ Commissioners of Baths and Washhouses - -	45,882
„ Free Library Commissioners - - - -	48,957
„ Urban Sanitary Authorities for School Attendance Committee expenses - - - - -	5,427
„ Conservators of Commons - - - - -	179
TOTAL - - -	£. 8,935,533

If the above amount is deducted from the total sum raised as Poor Rates, namely, 16,531,406*l.*, it will be seen that only 7,595,873*l.*, or considerably less than half the total, was raised for the purposes of Poor Law Authorities.

Including

* Excluding 241,144*l.* received from the Metropolitan Common Poor Fund, by the poorer Unions and Parishes of the Metropolis, which has been deducted in order to avoid a duplicate reckoning. See Note † on page 6.

Including the above expenditure, but excluding that defrayed out of loans and payments other than contributions under precepts to other Local Authorities, the total sum spent was 19,411,897*l.*, of which 9,398,024*l.* was for purposes altogether unconnected with the relief of the poor.

The principal items of the expenditure on the relief of the poor, and purposes connected therewith, were :—

	£.
In-maintenance* - - - - -	2,105,760
Out-relief* - - - - -	2,370,613
Maintenance of lunatics in asylums or licensed houses - -	1,393,076
Workhouse or other loans repaid, and interest thereon - -	640,280
Salaries and rations of officers, and superannuation allowances -	1,566,506
Other expenses † - - - - -	1,141,279
TOTAL - - -	£. 9,217,514

The expenditure entered under the head "Other expenses" included (*inter alia*) expenditure on furniture, building and repairs; certain establishment charges; the expenses of the maintenance of paupers in institutions other than Poor Law institutions, *e.g.*, in institutions for the deaf and dumb, or blind, in hospitals, and in certified schools; the cost of drugs and medical and surgical appliances, so far as it could not be apportioned to "In-maintenance" and "Out-relief;" rents and rates; the cost of printing, stationery, and advertisements; the cost of wood, oakum, stone, &c., used for the employment of paupers; and the expenses connected with the cultivation of workhouse gardens and farms, so far as they could not be apportioned to "In-maintenance," "Rations of Officers," &c.

The expenditure on purposes unconnected with the relief of the poor was as follows :—

	£.
Payments to Local Authorities other than Poor Law Authorities †	8,935,533
School Attendance Committee expenses - - - - -	44,743
Payments on account of the Registration (Births, Deaths, &c.) Acts	98,419
Vaccination fees and expenses - - - - -	83,709
Parliamentary, Municipal and County registration, and cost of jury lists - - - - -	197,974
School fees for non-pauper children - - - - -	1,557
Other expense - - - - -	36,089§
TOTAL - - -	£. 9,398,024

In

* With regard to the expenditure on In-maintenance and Out-relief, the amounts expended on the relief of the non-settled poor, when entered both in the Returns from the Unions to which the paupers were chargeable and in the Returns from the Unions in which they were relieved, have, with the view of avoiding duplicate reckonings, been deducted from the receipts and expenditure of the last-mentioned Unions. The expenditure on In-maintenance includes a sum of 48,161*l.* for the maintenance of fever, small-pox, and diphtheria patients in the Asylums of the Metropolitan Asylums Board.

† See Note † on page vii.

‡ See details on page iv.

§ Including 240*l.* paid on account of Commons by a Poor Law Authority.

Expenditure partly connected and partly unconnected with relief.

In addition to the above, there were the following items of expenditure, which cannot be wholly included under the head of Relief of the Poor, or under the head of Purposes altogether unconnected with such Relief:—

	£.
Cost of legal proceedings - - - - -	40,163
Payments under the Union Assessment Committee Acts and the Valuation (Metropolis) Act, 1869 - - - - -	104,448
Salaries and superannuation allowances of parochial officers, and other expenses partly connected and partly unconnected with the relief of the poor - - - - -	651,748
TOTAL - - -	£. 796,359

Net expenditure of Poor Law Authorities.

The foregoing figures relating to the expenditure of Poor Law Authorities on purposes (1) immediately connected with the relief of the poor, (2) wholly unconnected with relief, and (3) partly connected and partly unconnected with relief, show the gross expenditure on these purposes, without taking into consideration any of the receipts in aid of the Poor Rates, which have been previously enumerated on page iv. The whole amount was not, therefore, a charge on the Rates. The following figures show the gross expenditure of Poor Law Authorities (excluding contributions under precept to other Local Authorities) under the three heads, the receipts in aid, and the net expenditure borne by the Rates:—

	£.
Expenses immediately connected with the Relief of the Poor -	9,217,514

Rate per head, on estimated population, of Poor Rates raised, and of expenditure on relief in Poor Law Divisions.

The following Statement shows, as regards the eleven Poor Law Divisions of the country, the estimated population of each division in the middle of 1892; the receipts from Poor Rates; the gross expenditure on relief to the poor; the rate in the £. on rateable value of the Poor Rates raised, and the rate per head on the estimated population

* The receipts in aid which could not be clearly regarded as received in aid of expenses immediately connected with relief or of those wholly unconnected with relief have been apportioned between the three headings on the gross expenditure, the apportionment as regards the Metropolis and the rest of the country being made separately.

† Including 197£. paid to other Local Authorities.

* Of this amount, 368,050 £. was paid on account of principal, and 272,230 £. in respect of interest.

† Excluding 241,144 £. received by the poorer unions and parishes in the Metropolis from the Metropolitan Common Poor Fund, which has been deducted from the expenditure to avoid a duplicate reckoning, the sums paid to the fund by the richer unions and parishes, amounting to 244,901 £., having been included in their expenditure under the heading, "Other Expenses of, or immediately connected with, Relief."

The next Statement has been prepared with the view of showing what was the rate per head on the estimated population of the Metropolis, and of each Union-County of the receipts from Poor Rates, and of the gross expenditure on relief to the poor and the rate in the £. on rateable value of the receipts from Poor Rates. The Union-Counties have been arranged according to the amount of the rate per head on estimated population which the gross expenditure on relief represented. It will be seen that the relative rates per head on the total receipts from Poor Rates, and on the gross expenditure for relief, varied greatly in different Union-Counties, and that in some cases the rate per head for relief was considerably less than half the rate per head of the Rates raised, whilst in Bucks, Berks, Westmorland and Nottingham, the rate per head of relief represented about three-fourths of the rate per head of the rates raised. The highest rate per head of the Poor Rates raised was in London, where it amounted to 21s. 3½d. per head; the lowest was in Nottingham, where it amounted to only 5s. 11½d. per head. The highest rate per head for expenditure on poor relief was 12s. 9½d. in London, and the lowest, 3s. 10d. in the West Riding of Yorkshire. The rate in the £. on rateable value of the Poor Rates raised also varied considerably in the different Union-Counties. In the Metropolis and 17 other Union-Counties it was 2s. or more than 2s. in the £., whilst in Westmorland it was only 9d. in the £. It will also be observed that there were considerable differences in the several Union-Counties between the proportions which the rate per head on the estimated population bore to the rate in the £. on the rateable value of the amounts raised from Poor Rates.

With regard to the rate per head and the rate in the £. of the Poor Rates levied in London, it must be remembered that London now holds an exceptional position with regard to the expenditure which has to be provided for out of those rates. All the expenditure which now devolves upon the County Council of London in connection

with the Main Drainage of the Metropolis, Street Improvements, and Embankments, &c., has to be provided for, so far as may be necessary, out of the Poor Rates.

The Return shows, in a separate column, the sums expended by the Guardians in respect of Medical Relief during the year. They amounted in all to 350,530*l*. This expenditure consists of the salaries and extra fees of the Medical Officers, and the cost of any medical and surgical appliances and drugs paid for by the Guardians. The sums in this column are not additional to those given in the column headed "Total Relief to the Poor;" the various items of Medical Relief being entered under their appropriate headings as forming a portion of the "Relief to the Poor;" but the cost of "Medical Relief" is given separately in the Return, as being an important item of Poor Law expenditure.

Medical Relief.

The following Tables show the receipts and expenditure of the Managers of School and Asylum Districts, and of the Aldershot Joint Lock Hospital Committee,* excluding the amounts received and expended on account of Loans. The information contained in these Tables is not given separately in the body of the Return, as the expenditure of the Managers is provided for out of the Poor Rates levied in the contributory unions and parishes, so far as it is not met by the grants from the Exchequer Contribution Accounts of the Councils of Counties and County Boroughs made to Guardians in aid of the salaries of the officers of the Managers, the grant in respect of the maintenance of indoor paupers in the Metropolis, a payment made by Her Majesty's Treasury to the Aldershot Joint Lock Hospital Committee, and other receipts. These receipts and expenditure have been accounted for as far as practicable in the Poor Rate Returns of the several unions and parishes under the appropriate headings.

The Financial Statements received from the Managers of the Metropolitan Asylums District for the years 1888-89, 1889-90, 1890-91, 1891-92, and 1892-93, distinguish the expenditure of the Managers on their Asylums, Hospitals, &c. The expenditure for the five years was as follows:—

TOTAL - - - £.	336,543	357,819	387,162	405,351	583,316

It will be observed that there was a very large increase in 1892-93, as compared with the preceding years in the expenditure in respect of the Fever and Small Pox Hospitals and Ambulance Stations.

The General Expenses consist chiefly of sums in respect of principal and interest on account of the Loans raised by the Managers.

The moneys raised by means of Loans for Poor Law purposes during the year 1892-93 amounted to 543,100*l.* Of this sum, 460,675*l.* was borrowed by Boards of Guardians, 46,825*l.* by the Managers of the Metropolitan Asylums District, 28,000*l.* by the Managers of the Poplar and Stepney Sick Asylum District, and 7,600*l.* by the Managers of the Central London and West London School Districts.

The expenditure by Boards of Guardians out of Loans during the year amounted to 365,383*l.*, which was principally for the erection or extension of Workhouse Buildings and Infirmaries, and the acquisition of land for these purposes. The following statement shows the amounts expended out of Loans during the year by the Managers of Asylum and School Districts:—

It will be seen from the foregoing Table that the proportion which the debt owing by Boards of Guardians bears to the Rateable Value, varies very considerably in the different Poor Law Divisions. Outside the Metropolis the amount of the outstanding loans per £. of Rateable value ranged from rather more than 1d. in the South Western Division, where it was lowest, to nearly 9d. in the North Western Division, where it was highest. In the Metropolis the debt amounted to 1s. 5·9d. per £. of Rateable Value, which was nearly double the highest proportion outside the Metropolis. If to the loans of Boards of Guardians, those of the Metropolitan Asylums Board, and of the Managers of the School Districts and the Sick Asylum Districts in the Metropolis, amounting in the aggregate to 1,314,333l., are added, it will be found that the total debt of the Metropolitan Poor Law Authorities amounted to 2s. 3·4d. per £. of Rateable Value. The above figures represent the proportion which the outstanding loans bear to the Rateable Value, and not the Rate in the £. of the Rates required for payment of the principal and interest on the loans. The annual charge for the provision of the repayment of principal and the interest due on the debt of Poor Law Authorities, in respect of loans for purposes connected with relief in 1892–93 amounted to 640,280l. which represented a rate of less than 1d. in the £. on the Total Rateable Value of England and Wales.

In accordance with the usual practice, in the following Tables some of the results shown in the present Return are compared with those appearing in former Returns. Comparative Tables.

The following Table shows that, as compared with the preceding year, there was an increase of 369,836*l.* in the amount appearing as the gross expenditure for the Relief of the Poor and purposes connected therewith, and that the charge entailed by such expenditure on the estimated population had increased by 2½*d.* per head:—

Years ended at Lady-Day	Gross Expenditure for Relief of the Poor.	Increase in 1893 as compared with 1892.	Increase per Cent.	Rate per Head on the Estimated Population.	Increased Rate per Head on Estimated Population.

{ Extra Metropolitan - - - - -	6,488,962			5 2	
England and Wales - - -	9,217,514			6 3½	

It will be seen from the above figures that about two-thirds of the total increase in the Gross Expenditure for relief was due to the increased amount spent in the Metropolis. This increase amounted to 255,038*l.*, and was, to a great extent, attributable to the increase in the expenditure of the Metropolitan Asylums Board, who spent 177,965*l.* more in 1892-93 than in the previous year. Of the latter sum 161,163*l.* represented the increased amount spent in connection with their establishments for fever and small-pox cases.

The above Table relates to the gross expenditure on the relief of the Poor. In order to ascertain the amount of this expenditure borne by rates, it is necessary to deduct the receipts in aid (as to which see page vi) which have been very largely increased by the operation of Sections 26 and 43 of the Local Government Act, 1888, under which Boards of Guardians receive from the Councils of Administrative Counties and County Boroughs grants in respect of the maintenance of In-door Paupers in the Metropolis, and in respect of the cost of Union Officers and other expenditure in the remainder of the Counties. The following Table shows, for the four years since the passing of the Act, the net expenditure for the relief of the Poor borne by rates, the rate per head on the estimated Population, and the rate in the £. on rateable value of that expenditure:—

Comparative Tables.

In connection with the above figures, it must be borne in mind that in many instances the Guardians did not receive in 1890 from the County and Borough Councils the whole of the grants to which they were entitled in respect of that year, and, where this was the case, they, for the most part, received in 1891 the grants due to them in respect of the two years. Consequently the net expenditure borne by rates for 1891, as shown by the above figures, is smaller than it would have been if the Guardians had only received in aid of the expenditure the grants due in respect of the year.

In the following Table the several items of Poor Law Expenditure during the two years ended Lady Day 1892 and 1893 are shown together with the increase or decrease in each of them :—

* Excluding 237,555*l.* in 1892, and 241,144*l.* in 1893, received by the poorer Metropolitan Unions and Parishes from the Metropolitan Common Poor Fund.

It will be observed that there was an increase in every item of expenditure except the cost of Out-Relief, and the payments on account of Workhouse Loans.

As will be seen from the Comparative Statement on pages 10 and 11, an increase in the expenditure on Poor Relief took place in every Poor Law Division in England and Wales, except the South Midland Division, and ranged from 10·3 per cent. in the Metropolis, where it was highest, to 0·1 per cent. in the South Eastern Division, where it was lowest.

The increase or decrease per cent. in the gross expenditure for the Relief to the Poor in the Metropolis, and in each Union-County in the rest of England and Wales, during the year 1893, as compared with the previous year, was as follows :—

The large increase during the year 1890 and subsequent years in the amounts of the Poor Rates levied, as compared with the amounts levied in previous years is, to a great extent, due to the operation of the Local Government Act, 1888, under which the expenses incurred by the County Council of London as the successors to the Metropolitan Board of Works have been placed upon the Poor Rates, instead of being defrayed as heretofore out of Rates raised by the Commissioners of Sewers of the City of London and the Metropolitan Vestries and District Boards, and out of the Coal and Wine Duties, which have been discontinued. The rate per head of the Poor Rates levied in 1893 shows an increase of 6*d.* as compared with the preceding year. The rate per head of the expenditure on the Relief of the Poor was larger in 1893 than in any of the seven preceding years. The considerable increase in the amount of the Poor Rates raised in 1893, as compared with the preceding year, was not, however, wholly or even principally due to the increased expenditure on the Relief of the Poor, for whilst that expenditure was 370,000*l.* more, the amounts paid out of the Poor Rate in respect of County Borough or Police Rates, to Highway Boards and to School Boards, exceeded the similar payments in the preceding year by 548,000*l.*

The principal items of the expenditure on "Relief to the Poor" for the thirty-seven years from 1857 to 1893, inclusive, are shown in the next Table, together with the average price of wheat. The expenditure on Out-Relief during the year to which the present Return relates was less than in any other year comprised in the Table, but with that exception and a slight decrease on the amount paid on account of Workhouse Loans as compared with 1892, all the other items of relief and the total gross expenditure were larger than in any previous year.

* In 1884, for the first time, the contributions made by the Metropolitan Unions and Parishes to the Metropolitan Asylums Board were distributed, as far as practicable, among Columns (a), (d), and (e), according as they were paid in respect of Maintenance, Loans, and Salaries, &c. of Officers. In previous years they had, as a general rule, been entered wholly in Column (f), under the heading "Other Expenses of, or immediately connected with, Relief."

† In the year ended Lady-Day 1885 the payments made to the Common Poor Fund by the richer Unions and Parishes in the Metropolitan were, for the first time, included in Column (f), under the heading "Other Expenses of, or immediately connected with, Relief." These payments, though they constitute part of the gross expenditure on the relief of the poor, were not shown in this column in previous years, but were added in Column (h) to the amount appearing in Column (g), after deducting from that amount the payments made out of the fund to the poorer Unions and Parishes of the Metropolitan, with the view of showing the total adjusted cost of relief. The principle by which the adjusted cost of relief is arrived at is the same in 1885 and subsequently as in previous years. See Note † on page vii.

* The sums contributed by the overseers to Commissioners of Baths and Washhouses, and Free Public Libraries, and to Conservators of Commons are included in this column.

† This is the first year in which these expenses were shown separately in the Returns.

‡ See page xvi for an explanation as to the very large increase which has taken place from 1890 in the amount paid out of Poor Rates on account of County Rates.

Comparative Tables.

These figures show that the amount expended out of Poor Rates for purposes unconnected with the Relief to the Poor increases far more rapidly than the expenditure on Relief. The exceptionally large increase in 1890 has been already explained.

In the next Table are given the Rateable Value of the Property assessed to the Poor Rate, in respect of each year for which there are statistics affording the information, the total amount raised from Poor Rates, the proportion of that amount which was raised for the purposes of Authorities other than Poor Law Authorities, and for the purposes of Poor Law Authorities, respectively, and the rate in the £. of the sums so raised.

It will be seen from these figures that, although the amount of the Poor Rates raised has risen from 6,351,828*l.* in 1841 to 16,531,406*l.* in 1893, the rateable value of the property liable to contribute to the Poor Rate has risen in about the same proportion, so that, notwithstanding that the rates raised have increased 160 per cent., the rate in the £. on rateable value of those rates has only increased from 2*s.* 0·4*d.* to 2*s.* 1·2*d.* It will be further observed that whilst the amount raised by means of the Poor Rates for Authorities other than Poor Law Authorities has increased from 2,787,678*l.* in 1865-66 to 8,935,533*l.* in 1892-93, and the rate in the £. from 7·1*d.* to 1*s.* 1·6*d.*, the amount raised for Poor Law Authorities has only increased from 6,786,094*l.* to 7,595,873*l.*, and the rate in the £. of the amount so raised has decreased from 1*s.* 5·4*d.* to 11·6*d.* Moreover the rate in the £. of the rates raised for Poor Law Authorities in 1892-93 was smaller than that recorded for any of the other years comprised in the Table, except 1891-92. The rates in the £. on the annual value of the total Poor Rates raised in 1890, owing to the heavy additional burden placed on the Poor Rates in London in that year under the circumstances already referred to, and in subsequent years, cannot fairly be compared with the rates in the £. in previous years, although they are, notwithstanding that burden, smaller than in most of the earlier years comprised in the Table.

II.—VALUATION FOR THE POOR RATE.

This is divided into two Parts, of which Part I. gives the Amount of the Gross Estimated Rental and Rateable Value of the Property assessed to the Poor Rate in each of the Union-Counties of England and Wales, according to the Valuation Lists in force in the Metropolis on the 6th of April, and in other parts of the country on the 25th of March 1892, and on the corresponding days in 1891, together with the Population in 1891 of each County. Part II. gives the same information in detail with respect to each Union and each Parish under a separate Board of Guardians.

The Total Gross Estimated Rental of the Property liable to contribute to the Poor Rate rose during the year 1891-92 from 186,126,397*l.* to 188,397,661*l.*, whilst the Rateable Value increased during the same year from 155,896,383*l.* to 157,722,913*l.* or 1·2 per cent.

The following Statement shows the increase or decrease per cent. during the year in the Rateable Value in each Union-County :—

It will be seen that in forty-one counties there was an increase, and in only four counties a decrease, in the Rateable Value of the property assessed to the Poor Rate, but that, in three of these latter counties, this decrease amounted to less than one per cent. It will be further observed that the counties in which a decrease took place are chiefly agricultural.

The next Table has been prepared with the view of showing to what extent the Rateable Value of the Property assessed to the Poor Rate has increased during the last

seventeen years. It will be observed that during the latter years the increase was much smaller, year by year, than in the former years. The large proportionate increase in 1876, 1881 and 1891 was due to the addition made to the total Rateable Value by the Quinquennial Valuation of Property in the Metropolis, under the Metropolis Valuation Act, 1869. It is, however, to be observed that a similar addition to the Rateable Value did not result from the Quinquennial Valuation for 1886.

COUNTY COUNCIL ACCOUNTS (OTHER THAN THE COUNTY OF LONDON).

PART II.

MEMORANDUM.

PART II. of the Local Taxation Returns for the financial year 1892-93 contains Abstracts of the Accounts of the County Councils, other than the London County Council; of the Lancashire Asylums Board; of the Joint Committees of Lincolnshire, Suffolk, Sussex, and Yorkshire; and of the Visiting Committees of Pauper Lunatic Asylums, other than the Asylums belonging to the County and the City of London. It has also been considered desirable to include in it the Abstract of the Accounts of the Council of the Isles of Scilly, so far as regards their General County Fund,* because the Provisional Order, under which this Council was created, conferred upon them many of the powers of a County Council under the Local Government Act, 1888.

No. 3.—COUNTY COUNCIL ACCOUNTS.

In the Local Taxation Returns for the year 1889-90 the effect of the provisions of the Local Government Act, 1888, on the financial transactions of County Authorities was explained; and it was pointed out that the new arrangements brought about by the Act had on the one hand very materially enlarged the scope of those transactions, and increased the receipts and expenditure of County Councils, whereas on the other hand the formation of county boroughs had withdrawn from the counties in many instances areas which, for various purposes for which the County Councils act, were formerly treated as parts of the counties, and the formation of the County of London out of parts of the Counties of Middlesex, Kent and Surrey had greatly diminished the extent of the financial transactions of the County Authorities for those counties. It was also mentioned that in consequence of the very exceptional position of the County Council of London, who now exercise not only functions analogous to those of County Councils in other parts of the country, but also those of the late Metropolitan Board of Works, it had been necessary for the purposes of the Local Taxation Returns to deal separately with their financial transactions, which would for the future not be included among the accounts of other County Councils, but would be published separately in Part IV. of the Local Taxation Returns. These considerations must be borne in mind in contrasting the figures in the present Return with those in the County Accounts of any year prior to 1889-90.

The present accounts relate to the receipts and expenditure and other financial transactions, during the financial year ended the 31st of March 1893, of the Councils of the remaining 61 administrative counties of England and Wales, the Lancashire Asylums

What accounts are included.

* The Receipts and Expenditure of the Council of the Scilly Islands, as a Rural Sanitary Authority, and as a Highway Authority, will be published in Parts III. and VI. of the Local Taxation Returns.

Asylums Board, the Joint County Committees for Lincolnshire, Suffolk, Sussex, and Yorkshire, and the Council of the Isles of Scilly, so far as regards their General County Fund.

The Abstract of these accounts is divided into four parts.

Part I. shows the sums received from the Local Government Board out of the Local Taxation (England) Account and carried by the Councils to their Exchequer Contribution Accounts, and the sums paid out of these accounts, or transferred therefrom to other accounts of the County Fund.

Part II. contains information as to the rateable value of the properties liable to be rated to the rates levied for general and special county purposes in each of the administrative counties; the amount in the £. of these rates levied during the year; and the amounts received by the County Councils from such rates. It also shows the transfers and repayments from the Exchequer Contribution Accounts; the sums received from Treasury Subventions and Payments; from Fines, Penalties, and Fees; for Special Services of the Police; from Rents, Sales, and Profits of Property; and from other Local Authorities, other than sums carried direct to the Police Pension Funds. Under the head of Expenditure not defrayed out of Loans it sets out the amount expended in respect of Police and Police Stations and Payments to the Police Pension Funds; Prosecutions, and Conveyance and Maintenance of Prisoners; Reformatories and Industrial Schools; the Contagious Diseases (Animals) Acts; Shire and County Halls, Assize Courts, Judges' Lodgings, Petty Sessions Rooms, Lock-up Houses, and Militia Depôts, Storehouses, &c.; Bridges; Main Roads; Salaries and Pensions of County Officers; Establishment Charges; the Registration of Voters; Parliamentary and Legal Proceedings; Technical and Intermediate Education; the Principal, Interest, and Payments to Sinking Funds, in respect of County Loans; and Payments made to other Local Authorities. It also shows the amounts paid to the Visiting Committees of Lunatic Asylums for the maintenance of the Asylums and of the Lunatics chargeable to the County Rate.

Part III. gives detailed particulars as to the various purposes for which the outstanding Loans of the several County Councils have been raised, and on account of which money was borrowed and expended by them during the year.

Part IV. contains a statement as to the Police Pension Funds of the Administrative Counties or Combined Counties, showing the sums paid to the funds during the period to which the Return relates, the sources from which they were received, the expenditure out of the funds, and the amount remaining in the funds on the 31st March 1893.

Rateable value.

It appears from the Return that the rateable value of the property liable to be rated to the Rate for General County Purposes in the 54 Administrative Counties, and in the Scilly Islands, in which rates for those purposes were raised during the year in England and Wales, excluding the County of London, was 86,598,191*l*.

The Special County Purposes for which rates were levied, so far as the purposes were shown by the Returns, included Police, Contagious Diseases (Animals) Act, Bridges, Weights and Measures Act, and Lunatic Asylums, whilst in many cases these purposes were provided for out of the rates levied for General County Purposes.

Rate in the £.

The highest rates for General and Special County Purposes in the Administrative Counties were 9*d*. and 7½*d*. in the £. respectively; and the lowest, ½*d*. and ¼*d*. in the £. In the Scilly Islands the Rates for General Purposes ranged from 1*s*. to 1*s*. 1*d*. in the £. In 7 Counties no rates for General County Purposes, and in 15 Counties no rates for Special County Purposes, were raised during the year.

Receipts other than from loans.

The total receipts of the County Councils, the Council of the Scilly Islands, and the Joint Committees above referred to during the year, excluding loans, and sums received

Main Roads in their districts since April 1889 were payments made under Section 11 of the Local Government Act, 1888. It will be observed that the Councils paid a small sum during the year in respect of balances remaining unpaid after the 31st March 1889 on account of contributions for the half-cost of main roads under the provisions of the Highways and Locomotives (Amendment) Act, 1878.

The total amount of the Loans raised by the County Councils during the year was 406,238*l.* The following are the purposes for which the money was borrowed:—

	£.
Lunatic Asylums - - - - -	170,618
Police Stations and Gaols - - - - -	31,236

Other Purposes - - - - -	142,984 *
TOTAL - - - - -	£. 406,238

The expenditure out of Loans amounted to 283,820*l.* It had been incurred in respect of the following purposes:—

	£.
Lunatic Asylums - - - - -	72,887
Police Stations and Gaols - - - - -	25,996
Shire Halls, Assize Courts, and Judges' Lodgings - - - - -	29,773

Petty Sessions Rooms - - - - -	4,100
Other Purposes - - - - -	141,306 *
TOTAL - - - - -	£. 283,820

The total outstanding debt of the County Councils at the close of the year amounted to 2,706,616*l.* The purposes for which this debt had been incurred were as follows:—

	£.
Lunatic Asylums - - - - -	2,019,183
Police Stations and Gaols - - - - -	310,835
Lock-up Houses - - - - -	5,472

Other Purposes - - - - -	150,350 *
TOTAL - - - - -	£. 2,706,616

The sums in sinking funds set aside for the repayment of a portion of this debt amounted to 1,221*l.* at the close of the year.

The abstract of the accounts, so far as it relates to Police Pension Funds, gives particulars of the funds of all the administrative counties except the counties of London and Middlesex and those parts of the counties of Kent, Surrey, Essex, and Hertford which are comprised in the Metropolitan Police District. In two cases, namely, Lincolnshire

Lincolnshire and Suffolk, there is a joint pension fund for the police forces of all the divisions of each county.

Under the provisions of the Police Act, 1890, which came into force on the 1st April 1891, many of the items of receipt on account of Police Superannuation have been paid direct to the Pension Funds instead of being passed through the General County Accounts, as was the general rule in former years.

The gross receipts of the Funds amounted during the year to 228,639*l.*, which comprised the following items :—

Under Section 18 of the Police Act, 1890, it is provided that at the end of each financial year the surplus of the annual income of the Pension Fund above the expenditure thereout shall, as soon as may be, be invested in any manner authorised by law for investments by Trustees.

The total amount remaining in the Police Pension Funds on the 31st March 1893 was 750,765*l.*, including 86,982*l.* balance uninvested. In three cases the funds had been

* Including 9,718*l.* from the County Councils and 608*l.* from other Local Authorities.

† The sums of 9,718*l.* in respect of Interest, 6,830*l.*, Sales of Securities, 25,896*l.*, Repayments of Principal, 608*l.*, and 2,685*l.* from other Local Authorities, and 37,344*l.*, other Receipts, which have already been shown as receipts in the General County Account, must be deducted from the total receipts of County Councils to avoid a duplicate reckoning. The sums of 23,823*l.*, reinvestment of Funds, and 1,213*l.* paid to other Local Authorities, must be deducted from the total expenditure for a similar reason.

‡ Including 23,823*l.* reinvested.

been exhausted. In ten other cases transfers in aid of the funds had been made during the year from the rates received by the County Councils, although certain amounts still remained in the funds at the close of the year. It appears from the Financial Statements that in many cases the funds are wholly or partially invested in Government Stock. The funds are also very generally used for county purposes, being advanced for such purposes on mortgages of the rates received by the County Councils. The investments of the funds also include Corporation Stock and Bonds, Railway Debenture Stock, Freehold Mortgages, &c.

The five following Tables give the receipts, expenditure, and loan transactions of the County Authorities of England and Wales during the year ended the 31st March 1889, and those of the County Councils, excluding the London County Council, for the four years ended the 31st of March 1893. A further Table is added for the first time this year, giving for the four years, 1889-90 to 1892-93, as regards each county, the assessments on which the rates made by the County Council were levied, and the rate in the £. of such rates on those assessments. In contrasting the financial transactions of these Authorities during the year 1888-89 with those for the last four years, regard should be had to the considerations mentioned on page iii. It should also be borne in mind that the comparison between 1891-92 or 1892-93 and the previous years, especially as regards the sums entered under the head Fees, Fines, &c., is affected by the fact that from 1891-92 some of these items were carried direct to the Police Pension Funds, and now appear as receipts by those Funds instead of under the head of Fees, Fines, &c. The expenditure out of those Funds was also shown for the first time for 1891-92, whereas in previous years only the payments into the Funds were shown as expenditure.

Comparative
Tables.

A comparison of the financial transactions of the County Councils for the two years 1890-91 and 1891-92 shows that the receipts of the Councils during the latter year from sources other than loans (6,346,832*l.*) were nearly a million in excess of the corresponding receipts for the preceding year (5,373,418*l.*). The two main items of receipt in which this increase arose were (1) the receipts from the Local Taxation (Customs and Excise) Duties, which amounted during the year to 164,699*l.* in respect of Police Superannuation, and to 635,761*l.* in respect of the residue of these duties, making together 800,460*l.* as compared with 149,757*l.* received from these duties during the preceding year; and (2) the capital payments made to some County Councils during the year under awards of the Local Government Act Commissioners. The first of these items included not merely revenue payable in respect of the year, but also considerable arrears of revenue due in respect of the preceding year. The second comprised some amounts of considerable magnitude, *e.g.*, one amounting to about 140,000*l.* received by the Lancashire County Council from the Lancashire County Boroughs. Comparing 1892-93 with 1891-92, it will be observed that there was again a considerable increase, amounting nearly to half a million, in the receipts of County Councils. This was attributable to an increase of 221,024*l.* in the amounts received from rates, and an increase of 329,526*l.* in the amounts received from other Local Authorities, which included capital payments of no less than 245,069*l.* received by the Lancashire County Council, and more than 110,000*l.* received by the West Riding of Yorkshire County Council under awards of the Local Government Act Commissioners.

The expenditure of the Councils during the year, excluding that defrayed out of loans, amounted to 6,624,089*l.* It was 204,924*l.* less than the receipts from sources other than loans for the year (6,829,013*l.*), and 749,158*l.* more than the corresponding expenditure for the preceding year (5,874,931*l.*). The excess of receipts over expenditure during the year was mainly attributable to the fact that large sums were shown as received during the year from other Local Authorities which were not expended during the year, and that while the transfers from the Exchequer Contribution Accounts of the Councils to the Technical and Intermediate Education Accounts under Section I. of the Local Taxation (Customs and Excise) Act, 1890, amounted to 454,170*l.*, the expenditure of the Councils

on Technical and Intermediate Education was 351,881*l.* The excess of the total expenditure of the Councils over that of the preceding year was attributable partly to increases, amounting to no less than 238,721*l.*, in the expenditure on main roads and contributions to roads not being main roads. There were also large increases in the expenditure in respect of Technical Education, of Police, and in the amounts paid to other Local Authorities.

An examination of Table VI. will show the extent to which the rates in the £. of the county rates levied in each county have risen or fallen during the last four years. It must be borne in mind that the rates in the £. are calculated by the County Councils on the valuations according to the county rate basis, and not on the poor law valuations, on which the rates are actually raised in the several parishes. The following statements show the increase or decrease in the several counties of the rates in the £., calculated on the above principles, of the rates levied for general county purposes during the year 1892-93, as compared with the average rates levied in the same counties for those purposes during the two years ended the 31st of March 1891.

It will be observed that there were 33 counties in which the rates in the £. of these rates had decreased, and 27 counties in which they had increased.

* The large sum shown as Other Receipts by the Exchequer Contribution Account in 1891-92 was due to the fact that considerable amounts were paid during that year by County Boroughs to Counties under awards of the Local Government Act Commissioners.

† These Treasury subventions have been discontinued since the passing of the Local Government Act, 1888, and, in lieu thereof, the County Councils are required to make transfers from their Exchequer Contribution Accounts to their other accounts, in respect of the pay and clothing of police and the maintenance of lunatics chargeable to the county. The whole cost of the maintenance of main roads in each administrative county has, under the provisions of the Act, become a charge upon the County Rate.

† See note † on page v. The Parliamentary Grant in respect of Criminal Prosecutions has been discontinued since the passing of the Local Government Act, 1888.

§ These were extra grants paid for the first time during the year 1887-88 to County Authorities in England and North Wales in aid of the cost of the maintenance of disturnpiked and main roads.

|| See note † on page v.

¶ Including, in 1891-92, 1,322*l.* fees, and in 1892-93, 1,585*l.* fees, and 413*l.* grants from Science and Art Department, but excluding 3*l.* from another Local Authority.

** Including the sums payable in respect of the year 1890-91.

†† Including 15,000*l.* in 1888-89, and 10,000*l.* in 1889-90, profits of the River Weaver Navigation paid to the County Authority of Chester by the River Weaver Trustees.

‡‡ Including 3,744*l.* in 1891-92 and 3,293*l.* in 1892-93 received by Police Pension Funds. Of these sums, 3,477*l.* and 2,665*l.* were not carried through the General County Accounts. During the years 1891-92 and 1892-93 large sums were received in respect of the capital payments made under awards of the Local Government Act Commissioners, and in the latter year the receipts by Joint Committees from their constituent authorities were much greater than in the preceding years.

* The total receipts and expenditure of the Visiting Committees of Pauper Lunatic Asylums were published for the year 1889-90 in the Local Taxation Returns for the first time, and this has necessitated an alteration in the above table as to the manner in which the expenditure on Lunatic Asylums during that year and the subsequent years is shown. It will be observed that between 1889-90 and 1890-91 there is a considerable decrease in the amount shown as expended on the maintenance of Lunatics and other expenses connected with Lunatic Asylums in these Accounts. This is to be accounted for by the expenditure appearing in the Accounts of the Visiting Committees of the Asylums.

† The items marked † are shown as expenditure in the Accounts of the Authorities to whom the payments were made, and must be deducted from the total expenditure of the County Authorities to avoid a duplicate reckoning; but the items marked † will, for the same reason, be deducted from the total expenditure of the Authorities receiving the money, as it is considered desirable that these latter items should be excluded from the net expenditure of such Authorities, especially as regards the cost of Main Roads since the 1st April 1889, the whole of which has to be borne by the County Authorities.

TABLE VI.*

ASSESSMENTS and RATES in the £ of Rates Levied.

[In this Table the figures entered against the heading "Police" relate only to Rates levied exclusively for Police Purposes; where the County is divided into Police Districts the Rate in the £ of the General Police Rate is given, and the highest and lowest Rates in the £ of the Special Rates for the various Districts. The letters prefixed to the amounts bracketed against the heading "Other Purposes" in Cols. 2, 4, 6 and 8, indicate the purpose for which the rate was levied. Thus, B., Bridges; C.D., Contagious Diseases (Animals) Acts; F.D., Sale of Food and Drugs Acts; L., Lunatic Asylums; M.R., Main Roads; and W.M., Weights and Measures.]

No. 4.—PAUPER LUNATIC ASYLUM ACCOUNTS.

By the Local Government Act, 1888, the administrative business of the County Justices in respect of the provision, enlargement, maintenance, management, and visitation of, and other dealings with, Pauper Lunatic Asylums was transferred to the County Councils, and the accounts of the Committees of Visitors of such Asylums and their officers, are to be deemed to be accounts of the Council, and are to be subject to audit in the same way as their other accounts. Abstracts of the accounts relating to the Pauper Lunatic Asylums belonging to Boroughs must also now be furnished to the Local Government Board, in pursuance of the provisions of Section 278 of the Lunacy Act, 1890. In consequence of those provisions, it has been possible, from the year 1889-90, to publish in the Local Taxation Returns a complete statement of the accounts of the Visiting Committees of all Pauper Lunatic Asylums.

The Abstract of Accounts, which is published in this part of the Returns, relates to the accounts for the year ended the 31st March 1893 of the Visiting Committees of 33 Asylums, belonging to 37 administrative counties; 16 Asylums, belonging to 23 administrative counties and 26 boroughs combined; and 13 Asylums, belonging to 12 boroughs. It does not, however, include the Asylums belonging to the County of London and to the City of London, the Abstract of Accounts relating to which will be published in Part IV. of the Local Taxation Returns.

The Abstract is divided into three parts:—

Part I. shows the sums received and expended in respect of the Maintenance Accounts, and this includes the actual sums received and expended in connection with the farms and gardens of the Asylums.

Part II. shows the sums received and expended in respect of the Building and Repairs Fund Accounts.

Part III. relates to the Farming and Gardening Accounts, and gives full particulars of the sums actually received and expended (which have already appeared as a total in the Maintenance Accounts), and also the estimated value of the goods or produce supplied from the farms and gardens to the Asylums.

It appears that the total receipts of the Visiting Committees, during the year ended the 31st March 1893, amounted to 1,454,940*l.*, and comprised the following items:—

Receipts from, and expenditure out of, loans.

The Visiting Committees received a sum of 41,302*l.* during the year in respect of the Building and Repairs Fund Accounts from loans raised by the County and Borough Councils to whom the Asylums belonged, and they expended a sum of 42,486*l.* from, or in anticipation of, loans raised by these Authorities. These sums, as well as further sums raised by the County and Borough Councils for the purposes of Lunatic Asylums, and expended directly by themselves instead of being paid over to the Visiting Committees, are shown in the accounts of the Councils of the Counties and Boroughs, together with the total outstanding balances of the loans raised for these purposes.

* See note † on page xxv.

† These transfers are omitted from the total of the Building and Repairs Fund Accounts, as they have been already shown as receipts in the Maintenance Accounts.

‡ These transfers are omitted from the total of the Maintenance Accounts, as they are shown as expenditure in the Building and Repairs Fund Accounts.

§ The payments to other Local Authorities must be deducted from the total expenditure of the Visiting Committees to avoid a duplicate reckoning, as the sums so paid will be included in the expenditure of the Authorities receiving the same. The sums paid by guardians of unions and parishes, by treasurers of counties and boroughs, and by treasurers of other asylums, for maintenance of patients, and by guardians and treasurers of counties and boroughs for funerals and removals, amounting to 1,185,894*l.*, must also be deducted from the total expenditure of the Visiting Committees, to avoid a duplicate reckoning.

As has been already stated, the cash receipts and expenditure in respect of the Farming and Gardening Accounts have been included in the Maintenance Accounts, and it is not therefore necessary, in order to arrive at the total receipts and expenditure of the Visiting Committees, to include the items shown by the former accounts. It may, however, be mentioned that the total receipts shown by these accounts, namely, 139,885*l.*, include 21,495*l.* received from the sale of farm and garden produce; 117,937*l.*, the estimated value of the produce supplied to the Asylums, and 403*l.* in respect of other receipts. The total expenditure included in the accounts is 109,236*l.*, which comprises 1,848*l.* for rates, insurance, taxes, &c.; 2,996*l.* for rent of land; 98,643*l.* for labour, provender, seeds, and manure, and stock bought, and 5,749*l.*, other payments.

Items in Farming and Gardening Accounts.

The following Tables enable a comparison to be made between the receipts and expenditure of the Visiting Committees, other than in respect of monies raised from Loans, during 1892-93 and the three preceding years.

It will be observed that the sums shown as received from the treasurers of other Asylums for the maintenance of patients, considerably exceed the sums shown as paid to the treasurers of other Asylums on that account. This is due to the fact that the sums received from the Visiting Committee of the Asylums belonging to the London County Council, for the maintenance of lunatics in Asylums belonging to other County Councils, are accounted for in this Return, whilst the payments are shown in the accounts of the Visiting Committee referred to, which are published, as already stated, in Part IV. of the Local Taxation Returns.

PART III.

MEMORANDUM.

PART III. of the Local Taxation Returns for the financial year 1892-93 contains Abstracts of the Returns made by Town Councils acting as Municipal and Urban Sanitary Authorities, by Local Boards and Improvement Commissioners, Joint Boards, Rural Sanitary Authorities, Port Sanitary Authorities, Burial Boards, Commissioners of Baths and Washhouses, Conservators of Commons, Commissioners of Free Public Libraries, Lighting and Watching Inspectors, Commissioners of Markets and Fairs, and Bridge and Ferry Trustees.

No. 5.—MUNICIPAL BOROUGH ACCOUNTS.*

These Accounts are divided into three Parts, the first of which contains the Exchequer Contribution Accounts of County Boroughs; the second, the other Accounts of County Boroughs; and the third, the Accounts of Municipal Boroughs other than County Boroughs.

Town Councils as
Municipal Author-
ities.

The receipts and expenditure of Town Councils acting as Urban Sanitary Authorities and Burial Boards are given separately in this part of the Local Taxation Returns under the heads of "Borough Urban Sanitary Accounts" and "Burial Board Accounts."

In some cases undertakings which, under the general law, are carried on by a Town Council in their capacity of Urban Sanitary Authority, are vested in the Corporation as the Municipal Authority, by virtue of special provisions in their charter or in Local Acts. For the sake of uniformity, the receipts and expenditure in respect of these undertakings have been entered in the Returns of the Town Councils acting as Urban Sanitary Authorities, and not in their Returns as Municipal Authorities, in all but a few exceptional cases where it has not been found practicable to adopt this course. The same course has been adopted, so far as has been practicable, with respect to the loans for these purposes.

The expenses of the Town Council acting as the Urban Sanitary Authority or as a Burial Board have, in some instances, been partly defrayed out of the Borough Fund. Where this has necessitated the raising of a larger amount than would otherwise have been required to be raised by means of the Borough Rate, the Town Clerk has been directed to exclude from the Municipal Borough Returns the amounts raised by the Town Council acting as the Urban Sanitary Authority or the Burial Board, and to include these amounts in the Borough Urban Sanitary Returns or Burial Board Returns, as the case may be. Where no additional rate has been required for these purposes, and any amount has been paid from the Borough Fund to the Urban Sanitary Authority, or to the Burial Board, the amount so transferred from the Borough Fund has been directed to be included in the Borough Urban Sanitary Returns or Burial Board Returns, as the case may be; but as these amounts have appeared as receipts in the Municipal Borough Returns, they are subsequently deducted from the receipts of the Urban Sanitary Authorities or Burial Boards to avoid a duplicate reckoning.

The

The large increase in the total receipts and expenditure of the Municipal Authorities since the year 1888-89, shown in these accounts, is principally due to the operation of the Local Government Act, 1888, under which the Town Councils of those Boroughs which have been made County Boroughs have had transferred to them considerable sums from the Local Taxation Account, for the purpose of distribution to other Local Authorities in lieu of the Parliamentary Grants which were discontinued under the provisions of the Act, and also in respect of the new grant to Boards of Guardians in aid of the cost of their officers, &c.

The number of Boroughs, exclusive of the City of London, in existence at the end of the year 1892-93 was 302*, of which 64 were County Boroughs. Of the County Boroughs, 46, and of the other Boroughs, 59, had separate Courts of Quarter Sessions.

Receipts
other than
from Loans.

The receipts (exclusive of Loans) of the Town Councils acting as Municipal Authorities in the County Boroughs amounted during the year to 4,489,189*l.*, and in the other Municipal Boroughs to 890,820*l.*, making a total of 5,380,009*l.*, which is made up of the following items:—

Payments to other Authorities, and transfers.

It will be observed that the payments out of the Exchequer Contribution Account to other Local Authorities, and from other Accounts in respect of contributions to School Boards, payments to other Authorities, and transfers from Borough Fund to Accounts of the Town Council as Urban Sanitary Authority or Burial Board, amounted to 2,023,430*l*.

Under

* Under Sections 4 and 57 of the Prisons Act, 1877, the expenses of maintenance, &c., of prisoners are required to be defrayed out of moneys provided by Parliament. It would appear, however, from the Returns that expenditure is still incurred by Town Councils for these purposes, and that the amounts thus expended are subsequently recovered from the Treasury.

† These items, shown as expenditure in the accounts of the Authorities to whom the payments or transfers were made, must be deducted from the total expenditure of the Municipal Authorities to avoid a duplicate reckoning.

‡ Including 4,051*l*, 17,168*l*, and 9,763*l*. on account of the Sale of Food and Drugs Acts, Weights and Measures, and Education, respectively.

§ Including 522*l*, 2,354*l*, 3,034*l*. and 35*l*. on account of the Sale of Food and Drugs Acts, Education, Weights and Measures, and Sea Defences, respectively.

|| Including 1,505*l*. for principal, and 4,485*l*. for interest in the case of County Boroughs, and 1,179*l*. for principal, and 909*l*. for interest, in the case of other Boroughs, paid to Police Pension Funds in respect of monies borrowed by Town Councils from those funds.

Under the provisions of the Police Act, 1890, which came into force on the 1st April 1891, many of the items of receipt on account of Police Superannuation have been paid direct to the Pension Funds instead of being passed through the other Borough Accounts, as was the general rule previous to the year 1891-92. The accounts of the Police Pension Funds are therefore printed separately from the other Borough Accounts. In 58 out of the 64 County Boroughs, and in 66 out of the 238 other Boroughs, there were separate police forces during the year, and consequently Police Pension Funds.

The gross receipts of the Funds amounted during the year to 158,391*l.* in County Boroughs, and 36,396*l.* in other Boroughs, making a total of 194,787*l.*, which comprised the following items:—

The sums in Sinking Funds set aside for the repayment of so much of the Loans of Municipal Authorities as is repayable by means of Sinking Funds amounted at the close of the year to 294,908*l.* in the case of County Boroughs, and 39,312*l.* in the case of other Boroughs. The amount which had been taken out of the Funds during the year, and applied to the repayment of principal, was 51,589*l.* in the former and 16,017*l.* in the latter case.

The population and assessable value of each Borough are given in the Returns, together with the rate in the *£.* of the Borough Rate, so far as that rate was applied to the purposes of the Town Council as the Municipal Authority, including their contributions for the purposes of the Borough School Boards. In some cases one or more rates besides the Borough Rate are levied in part or in the whole of the Borough, and notes are appended to the Return in such cases.

According to the Census of 1891 the population of the 64 County Boroughs was 7,588,536, and the population of the 238 other Boroughs, 3,352,307, making a total population of 10,940,843. The assessable value of the County Boroughs for the purposes of the Borough Rate was 32,662,864*l.* and that of the other Boroughs, 13,781,771*l.*, making a total assessable value of 46,444,635*l.*

The total amount of rates raised during the year was equivalent to 1*s.* 3*9d.* in the *£.*, including 7*4d.* in the *£.* for contributions to School Boards, in County Boroughs, and 8*8d.* in the *£.*, including 2*7d.* in the *£.* for contributions to School Boards in other Boroughs, these average rates in the *£.* being calculated on the aggregate assessable value of each of the two classes of Boroughs for the purposes of the Borough Rate. In the years 1891–92 and 1890–91 the average rates in the *£.* of the Rates in County Boroughs were 1*s.* 2*9d.* and 1*s.* 2*2d.*, including 6*6d.* and 6*3d.* for School Boards, and 8*6d.* and 8*3d.* in other Boroughs, including 2*6d.* in each year for School Boards.

The

* Including 19,598*l.* for Schools, 57,610*l.* for University Buildings, 3,009,000*l.* for the Manchester Ship Canal, and 100,000*l.* in respect of subscription to Hull and Barnsley Railway.

† Including 20,688*l.* for Sea Defences.

Comparative Tables. The following Tables enable comparison to be made of the receipts, expenditure, and outstanding Loans of Town Councils acting as Municipal Authorities for the year 1892-93 with those for the four preceding years. It must be borne in mind that the comparison is affected by the provisions of the Local Government Act, 1888, and by the formation of new and the extension of old Boroughs:—

† The total receipts and expenditure of the Visiting Committees of Pauper Lunatic Asylums were published for the year 1889-90 in the Local Taxation Returns for the first time, and this has necessitated an alteration in the above table as to the manner in which the expenditure on Lunatic Asylums during that year and subsequent years is shown. It will be observed that there is a considerable decrease in the amount shown as expended on the maintenance of Lunatics and other expenses connected with Lunatic Asylums in these accounts, but the difference appears as expenditure in the accounts of the Visiting Committees of the Asylums.

‡ These items, shown as expenditure in the accounts of the Authorities to whom the payments or transfers were made must be deducted from the total expenditure of the Municipal Authorities to avoid a duplicate reckoning.

No. 6.—BOROUGH URBAN SANITARY ACCOUNTS. ||

Town
Councils as
Urban
Sanitary
Authorities.

The Accounts of the Town Councils acting as Urban Sanitary Authorities are divided into two parts, so as to show in the same manner as in the Municipal Accounts the receipts and expenditure of the Urban Sanitary Authorities in County Boroughs separate from those in other Municipal Boroughs.

Of the 302 ¶ Town Councils whose receipts and expenditure as Municipal Authorities appear in the Municipal Borough Accounts, 301 acted as Urban Sanitary Authorities during the whole or a portion of the financial year 1892-93**. The financial transactions which are recorded in the Borough Urban Sanitary Accounts are of much greater magnitude than those which appear in the Municipal Borough Accounts, and it will be observed that in the 64 County Boroughs the receipts and expenditure of the Urban Sanitary Authorities are considerably more than three times as great as those of the same authorities in the other 237 boroughs. In estimating the effect of these transactions on the local taxation of the year, it should be borne in mind that although a considerable portion of the expenditure was defrayed out of the public rates for purposes of the public health and town improvements, a large portion was reproductive, having been incurred in respect of undertakings which were in some instances wholly or partly self-supporting, and which in others, besides paying their expenses, resulted in pecuniary profit to the ratepayers. The most important of these undertakings were water works, gas works, and markets, and from each of these descriptions of property very large receipts were obtained during the year. Another considerable item of expenditure included in these Returns is the cost of works of private improvement, which are undertaken by Sanitary Authorities on behalf of individuals who are responsible for the repayment of the expenses thus incurred, and which, as a general rule, should impose no burden on the ratepayers at large. The amounts recovered during the year from owners and occupiers in respect of these works were very considerable. In addition to the receipts above referred to, there are included in these Returns receipts from tramways, sewage farms, baths and washhouses, slaughter-houses, hospitals, fire brigades, electric lighting undertakings, and cemeteries provided under the Public Health (Interments) Act, 1879, or under Local Acts in cases where the Sanitary Authority have not been constituted a Burial Board under the Burial Acts.

* As has been already pointed out, some of these amounts include receipts derived from undertakings which belong to the Town Council as the Municipal Authority, the transfer to these Returns being made for the sake of uniformity (see page iii).

† So far as can be ascertained from the Returns, the receipts in respect of water works included 971,742*l.* in County Boroughs and 271,511*l.* in other Boroughs from water rates, rents, or charges for domestic purposes, and the receipts in respect of gas works included 2,509,929*l.* in County Boroughs and 595,388*l.* in other Boroughs from gas rentals, and 646,581*l.* in County Boroughs and 161,299*l.* in other Boroughs from the sale of residual products.

‡ The amount entered under the head of "Waterworks" includes 42*l.* received from the War Department, and the amount entered under the head of "Other Receipts" includes 81*l.* received from Her Majesty's Treasury.

§ Including 725*l.* in County Boroughs and 6,244*l.* in other Boroughs from Pier, Dock, and Quay Dues, and 8,436*l.* in other Boroughs from Coal Dues.

¶ Provided under the Public Health (Interments) Act, 1879, or under Local Acts in cases where the Sanitary Authority have not been constituted a Burial Board under the Burial Acts.

¶ Including 49,181*l.* in County Boroughs and 13,815*l.* in other Boroughs from Private Improvement Rates.

** Including 1,906*l.* in respect of Dwellings for the Labouring Classes under Section 76 of the Huddersfield Improvement Act, 1880, and 3,914*l.* in respect of Artizans' Dwellings under the Liverpool Sanitary Act, 1846.

†† These receipts and transfers are shown separately because the amounts are also included in the Municipal Borough Accounts and the Accounts of other Local Authorities.

‡‡ Including 190,533*l.* for Main Roads under Section 11 (2) and (4) of the Local Government Act, 1888; and 12,088*l.* for highways and foot-paths not being main roads under Sub-section (10) of the same Section.

From the foregoing figures it will be seen that the receipts from reproductive undertakings, and in respect of private improvement works, were considerably in excess of the whole of the other revenue receipts of the Town Councils acting as Urban Sanitary Authorities, and that they amounted to nearly half as much again as the whole of the public rates raised by those Authorities during the year.

The expenditure which appears in these Returns (excluding that defrayed out of loans) amounted to 11,043,070*l.* in County Boroughs, and 3,505,630*l.* in other Boroughs, making a total expenditure of 14,548,700*l.*, which is divisible as follows:—

† Including 1,189,680 £., unapportioned loans, owing at Leeds for markets, private improvement works, street improvements, cemetery, public lighting, and fire brigade; 315,128 £. for the prevention of floods at Leicester; 180,034 £. for the improvement of insanitary property at Liverpool; 2,540 £. in respect of unhealthy dwellings at Brighton; 194,915 £. for night-soil removal works at Manchester; 150,597 £. for Public Offices and Buildings; 29,000 £. under Section 76 of the Huddersfield Improvement Act, 1880; 127,356 £. under the Liverpool Sanitary Act, 1846, in respect of Artizans' Dwellings; and 3,000 £. under the Labouring Classes Lodging Houses Act, 1851.

‡ Including 21,337 £. for Public Offices and Buildings.

1170

As regards the sum of 3,933,171 *l.*, entered above in respect of "Other purposes," it should be stated that it includes a large amount in respect of loans which have been raised partly for some of the works specifically enumerated above, but which it has not been found practicable to apportion properly between those works and other purposes.

It will be seen from the above figures that a very large proportion of the outstanding debt of Town Councils acting as Urban Sanitary Authorities has been incurred in respect of the reproductive undertakings mentioned on page xiv, as having produced large receipts during the year. The loans outstanding in respect of water works, gas works, markets, tramways, baths and washhouses, and private improvement works, of themselves amounted to 56,381,829 *l.*, without including any of the sums raised for those purposes, which are, for the reason already stated, comprised in the loans for "Other purposes."

The sums remaining in sinking funds at the end of the year, to provide for the repayment of the portion of this debt which is repayable by means of a sinking fund, amounted to 3,830,737 *l.*, in County Boroughs, and 488,311 *l.* in other Boroughs, whilst 447,525 *l.* in the former case, and 147,156 *l.* in the latter case, had been taken out of the funds during the year and applied to the repayment of principal. Sinking Funds.

The assessable value of the Boroughs for the purposes of the rates out of which the general expenses of the Town Councils as the Urban Sanitary Authorities were defrayed was 30,706,819 *l.* in County Boroughs, and 12,146,065 *l.* in other Boroughs, making a total assessable value of 42,852,884 *l.* Assessable value.

The Return shows the rate in the *£.* of the general district rate. Where no general district rate was levied, and a portion of the borough rate was applied during the year to the purposes of the Urban Sanitary Authority, or any other rate was levied for these purposes, the rate in the *£.* of the borough rate so applied, or of the other rates so levied, is given in the Return, with an explanatory note. Where any rate was levied over a part or the whole of the district for special purposes, in addition to the general district rate, a note to this effect is entered in the Return. Rate in the *£.*

The total amount of the public rates received by Town Councils acting as Urban Sanitary Authorities during the year, namely, 4,074,899 *l.* in County Boroughs, and 1,486,374 *l.* in other Boroughs, is equivalent to 2 *s.* 7 *d.* in the *£.* in the former case, and 2 *s.* 5 *d.* in the *£.* in the latter case, on the above assessable values. In the years 1891-92 and 1890-91 the average rates in the *£.* of the rates raised by Town Councils as Urban Sanitary Authorities were 2 *s.* 6 *d.* and 2 *s.* 5 *d.* in County Boroughs, and 2 *s.* 6 *d.* and 2 *s.* 4 *d.* in other Boroughs.

The following Tables enable comparison to be made between the receipts, expenditure, and outstanding loans of the Borough Urban Sanitary Authorities for the year 1892-93 and the four preceding years. As in the case of the Municipal Borough Accounts, the comparison is to some extent affected by the formation of new, and the extension of old, Boroughs :— Comparative Tables.

No. 7.—OTHER URBAN SANITARY ACCOUNTS. ||

Local
Boards and
Improvement
Commissioners.

THE Urban Sanitary Authorities of England and Wales, other than Town Councils, during the year ended the 25th of March 1893, were 723¶ in number, of whom 692 were Local Boards, and 31 were Improvement Commissioners constituted under Local Acts. The receipts and expenditure of each of these Authorities during the year will be found at pages 116 to 153; their Loan transactions are given separately at pages 154 to 193. The Returns are summarised as regards each county, at pages 194 to 201.

The financial transactions of these Authorities resemble those of the Town Councils, which are recorded in the Borough Urban Sanitary Accounts, though they are, generally speaking, on a smaller scale. As in the case of Town Councils, a considerable portion of them relate to water, gas, and market undertakings, and works of private improvement; and as regards these the same remarks apply as to their bearing on the Local Taxation of the year. The Returns of these Sanitary Authorities, like the Returns of the Borough Sanitary Authorities, also include receipts from sewage farms, baths and washhouses, slaughter-houses, hospitals, fire brigades, and cemeteries provided under the Public Health (Interments) Act, 1879. The aggregate of the receipts, which appear in these

Accounts

* See Note || on page xv.

† As to the loans included under this heading, see Notes † and ‡ on page xviii.

‡ Including 180,377 l. in 1888-89, 252,207 l. in 1889-90, 557,617 l. in 1890-91, and 151,212 l. in 1891-92, the outstanding loans of certain new Boroughs which appeared in these years respectively for the first time.

§ Including the balances outstanding in respect of the following sums, viz., 686,803 l. transferred from the accounts of five Local Government Districts incorporated as boroughs during the year, and which appeared this year for the first time; 25,821 l. taken over on the extension of certain Boroughs, and 1,654 l. transferred from Municipal Accounts to Sanitary Accounts; also 19,102 l. increase in capitalised value of Warrington Borough Gas annuities, 2,420 l. increase on issue of stock to replace loans, 15,126 l. discount on issue of stock, and 100 l. omitted in error from previous Returns; and excluding 27,941 l. transferred to Municipal Accounts from Sanitary Accounts, 5,403 l. premiums on issue of stock, and 15,855 l. included in error in previous Returns.

¶ See pages 115 to 201.

¶ This number includes eleven new Local Government Districts formed during the year, seven Local Government Districts in which the Councils of Boroughs became the Urban Sanitary Authorities before the end of the year, and two Local Government Districts which were amalgamated into one during the year, but excludes the Woolwich Local Board of Health, whose receipts and expenditure for the purposes of the Local Taxation Returns are included with those of the Metropolitan Vestries and District Boards. Eight Local Government Districts, and one Improvement Act District, the names of which appeared in the Returns for the year ended 25th March 1892, do not appear in the Returns for the year ended 25th March 1893, having been incorporated as Municipal Boroughs during the former year, while two Local Government Districts were amalgamated into one during that year.

Accounts as derived from the above sources, is considerable; but it bears a much smaller proportion to the total receipts of the Authorities than the corresponding items in the Borough Urban Sanitary Accounts.

The total receipts, excluding loans, of Local Boards and Improvement Commissioners amounted during the year to 4,255,482*l*. The receipts of these Authorities included contributions from County Councils under the provisions of the Local Government Act, 1888, in lieu of the Parliamentary Grants which previous to that Act coming into force had been made in aid of the salaries of medical officers of health and inspectors of nuisances. The following were the several items of receipt:—

† Including 91,808 $\frac{1}{2}$ for sea defences.

The sum of 646,407*l.*, stated above to have been raised for "Other purposes," includes, as in the case of the corresponding entry in the Returns of the Borough Urban Sanitary Authorities, several Loans which have been raised partly for some of the works specifically enumerated above, but which it has not been found practicable to apportion properly among the several purposes for which they have been raised.

It will be observed that, of the outstanding Loans of these Sanitary Authorities, a larger amount was owing in respect of Works of Sewerage and Sewage Disposal than for any other purpose.

The amount which remained at the end of the year in the Sinking Funds provided for the repayment of that portion of the Loans which is repayable by this means was 298,051*l.*, partly invested and partly uninvested. The amount taken out of the invested funds during the year and applied to the repayment of principal was 18,557*l.*

The assessable value of these Urban Sanitary Districts for the purpose of the General District Rates, or other rates out of which the general expenses of the Authorities were defrayed, was 20,462,444*l.*

The Return shows the rate in the *£.* of the General District Rate. In a few exceptional cases no General District Rate was levied, and in these cases the rate in the *£.* of the rate levied by the Sanitary Authority for their general purposes has been given with an explanatory note. As regards Improvement Commissioners there are some Districts in which, under the Local Acts in force, an Improvement, Paving, or Lighting Rate has been levied, as well as the General District Rate. In these cases the rate in the *£.* of the General District Rate only has been given. In some cases, in addition to the rates for general purposes, one or more rates are levied in part or in the whole of the District, and these cases are noted in the Return, although it has not been found practicable to give the rate in the *£.* of these rates.

The total amount of the various public rates received during the year by these Authorities, namely, 2,492,527*l.*, is equivalent to 2*s.* 5*d.* in the *£.* on the above assessable value. In the years 1891-92 and 1890-91 the average rate in the *£.* of the Rates received by these Authorities was 2*s.* 4*d.* and 2*s.* 4*d.*

The following Tables enable comparison to be made between the transactions of these Authorities during the year 1892-93 and the four preceding years. It must, however, be borne in mind that the comparison is to some extent affected by the formation of new Local Boards, the incorporation of Boroughs consisting of Local Government and Improvement Act Districts, and the absorption of Local Government Districts into Boroughs. It will be observed that the sums paid by the County Councils for the maintenance of Main Roads in these Urban Districts, and as contributions towards Highways and Footpaths not being Main Roads, have considerably increased year by year since 1889-90.

§ It must be borne in mind that the larger proportion of the current expenditure in respect of Tramways consists of payments of principal and interest on account of loans raised for Tramway purposes. In many cases there is no other current expenditure, as the Local Authorities let the Tramways, and in some cases part of the expenditure is probably entered under the head of Salaries, Establishment Charges, and Other Payments.

§ Excluding 801,689*l.*, the outstanding Loans of the seven Local Government Districts incorporated as Municipal Boroughs, but including 11,067*l.*, the outstanding Loans of five Rural Sanitary Authorities, taken over by Local Boards during the year.

No. 8.—ACCOUNTS OF JOINT BOARDS.*

IN several instances combinations of Sanitary Authorities have been established under the Public Health Act, 1875, and under Local Acts, for the purpose of carrying on undertakings or works for the common benefit of two or more Sanitary Districts or parts of such Districts. In these cases united Districts have been formed subject to the jurisdiction of Joint Boards or Joint Committees, consisting of representative members of the constituent Sanitary Authorities. These united Districts may be formed by Provisional Orders under Section 279 of the Public Health Act, 1875, for any of the purposes of that Act; and the purposes for which they have at present been set up under that section are the making of main sewers and sewage disposal works, and the provision of hospitals and cemeteries, and in one case of a common water supply. Joint Committees have also been formed by Provisional Order under Section 14 (3) of the Local Government Act, 1888, for the purpose of enforcing the Rivers Pollution Prevention Act, 1876. Under Local Acts, also, Joint Boards and Joint Committees have been constituted in several cases for the purpose of acquiring and carrying on water undertakings for the common benefit of two or more Districts, and in two cases bridge undertakings. A list of these Joint Authorities, with an account of their receipts, expenditure, and loan transactions for the financial year 1892-93, will be found at pages 204 to 209.† It comprises 13 Boards formed for the purpose of carrying out systems of main sewerage and sewage disposal, one Committee for the management of a sewage farm, 17 Joint Hospital Boards, one Committee for the provision of cemeteries, six Committees or Boards carrying on water undertakings, two Committees for the provision of bridges and approaches thereto, and two Committees for dealing with Rivers Pollution.

Purposes for which Joint Boards have been formed.

Three Joint Hospital Boards, one Sewerage Board, and one Bridge Committee were formed, and two Sewerage Boards were dissolved during the year.

In addition to the Joint Boards above enumerated certain other Joint Boards have been constituted Port Sanitary Authorities under the provisions of the Public Health Act, 1875. The Accounts of these Authorities are included with the Accounts of all other Port Sanitary Authorities in a separate Return, see page 267.

The expenses of the Joint Authorities, so far as they are defrayed out of rates, are for the most part met by contributions raised by way of precept from the Constituent Sanitary Authorities. These contributions amounted, during the year, to 111,499*l*. Only one of the Joint Authorities, namely, the Wisbech and Walsoken Main Sewerage Board, levied a separate rate during the year. In some cases the expenditure of the Joint Authorities on capital account is defrayed out of moneys raised on loan by the Constituent Sanitary Authorities; and as in these cases the amounts appear in the loan transactions of those Authorities, they are excluded from the present Accounts. In some of these cases considerable amounts have been paid by the Joint Authorities out of their water revenue to the Constituent Sanitary Authorities, by whom they have been expended mainly in discharge of the principal or interest of their loans. The sums thus paid amounted, during the year, to 67,846*l*.

Contributions from Constituent Authorities.

The

* See pages 203 to 209.

† The year, except in the cases of the Birmingham, Tame, and Rea District Drainage Board, and the Stockton and Middlesbrough Water Board, ended on the 25th or 31st of March 1893. As regards the first-named Board, the year ended on the 31st of December 1892, and as regards the latter the year ended on the 14th February 1893.

† These receipts and payments are shown separately, because the amounts are also included in the accounts of the Authorities from whom or to whom they were respectively received or paid.

The above expenditure includes 46,008 *l.* on account of interest on loans; 20,351 *l.* on account of principal; and 1,701 *l.* on account of payments to sinking funds.

The loans raised by the Joint Authorities during the year amounted to 28,387 *l.*, viz., Loans.
for Sewerage Works, 9,900 *l.*, for Hospitals, 4,487 *l.*, and for Waterworks, 14,000 *l.*,
and the expenditure out of loans was 49,739 *l.*, of which 27,252 *l.* was spent on
Sewerage and Sewage Disposal Works, 11,292 *l.* on Hospitals, and 11,195 *l.* on Water-
works. The outstanding loans of the Joint Authorities at the end of the year (exclusive
of the loans raised by the Constituent Authorities) amounted to 1,274,192 *l.*, being
1,165,903 *l.* for Sewerage and Sewage Disposal, 43,694 *l.* for Waterworks, 56,420 *l.* for
Hospitals, and 8,175 *l.* for Cemeteries.

The sums remaining in sinking funds at the end of the year to provide for the repay- Sinking Funds.
ment of a portion of this debt amounted only to 1,906 *l.*

The amount taken out of the funds during the year, and applied to the repayment of
principal, was 1,636 *l.*

No. 9.—ACCOUNTS OF RURAL SANITARY AUTHORITIES.*

IN 574 of the 648 Unions and Parishes in England and Wales under separate Boards of Guardians, the Guardians, during the year ended the 25th of March 1893 were the Rural Sanitary Authority for such parts of the Union as were not comprised in any Urban Sanitary District, and in the Isles of Scilly the Council of the Isles of Scilly were the Rural Sanitary Authority. In 43 Unions the Rural Sanitary Authorities were also the Highway Authorities, but their receipts and expenditure in this capacity have been excluded from these Accounts, and will, as usual, be given, together with the receipts and expenditure of other Highway Authorities in Rural Districts, in Part VI. of the Local Taxation Returns, in order that all the transactions relating to highways in such Districts may appear in one and the same Return.

Rural Sanitary Authorities.

The total receipts of the Rural Sanitary Authorities, exclusive of loans and sums received on account of highways, amounted in the year to 603,376 *l.*, of which no less than 466,568 *l.* consisted of contributions out of rates from the overseers. The receipts were made up as follows:—

The greater part of the loans of Rural Sanitary Authorities is repayable by instalments. The provision made by means of sinking funds for the repayment of the above debt amounted to 1,280 *l.* only.

The rateable value of the Rural Sanitary Districts on which the contributions of the overseers towards general expenses were calculated amounted to 53,609,284 *l.*, as compared with 53,612,215 *l.* in the preceding year.

The following Tables enable comparison to be made between the receipts, expenditure, and loan transactions of the Rural Sanitary Authorities for the year 1892-93 and the four preceding years. The comparison is, to some extent, affected by the fact that the area under the jurisdiction of the Rural Sanitary Authorities is constantly diminishing by the formation and extension of Urban Sanitary Districts.

* Provided under the Public Health (Interments) Act, 1879.

† Excluding 33,948 *l.* transferred during the year to the accounts of Urban Sanitary Authorities.

No. 10.—PORT SANITARY ACCOUNTS. ‡

DURING the financial year 1892-93 there were 58§ Port Sanitary Authorities in England and Wales, including the Corporation of London, who are the Port Sanitary Authority for the Port of London, and whose expenditure in that capacity was almost exclusively defrayed out of the City's Estate. The other Port Sanitary Authorities were either Sanitary Authorities or Joint Boards consisting of representative members of the Riparian Sanitary Authorities. Their expenditure was for the most part defrayed out of contributions from Sanitary Authorities whose districts abut on the various Ports, supplemented by grants from County and County Borough Councils under the provisions of the Local Government Act, 1888, in lieu of the discontinued Parliamentary Grants in respect of the salaries of Medical Officers of Health and Inspectors of Nuisances, and other miscellaneous receipts.

The

° Provided under the Public Health (Interments) Act, 1879.

† Excluding 33,948*l.* outstanding loans transferred during the year to the accounts of Urban Sanitary Authorities.

‡ See pages 267 to 271.

§ In two of these cases there had been neither receipts nor expenditure by the Authorities during the year.

The contributions from the Riparian Sanitary Authorities have, it should be observed, been shown in the statements of the expenditure of Urban and Rural Sanitary Authorities, as payments to other Local Authorities.

Receipts other than
from Loans.

The total receipts of Port Sanitary Authorities (excluding loans) amounted to 23,927 £., comprising the following items:—

	£.
Contributions from the Riparian Authorities * - - - -	17,130
Other Receipts (exclusive of the undermentioned receipts) -	† 5,410
	<u>22,540</u>

Receipts from other Local Authorities ‡ - - - -	165
TOTAL - - - -	£. 23,927

Expenditure not
defrayed out of
Loans.

The total expenditure of Port Sanitary Authorities (excluding loans) amounted to 24,636 £., and consisted of the following items, viz.:—

Hospitals:	£.	£.
Cost of Land and Buildings, Repairs, &c. - - - -	4,876	
Maintenance of Patients - - - - -	1,281	
Other Expenses - - - - -	3,407	
		<u>9,564</u>
Cost of removing Nuisances and disinfecting Ships - - - -		409
Salaries and remuneration of Officers and Assistants - - - -		9,186
Establishment Charges - - - - -		1,598
Loans:	£.	
Principal Repaid - - - - -	630	
Interest - - - - -	309	
		<u>939</u>
Other Payments (exclusive of Payments to other Local Authorities) -		2,580
		<u>24,276</u>
Payments to other Local Authorities ‡ - - - - -		360
TOTAL - - - -	£. 24,636	

There has been a large increase both in the receipts and expenditure during the year, as compared with previous years, the contributions from Riparian Authorities having been nearly double those of the preceding year. The chief item of increase in expenditure was the cost of Land and Buildings for Hospitals.

Loans.

No Port Sanitary Authority had any receipts from or expenditure out of loans during the year; but the Port Sanitary Authority of Bristol expended 900 £. in anticipation of a loan. The loans outstanding at the close of the year amounted to 8,262 £., of which 124 £. was owing by the Hartlepool Port Sanitary Authority, 513 £. by the Wisbech Port Sanitary Authority, 450 £. by the Tees Port Sanitary Authority, 3,025 £. by the Weymouth Port Sanitary Authority, and 4,150 £. by the Tyne River Port Sanitary Authority; of the total amount, 7,688 £. was due in respect of loans for the construction of Hospitals.

The

* Under the head of Contributions from Riparian Authorities are included the sums received from the general district rate or borough rate by the Port Authority where the expenses are wholly borne by one Sanitary Authority.

† Including 4,521 £. transferred from the City's Estate to meet the expenditure in respect of the Port of London. In order to avoid a duplicate reckoning this transfer is deducted in Part IV. of the Local Taxation Returns from the receipts and expenditure shown in the accounts of the Corporation of London.

‡ These receipts and payments are shown separately, because the amounts are also included in the accounts of the Authorities from whom or to whom they were respectively received or paid.

The following Tables enable comparison to be made between the receipts and expenditure of Port Sanitary Authorities during the year 1892-93 and the four preceding years:—

No. 11.—BURIAL BOARD ACCOUNTS.*

Burial Boards.

THESE accounts relate to the receipts, expenditure, and loan transactions of 1,020† Burial Boards, of which 83 are Town Councils of Boroughs, 56 are Local Boards, and one is a Board of Improvement Commissioners. Besides these, returns showing no financial transactions were received from 29 Burial Boards, of which one is a Local Board. For the parishes in the City of London the Commissioners of Sewers are the Burial Board. In this case, and where the Burial Board is a Town Council or a Local Board, or a body of Improvement Commissioners, the receipts and expenditure are included in these accounts, and not in the accounts of the Commissioners of Sewers of the City of London or the Borough or other Urban Sanitary accounts, in order that the whole of the financial transactions of local authorities under the Burial Acts may appear in one and the same Return.

Receipts other than from Loans.

The total receipts of Burial Boards, exclusive of loans, amounted during the financial year 1892–93 to 462,158 £. This sum comprised the following items:—

	£.	£.
Poor Rate - - - - -	117,599

Rate in the £.

It will be seen from the foregoing figures that considerably less than half of the receipts of Burial Boards are derived from the rates, and that the undertakings are to a considerable extent self-supporting. A column in the Abstract of the Accounts has been provided to show the rate in the £. of the Burial Rate, where a separate Burial Rate has been raised by Burial Boards, and the rate in the £. of the portion of the Borough Rate, General District Rate, or Improvement Rate appropriated to Burial Board purposes, where the Town Council, Local Board, or Improvement Commissioners are the Burial Board; but where a contribution from the Poor Rate is made towards the expenses of the Burial Board, the rate in the £. represented by such contribution is not shown in the accounts of the Burial Board.

Expenditure not defrayed out of Loans.

The expenditure of Burial Boards during the year, so far as it was not defrayed out of loans, amounted to 468,434 £.; it comprised the following items:—

	£.
Burial Grounds and Buildings - - - - -	149,309

† Returns were received for the first time from 21 Burial Boards. Of these 12 are entered in the Summary as "Nil Returns." Four Burial Boards ceased to exist. See also Note (a) on page 316 of the Burial Board Accounts as to the receipts and expenditure of the Atherton Local Board acting as a Burial Board. This Board is not counted as a Burial Board in the above totals.

‡ The amount received from the Poor Rate has already appeared in the Poor Rate Return.
§ These items are shown separately, because the amounts which were invested have previously been included as receipts, and the amounts received from or paid to other Local Authorities are also included in the accounts of the Authorities from whom, or to whom, they were respectively received or paid.

The new loans raised by Burial Boards during the year amounted to 98,174*l.*; the expenditure out of loans was 75,816*l.*; and the outstanding loans at the end of the year were 2,204,352*l.* The amount remaining in the sinking funds provided for the repayment of the portion of this debt which is repayable by means of sinking funds was, at the close of the year, 65,815 *l.* The amount taken out of the funds during the year and applied to the repayment of principal was 15,871*l.*

No. 12.—ACCOUNTS OF COMMISSIONERS OF BATHS AND WASHHOUSES.*

UNDER Section 3 of the 9 & 10 Vict. c. 74, the Baths and Washhouses Acts may be adopted by the Municipal Corporation of any Borough; and by virtue of Section 10 of the Public Health Act, 1875, they may be adopted by the Urban Sanitary Authority of any District in which they are not already in force. As a matter of fact, where they are in force in places outside the Metropolis, they are usually administered by Borough or other Urban Sanitary Authorities; and in these cases the financial transactions of the Local Authorities under them appear in the Municipal Borough or other Urban Sanitary Accounts. These Acts may, however, be also adopted by the vestries of parishes, under Section 5 of the 9 & 10 Vict. c. 74, and where this is done the vestry are required to appoint not less than three nor more than seven persons to act as Commissioners for putting the Acts into execution. Under this section, Commissioners of Baths and Washhouses had been appointed prior to the 25th March 1893 for twenty-eight parishes, all of which, with one exception, are in the Metropolis. An abstract of the receipts and expenditure of these Commissioners, during the year ended the 25th of March 1893, will be found on pages 350 and 351. On reference to that return, it will be seen that the total receipts of the Commissioners (exclusive of loans) amounted, during the year, to 98,759 £., which sum was made up of the following items:—

‡ These payments are shown separately, because the amounts are also included in the accounts of the Local Authorities to whom they were paid.

In the cases of St. Marylebone, St. James Westminster, and Whitechapel, no contributions were obtained from the Poor Rates during the year. In the other cases these undertakings were not entirely self-supporting.

In seven cases the Commissioners, during the year, raised loans, amounting in the aggregate to 54,100*l*. The expenditure out of loans was 77,894*l*., in addition to which the sum of 20,741*l*. was expended in anticipation of loans, and the outstanding balance of loans, at the end of the year, was 437,167*l*. Loans.

No. 13.—ACCOUNTS OF CONSERVATORS OF COMMONS AND TRUSTEES OF CERTAIN OPEN SPACES. *

THESE Accounts relate to the financial transactions during the year 1892-93† of the Wimbledon and Putney Commons Conservators, acting under the Wimbledon and Putney Commons Act, 1871; the Malvern Hills Conservators, acting under the Malvern Hills Act, 1884; the Great Torrington Conservators, acting under the Great Torrington Commons Act, 1889; and the Trustees of the Broxborne and Hoddesdon Open Spaces, respectively, acting under the Broxborne and Hoddesdon Open Spaces and Recreation Grounds Act, 1890. Conservators of Commons.

The total receipts of the above Conservators and Trustees during the year amounted to 3,621*l*., of which 179*l*. was derived from the Poor Rate, 2,867*l*. from other Rates, 442*l*. from Rents and Profits of Property, and 133*l*. from other sources. Receipts.

The expenditure of the Conservators and Trustees amounted during the same period to 3,487*l*., of which 868*l*. was spent on Maintaining and Improving the Commons, 823*l*. on Salaries, 1,400*l*. for Interest (including 1,200*l*. on account of a Perpetual Annuity), 288*l*. on Establishment Charges, and 90*l*. on Law Charges. Expenditure.

No Loans were raised or expended by these Authorities during the year. The outstanding debt of the Wimbledon and Putney Commons Conservators at the end of the year was 35,000*l*., including 30,000*l*., the capitalised value at 25 years' purchase of a Perpetual Annuity. The Malvern Hills and Great Torrington Conservators, and the Broxborne and Hoddesdon Trustees had no outstanding loans at the end of the year. Loans.

No. 14.—ACCOUNTS OF COMMISSIONERS OF FREE PUBLIC LIBRARIES AND MUSEUMS. ‡

THE Public Libraries Acts, 1855 to 1890, could be adopted by the Town Councils of Boroughs, Boards under Improvement Acts, Local Boards, and Metropolitan Vestries and District Boards, and in cases in which they had been so adopted, the financial transactions of the authorities in connection with the Libraries are in these Returns included with their other Accounts. The Acts could, however, be also adopted, under certain circumstances, by the ratepayers of Parishes, and where this was done the Vestry were required to appoint not less than three nor more than nine ratepayers as Commissioners for carrying the Acts into execution. By the Public Libraries Act, 1892, which was passed to consolidate and amend the Law relating to Public Libraries, the previous Acts were repealed, but it was provided that where those Acts had been adopted for any Library District, that adoption should be deemed to have been an adoption of the Act of 1892. Commissioners of Free Public Libraries.

The Acts had been adopted in 29 districts and separate parishes up to the 25th March 1893, and the Abstract of the Commissioners' receipts and expenditure and Loan Transactions will be found at pages 358 and 359. All the Parishes and Districts in which the Acts had been adopted, with the exception of Penge, were situate in the Metropolis. The Commissioners of two of the Parishes had also appointed a Joint Committee.

The total receipts of these Commissioners (excluding loans) amounted to 64,895*l*., of which 49,596*l*. was derived from Poor Rate, 4,009*l*. from other Rates, 7,681*l*. from donations and subscriptions, 1,574*l*. from fines and penalties, 690*l*. from constituent and other Local Authorities, and 1,345*l*. from other sources. Loans.

The loans raised during the year amounted to 49,100*l.*, and the amount expended out of Loans during the same period was 36,431*l.*, which included 750*l.* expended in anticipation of a Loan. The outstanding Loans at the end of the year amounted to 140,360*l.*

No. 15.—ACCOUNTS OF LIGHTING AND WATCHING INSPECTORS.*

Lighting and
Watching
Inspectors.

IN Urban Sanitary Districts, and in the parts of Rural Sanitary Districts in which the first paragraph of Section 161 of the Public Health Act, 1875, has been put in force, the public lighting is in the hands of the Sanitary Authority. In other parts of Rural Sanitary Districts, if the Lighting and Watching Act (3 & 4 Will. 4, c. 90) has been adopted, the public lighting is provided by Inspectors appointed under that Act, who may also provide and maintain fire engines for the use of the place in which the provisions of the Act have been adopted. These Inspectors have the power of levying rates for the purpose of meeting their expenses, but have no powers of borrowing on mortgage of such rates. The rates made during the year varied from 1½*d.* to 1*s.* 2*d.* in the *£*. The expenses of the Inspectors were in one case defrayed by voluntary subscriptions. Returns have been received from 174 places in which the Lighting and Watching Act was in force during the whole or part of the year ended on the 25th of March 1893. The amounts received and expended during the year by the Inspectors in each of these places are given at pages 362 to 368. On pages 369 and 370 this information is summarised as regards each of the Union-Counties and Poor Law Divisions of England and Wales.

Receipts and
Expenditure.

On reference to page 370 it will be seen that the total receipts of the Inspectors during the year (including 3*l.* received from other Local Authorities), amounted to 24,296*l.*, of which 23,867*l.* was derived from rates, and 350*l.* was received on account of Fire Engines and Fire Brigades.

The total expenditure during the same period amounted to 24,325*l.*, which sum was made up of the following items:—

	£.

No. 16.—ACCOUNTS OF MARKETS AND FAIRS COMMISSIONERS.†

THE effect of the Public Health Act, 1872, and the subsequent Statutes which have been passed relating to Sanitary Authorities, has been to transfer to Urban Sanitary Authorities in the great majority of cases the powers and property of Commissioners of Markets and Fairs appointed under local Acts of Parliament. There were, however, four cases in which these Commissioners still continued to exist as separate Local Authorities during the financial year 1892-93, and a separate Return is therefore given of their receipts and expenditure for that year. This Return will be found on pages 372 and 373. It will be seen from it that the receipts (exclusive of loans) of the Commissioners during the year amounted to 15,012*l.*, of which 14,859*l.* was derived from tolls, dues, rents, and stallages, and 153*l.* was received from other sources.

INDEX TO URBAN SANITARY DISTRICTS (OTHER THAN MUNICIPAL BOROUGHS) AND UNITED SANITARY DISTRICTS.

The Index to the Names of the Unions to which the Reference Numbers relate, will be found in Part I. of the Local Taxation Returns, p. 85.

The reference numbers to the Unions, in these cases in which the District is situated in more than one Union, are arranged so that the first number indicates the Union in which the principal part of the district is situated.

INDEX TO THE BURIAL BOARDS.

The Index to the Names of the Unions to which the Reference Numbers relate will be found in Part I. of the Local Taxation Returns, p. 85.

The reference numbers to the Unions, in those cases in which the District is situated in more than one Union, are arranged so that the first number indicates the Union in which the principal part of the District is situated.

PART IV.

MEMORANDUM.

PART IV. of the Local Taxation Returns for the financial year 1892-93 relates to the Contents of Return Metropolis, and contains abstracts of the Accounts of the Metropolitan Vestries and District Boards, and certain Commissioners and Trustees who levied Special Rates in their Districts; the Woolwich Local Board of Health; the Commissioners of Sewers of the City of London; the London County Council, both as a County Authority and as successors to the Metropolitan Board of Works; the Metropolitan Police Commissioners; the Corporation of London; and the Visiting Committees of the Lunatic Asylums belonging to the County and to the City of London.

18.—ACCOUNTS OF METROPOLITAN VESTRIES AND DISTRICT BOARDS, &c.*

THE local management of the Metropolis, exclusive of the City of London, the parish of Woolwich, and the places in Schedule C. of the Metropolis Management Act, 1855, devolved during the financial year 1892-93, under the Metropolis Management Acts, and under the Public Health (London) Act, 1891, except so far as it was vested in the London County Council, on the 26 Vestries and 13 District Boards constituted by the Metropolis Management Acts,† who were also the Local Authorities for the purposes of the Electric Lighting Acts, 1882 and 1888, and Part II. of the Housing of the Working Classes Act, 1890. The expenses of these authorities, so far as they were defrayed out of rates, were met by rates levied under the Metropolis Management Acts.

Functions of Metropolitan Vestries and District Boards.

These rates were applicable to the payment, not only of the expenses incurred by the Vestries and District Boards themselves, but also of the amounts included in the precepts of the School Board for London. Prior to the coming into force of the Local Government Act, 1888, in the Metropolis, they were also applicable to the payment of the precepts of the Metropolitan Board of Works. Under that Act, however, the costs incurred by the London County Council, as successors to the Metropolitan Board of Works, have to be paid out of the County Fund. The moneys required by the Council during 1889-90 and subsequent years to meet these costs were therefore included in their precepts for the County Rate, and were raised by the Overseers of the Poor by means of the Poor Rates. Consequently the Vestries and District Boards were relieved from the necessity of raising any rates in those years to meet such costs except so far as rates were necessary in the year 1889-90 to provide for the payments in respect of the final precept of the late Metropolitan Board of Works. Under these circumstances there is a large decrease in the sums shown as received from and expended out of rates by these authorities in 1889-90, 1890-91, 1891-92, and 1892-93, as compared with former years.

Receipts other than from loans.

The

† The parish of Woolwich was constituted a district under the Public Health Act, 1848, by a Provisional Order confirmed in 1852, and is for local government and sanitary purposes under the jurisdiction of the Woolwich Local Board of Health. Under Section 238 of the Metropolis Management Act, 1855, the Local Board of Health elected a member of the Metropolitan Board of Works and was made subject to that Board for the purposes of sewerage, metropolitan improvements, &c., in the same manner as if it were a Vestry under the Metropolis Management Acts. Its expenses are defrayed out of a district fund and general district rate. Its receipts and expenditure for the purposes of the Local Taxation Returns are included with those of the Metropolitan Vestries and District Boards.

The receipts (excluding loans) of the Vestries, District Boards and the Woolwich Local Board of Health, during the year ended the 25th March 1893, were as follows:—

It will be observed, from the above figures, that 1,280,932*l.*, being about 34·0 per cent. of the above expenditure, consisted of payments to the School Board for London, and to other Local Authorities. For the reasons already given this is a much smaller proportion of the total expenditure than in the years prior to 1889–90. Payments to other authorities.

The loans raised by the Vestries and District Boards and the Woolwich Local Board of Health during the year amounted to 331,100*l.* These loans were borrowed for the following purposes :— Receipts from loans.

Expenditure out of loans.

The expenditure out of loans during the year amounted to 299,128*l.* This sum was spent on the following purposes:—

	£.
Highways and Street Improvements	147,234
Sewerage and Drainage Works	21,666

Sinking Fund.

The amount which remained at the end of the year in the Sinking Fund provided for the repayment of a loan, which is repayable by this means, was 2,163*l.*

Rateable value.

The rateable value of the Parishes and Districts subject to the jurisdiction of the Vestries and District Boards was 29,079,630*l.*, and the assessable value of the Parish of Woolwich was 178,916*l.*, making a total of 29,258,546*l.*

Rate in the £.

The total amount of the rates received during the year, including the amounts raised to meet the precepts of the School Board for London, was 3,365,817*l.*, which would be equivalent to 2*s.* 3*6d.* in the £. on this valuation. In the years 1891-92 and 1890-91 the amount of rates received was equivalent to 2*s.* 2*9d.* and 2*s.* 2*3d.* in the £. on the valuation. Deducting the amounts contributed to the School Board, the sums raised by these authorities for their own purposes would represent an average rate of 1*s.* 5*2d.* in the £. for 1892-93, and 1*s.* 4*1d.* in the £. for 1891-92, and 1*s.* 3*6d.* for 1890-91.

It has been found convenient to include in the Return containing the above accounts the receipts and expenditure of the Commissioners for Paying, Lighting, &c., Ely-place and Ely-mews, Holborn, acting under the 5 Vict., Sess. 2, c. xlviii. The total receipts of the Commissioners during the year amounted to 311*l.*, derived from rates, and their total expenditure was 270*l.* The Commissioners have not contracted any loans. The rateable value of the District was 7,979*l.**

Commissioners for
Paving, Lighting,
&c., Ely-place and
Ely-mews, Holborn.

The receipts and expenditure of the Trustees appointed under Acts for the Improvement of Bryanston, Cavendish, Dorset, Hoxton, Manchester, Montagu, and Portman Squares are also included in the Return. Their total receipts amounted to 1,211*l.* during the year; and their total expenditure to 1,195*l.* The outstanding loans of the Trustees of Bryanston and Montagu Squares amounted at the end of the year to 1,882*l.* and 111*l.* respectively.*

Trustees of
certain Squares,

19.—ACCOUNTS OF THE COMMISSIONERS OF SEWERS OF THE CITY OF LONDON.*

Functions of the Commissioners of Sewers of the City of London.

THE Commissioners of Sewers of the City of London, who are appointed by the Corporation of London under the City of London Sewers Act, 1848 (11 & 12 Vict. c. clxiii.), as continued and amended by the City of London Sewers Act, 1851 (14 & 15 Vict. c. xci.), exercise in the City of London functions in many respects analogous to those discharged by the Vestries and District Boards in other parts of the Metropolis.

The expenses of the Commissioners, so far as they were defrayed out of rates during the year to which the present accounts relate, namely, the year ended the 29th September 1892, were met by a Sewers Rate and a Consolidated Rate made under the former of the above Acts; which rates were applicable to the payment, not only of the expenses of the Commissioners, but also of the amounts included in the precepts of the School Board for London. The Commissioners are the Burial Board for the City of London, and their receipts and expenditure in this capacity are included in the Burial Board Accounts in Part III. of the Local Taxation Returns. They are also the Local Authority in the City of London for the purposes of the Housing of the Working Classes Act, 1890, and the Public Health (London) Act, 1891, in which respect their functions in the City of London were the same as those which were exercised during the year by the London County Council and the Vestries and District Boards formed under the Metropolis Management Acts in the remainder of the Metropolis, and they possess in the City powers with regard to a number of purposes, *e.g.*, dangerous structures, weights and measures, and offensive trades, which in the remainder of the Metropolis are vested in the London County Council.

Receipts other than from loans

The receipts of the Commissioners (excluding loans) during the year ended the 29th September 1892 amounted to 517,946*l*.

The receipts comprised the following items:—

It will be observed that the sums paid during the year to the School Board for London were in respect of precepts for three-quarters of a year, and amounted to 135,038*l*., or 32·1 per cent. of the above expenditure.

Payments to School Board for London.

Loans.

The Commissioners raised no permanent loans during the year. The expenditure which was defrayed by the Commissioners out of loans during the year, excluding repayments of loans renewed, amounted to 43,826*l*., and was wholly for Street Improvements.

The total outstanding loans of the Commissioners at the end of the year (comprising 1,224,914*l*. advanced by the Bank of England, 383,000*l*. by the Corporation of London,† and 108,750*l*. by an Insurance Society) amounted to 1,716,664*l*., of which 1,486,664*l*. was raised for Street Improvements, and 230,000*l*. for Artizans' Dwellings.

A sum

* Including 925*l*. on account of depôt; 62*l*., stamping bonds; and 1,419*l*., expenses in respect of condemned meat.
† These payments are shown separately because the amounts are also included in the accounts of the authorities to whom the payments were made, and the fees in respect of the notification of Infectious Disease have appeared as expenditure in the Poor Rate Return.

‡ The City of London Commissioners of Sewers (Artizans' Dwellings) Act, 1881 (44 & 45 Vict. c. lxxxix.), enables the Corporation to borrow on the credit of the rates which the Commissioners are authorised to levy, and also on the credit of the revenues of the land and property of the Corporation; and to advance the moneys so borrowed to the Commissioners, who were authorised to apply them for the purposes of the Artizans' Dwellings Acts, and for any other purpose for which the Commissioners are, for the time being, authorised to incur expense, or to borrow money under any other Act of Parliament.

Sinking Fund. A sum of 18,154*l.* remained at the end of the year in a Sinking Fund for the repayment of part of the Commissioners' loans. This sum had been paid into the Fund during the year.

Rateable value. The rateable value of the City of London Union, according to the Valuation Lists in force on the 6th April 1892, was 4,162,575*l.** The total amount of the rates received by the Commissioners during the year, namely, 443,322*l.*, was equivalent to 2*s.* 1*6d.* in the *£.* on the above rateable value, including 7*8d.* in the *£.* in respect of the contribution† to the London School Board. In the two previous years, namely, 1891 and 1890, the total rates received represented a rate of 2*s.* 2*d.* and 2*s.* 3*1d.* in the *£.*, including 1*s.* 1*1d.* and 7*4d.* in the *£.* in respect of the contributions to the School Board.

Comparative Tables. The following Tables enable comparison to be made between the receipts, expenditure, and loan transactions of the Commissioners in the year ended the 29th September 1892, and in the four preceding years :—

20.—ACCOUNTS OF THE LONDON COUNTY COUNCIL. §

Financial transactions of the London County Council.

THE receipts and expenditure shown in these accounts relate to the transactions of the London County Council, not only in connection with the general duties imposed upon them as a County Council by the Local Government Act, 1888, but also in connection with the special powers devolving upon them as successors to the Metropolitan Board of Works. The accounts relate to the year ended the 31st March 1893. The accounts of the London County Council are arranged under separate heads, according as they relate to receipts which are in the nature of either annual income or capital, and to payments which are in the nature of either annual or capital expenditure. They show the sums received and expended by the Council under the Local Government Act, and they also include, on the one hand, (1) the amounts of the contributions made by the Council as successors to the Metropolitan Board of Works to local improvements carried out by the Metropolitan Vestries and District Boards and the Commissioners of Sewers of the City of London, which amounts appear as receipts in the accounts of the authorities to whom they are paid, and (2) the amounts of the loans advanced by the Council to various other local authorities, which amounts appear as loans raised during the

* Including 100,000*l.* raised to replace temporary loans.

† Excluding repayment of loans renewed.

‡ The amounts shown as outstanding include sums of 429,000*l.* in 1888, 417,500*l.* in 1889, 406,000*l.* in 1890, 394,500*l.* in 1891, and 383,000*l.* in 1892, owing to the Corporation of the City of London on the 29th September in each year.

§ See pages 17 to 25.

the year in the accounts of the several borrowing authorities. On the other hand, they include (1) the amounts raised by rates and obtained by the Council from the overseers of the several parishes in the county, which have already appeared in the Poor Rate Return, and (2) the amounts of principal and interest paid to the Council in respect of loans advanced by them to other local authorities, which appear as expenditure in the accounts of the local authorities by whom they are paid. The rates received by the Council considerably exceed in amount the rates formerly received by the Metropolitan Board of Works, partly in consequence of the additional duties which devolve on the Council as successors to the former county authorities, and their new duties under the Local Government Act, 1888, and partly in consequence of the abolition of the Coal and Wine Duties, which were, prior to 1889-90, devoted to the relief of rates.

The following were the sums "of the nature of annual income" shown in the accounts of the London County Council as received during the year ended the 31st March 1893:—

Loans.

On reference to page 24, it will be seen what proportions of the capital receipts and expenditure were from loans, and what were the various purposes on account of which loans were received and expended.

It would appear from statements furnished by the London County Council for the purposes of these Returns, that the outstanding loans on the 31st March 1893, amounted to 31,279,040L.,† and that the following were the several purposes for which these loans were raised and the approximate amounts outstanding in respect of each purpose:—

	£.
Street Improvements and Embankments	11,455,627
Sewerage	4,151,825
Bridges and Ferry	1,867,361
Artizans' Dwellings Improvement Schemes	‡1,368,529

Thames River (Prevention of Floods)	39,946
Thames Tunnel, Blackwall	221,263
Lunatic Asylums	137,417
Carried forward	£. 20,469,589

* These sums are shown separately because the amounts are also included in the accounts of the Authorities from whom they were received or to whom they were paid, and, with the Investment in Treasury Bills, must be deducted from the total expenditure to avoid a duplicate reckoning.

† The loans outstanding are stated in gross, whereas in the tables prefixed to the Annual Money Bill laid before Parliament by the Council they are shown at their net amount after deducting the value of land let on lease retained to meet the redemption of Metropolitan Consolidated Stock under the Acts 47 & 48 Vict. c. 50, s. 23, and 53 & 54 Vict. c. 41, s. 24.

It would also appear, from the statements furnished by the Council, that disbursements upon the above purposes have been made in anticipation of the next issue of Metropolitan Stock, amounting in the aggregate to 118,929*l*.

The total amount of Rates received by the Council during the year, namely, 1,692,552*l*., Rate in the £ spread over the total rateable value of the Metropolis according to the Poor Rate Valuation (33,370,826*l*.), represents an average rate of 1*s*. 0·2*d*. in the £., as compared with an average rate of 11·5*d*. and 1*s*. 1·1*d*. in the £. in 1891–92 and 1890–91. If however the rates for General County Purposes are separated from those for Special County Purposes, which are not levied in the City of London, the General and Special County Rates would represent an average rate of 1*s*. 0·5*d*. in the £. in the Metropolis, excluding the City, in 1892–93 and an average rate of 11·8*d*. and 1*s*. 1·3*d*. in the two previous years, whilst the General County Rate levied over the whole county including the City would represent an average rate of 10·1*d*. in the £. in 1892–93 and an average rate of 9·5*d*. and 11·2*d*. in the £. in the years 1891–92 and 1890–91.

The following Tables enable comparison to be made between the Receipts, Expenditure, and Loan Transactions of the London County Council in the years 1889–90, 1890–91, 1891–92, and 1892–93 and those of the Metropolitan Board of Works in the year 1888. It must, however, be remembered in contrasting the figures for 1889–90, 1890–91, 1891–92, and 1892–93, with those for the year 1888, that owing to the operation of the provisions of the Local Government Act, 1888, the financial transactions of the London County Council largely exceed those of the late Metropolitan Board of Works. On comparing the figures for 1892–93 with those for the previous year, it will be seen that the sums received by the Council from the Local Taxation Licences and Probate Duty Grant, and the residue of the Beer and Spirit Duties, were more by 130,702*l*.; but the amount so received included a large balance in respect of the year 1891–92. There was an increase of 109,382*l*. in the rates received in 1892–93 as compared with 1891–92, and of 116,161*l*. in the amounts transferred from the Exchequer Contribution Account to other accounts of the County Council, and a considerable increase in the receipts of the nature of capital due to the fact that the County Council issued Stock during the year for over a million pounds.

Loans and
Sinking Fund.

The Receiver for the Metropolitan Police District did not raise any loans during the year. The expenditure out of loans during the year was for the purpose of providing a Central Office, Police Stations, &c., and amounted to 23,338 £. The outstanding loans at the end of the year amounted to 440,000 £. Sums of 7,799 £. and 333 £. were paid during the year into a Sinking Fund created for the repayment of loans; the latter sum, being premium realised on issue of Stock, was paid out of loans. The amount remaining in the Fund at the end of the year was 17,190 £.

Police Pension
Fund.

An Abstract of the receipts and expenditure of the Police Pension Fund, established under the provisions of the Police Act, 1890, is given on page 30. The gross receipts of the Fund amounted during the year to 232,722 £., including 150,000 £. out of the proceeds

† These contributions were calculated at 4*d.* in the £. on an assessment of 34,718,314*l.* for the year ended 31st December 1888. In the year 1889-90, payments were made for the first time by the Local Government Board under the provisions of Sections 24 (2) and 27 (1) of the Local Government Act, 1888, to the Receiver for the Metropolitan Police from the Local Taxation Account out of the proceeds of the Local Taxation Licences and Probate Duty Grant, which payments were in substitution for the grants formerly voted by Parliament in aid of the Metropolitan Police Expenditure. The total amounts paid under these sections in each year are required to bear such proportion to the Police Rates actually raised as the Secretary of State certifies to be the proportion which would have been contributed out of the Exchequer under the arrangement in force during the financial year next before the passing of the Act. This contribution is calculated on the Rateable Value of the Metropolitan Police District, which was for the year ended 31st December 1889, 35,101,681*l.*, for the year ended 31st December 1890, 35,452,963*l.*, for the year ended 31st December 1891, 36,830,010*l.*, and for the year ended 31st December 1892, 37,205,286*l.*

22.—ACCOUNTS OF THE CORPORATION OF LONDON. §

THE power of the Corporation of London to levy duties on all coals coming into the Metropolitan Police District, and a wine duty on all wine imported by way of merchandise into the Port of London, had ceased before the commencement of the year to which these Accounts relate, viz., that ended on the 31st December 1892, and there were no receipts in respect of these duties, but a small sum was paid as drawback. The balance was transferred to the Holborn Valley Improvement Loans Discharge Account on the 16th March 1893, and the Coal Duty Account was closed.

Coal and Wine Duties.||

The Corporation were empowered by the Metage on Grain (Port of London) Act, 1872 (35 & 36 Vict. cap. c.), to levy a grain duty of 3-16ths of a penny per hundredweight in respect of all grain brought into the Port of London, which duty is, subject to the provisions of that Act, to be held by the Corporation for the preservation of open spaces in the neighbourhood of London, not within the Metropolis, as defined by the Metropolis Management Act, 1855. The amount of this duty raised by the Corporation during the year ended the 31st of December 1892, was 18,070*l.* which, with 72*l.* from rents, 2*l.* from licences, &c., and 26*l.* other receipts, made a total receipt of 18,170*l.* applicable to the purposes for which this duty is authorised to be raised. The expenditure for these purposes (excluding 3,600*l.* transferred to the Epping Forest Fund Income Account) amounted to 28,335*l.*, comprising 15,000*l.* principal repaid, 7,753*l.* for interest on borrowed money, 4,368*l.* for salaries, pensions, establishment charges, &c., and 1,214*l.* (including 164*l.* paid to the City Police Account) for open spaces.

Receipts from Grain Duties.||

The only rates made by the Corporation are the Police and Ward Rates, which are made under the City of London Police Act, 1839 (2 & 3 Vict. c. xciv.). The Police Rates are applicable to the payment of three-fourths of the expenses of the City Police, the remaining fourth of which expenses is, under Section 57 of the above Act, payable by the Corporation "out of their revenues and possessions." The amount of the Police Rates received by the Corporation during the year ended the 31st of December 1892, was 95,272*l.* Other receipts on their Police Account consisted of 29,335*l.* from the City's Estate in respect of one-fourth of the expenses of the Police; 8,843*l.* reimbursements

Rates.**

* Including 1,151*l.* premium on issue of stock, and excluding 100,000*l.* to replace previous loans.
 † Including 23,048*l.* in 1888-89, and 27,565*l.* in 1889-90, expended in anticipation of further loans.

ments for services of Constables employed in private watching; 765*l.* reimbursements from the Bridge House Estates for watching London, Blackfriars, and Southwark Bridges; 2,525*l.* from other accounts of the Corporation for special services in Markets, Court-houses, &c.; 610*l.* from fines and penalties; and 332*l.* other receipts, making together with the Police Rates a total of 137,682*l.* Their expenditure on this account amounted to 133,737*l.**, which includes 16,197*l.* paid into the Police Superannuation Fund. A sum of 3,006*l.* was also charged in the City's Estate Account as expended in connection with Police.

The Ward Rates received by the Corporation during the year amounted to 6,893*l.* The expenditure out of Ward Rates was 6,209*l.*

Bridge House.
Estates.†

Of the Estates of the Corporation, the Bridge House Estates, prior to the passing of the Blackfriars Bridge Act, 1863 (26 Vict. c. lxii.), were held by the Corporation "in trust for the maintenance and support of London Bridge." By that Act, and the Blackfriars and Southwark Bridges Act, 1867 (30 Vict. c. iii.), the Corporation were empowered to borrow 650,000*l.* on the credit of these Estates, for the purpose of re-building Blackfriars Bridge and purchasing Southwark Bridge from the Southwark Bridge Company, and the expenses of lighting, watching, and maintaining the two last-mentioned Bridges were made a charge on these Estates. The Corporation were further empowered by the Corporation of London (Tower Bridge) Act, 1885, to borrow to the extent of 750,000*l.* on the credit of the Bridge House Estates for the purposes of the Tower Bridge, which they were authorised to erect by that Statute. The receipts of the Corporation from the Bridge House Estates during the year ended the 31st of December 1892 amounted to 94,301*l.* Their expenditure out of these Estates during the year amounted to 84,137*l.*‡

Other Receipts.

The other receipts and expenditure of the Corporation during the year ended 31st December 1892, including sums contributed to the Police Account, but excluding sums received from and expended out of loans, and sums received and paid by the Corporation in respect of advances to the Commissioners of Sewers, and so much of the receipts and expenditure of the Corporation as Port Sanitary Authority for the Port of London as is included in the Port Sanitary Accounts§, are shown in the Abstract of the other accounts of the Corporation, which is given at pages 38 to 43 of the Return. * The expenditure of the Corporation as Port Sanitary Authority is excluded from this table, as it has already appeared in Part III. of the Local Taxation Returns in the expenditure of Port Sanitary Authorities. The sums entered against the head of "Police" include expenditure reimbursed to the Police Account by other Accounts. The amounts so reimbursed during the years 1891 and 1892 have been ascertained, and are not included again as expenditure under other heads.

† Including 79,484 l. in 1888, 80,472 l. in 1889, 82,799 l. in 1890, 90,252 l. in 1891, and 96,694 l. in 1892, for salaries and wages.

‡ The principal items of expenditure included under this heading for the years 1888, 1889, 1890, 1891, and 1892, respectively, are, for the City of London Court, 25,958 l., 14,673 l., 13,407 l., 12,128 l., and 11,871 l.; the Mayor's Court, 7,616 l., 9,455 l., 13,155 l., 8,861 l., and 8,496 l.; the Justice Rooms at the Mansion House and Guildhall, 4,877 l., 4,784 l., 5,525 l., 4,966 l., and 5,237 l.; and for the Lord Mayor, Sheriffs, and other officers, 46,564 l., 45,429 l., 40,621 l., 43,613 l., and 49,179 l.

§ The total receipts and expenditure of the Visiting Committee of the Pauper Lunatic Asylum belonging to the City were published for the year 1889-90 in the Local Taxation Returns for the first time, and this necessitated an alteration in the above table as to the manner in which the expenditure on lunatic asylums subsequent to the year 1888 is shown.

23.—PAUPER LUNATIC ASYLUM ACCOUNTS.

ASYLUMS BELONGING TO THE COUNTY OF LONDON AND CITY OF LONDON.

The Abstracts of the Accounts of the Visiting Committees of Pauper Lunatic Asylums, except those belonging to the County of London and the City of London, have already been published in Part II. of the Local Taxation Returns for the Year 1892-93, and the circumstances under which it was practicable, for the first time, for the year 1889-90, to publish in these Returns a complete statement of these Accounts, and under which it has been determined that the Abstract of such Accounts, so far as relates to the Asylums belonging to the County of London and the City of London, should be published in Part IV., have been explained in the preliminary Memorandum to Part II.*

The Abstract in this Part relates to the Accounts of the Visiting Committees of the four Asylums belonging to the London County Council, and the Common Fund relating thereto, and to the Asylum belonging to the City of London. The Abstract is divided into three parts, showing (I.) the sums received and expended in respect of the Maintenance Accounts, including the actual sums received and expended in connection with the farms and gardens of the Asylums; (II.), the sums received and expended in respect of the Building and Repairs Fund Accounts; and (III.), the Farming and Gardening Accounts, giving full particulars of the sums actually received and expended (which have already appeared as a total in the Maintenance Accounts), and also the estimated value of the goods or produce supplied from the farms and gardens to the Asylums.

It appears that the total receipts of the Visiting Committees of the Asylums belonging to the County of London and the City of London during the year ended the 31st March 1893 (excluding loans), amounted to 291,393*l.*, and comprised the following items:—

Expenditure.

The Expenditure of the Visiting Committees, in so far as it was not defrayed out of loans, amounted to 287,364*l.* during the year, and comprised the following items:—

Maintenance Accounts :	£.
Salaries, Wages, and Clothing of Officers and Attendants	68,652
Provisions, Malt Liquor, Wine, and Spirits	72,868
Farm and Garden Expenses	14,279
Clothing of Patients, Fuel, Lighting, Washing, Furniture, Bedding, and other necessities, and Funeral Expenses	41,925

Total Expenditure - - - £. †287,364

The Visiting Committee of the Lunatic Asylums belonging to the County of London do not appear to have received or expended any moneys raised by loans by the County Council, but the Council themselves expended considerable sums out of loans raised in respect of Lunatic Asylums during the year. As, however, the sum so expended did not pass through the accounts of the Visiting Committee, it is shown only in the accounts of the Council. The amount of loans raised, expended, and outstanding in respect of the asylums belonging to the Council and Corporation will be seen on reference to pages 24, 25, and 44.

Items in Farming and Gardening Accounts.

As the cash receipts of the Farming and Gardening Accounts have been included in the Maintenance Accounts, it is not necessary, in order to arrive at the total receipts and expenditure of the Visiting Committees, to include the items shown by the former accounts. It may, however, be mentioned that the total receipts shown by these accounts, namely, 16,534*l.*, include 463*l.* received from the sale of farm and garden produce, and 16,071*l.*, the estimated value of the produce supplied to the asylums. The total expenditure included in the accounts is 14,279*l.*, which comprises 35*l.* for rates, insurance, taxes, &c.; 13,930*l.* for labour, provender, seeds and manure, and stock bought, and 314*l.* other payments.

* This transfer is omitted from the total of the Maintenance Accounts, as it is shown as expenditure in the Building and Repairs Fund Account.

† The sums paid by guardians of unions and parishes, and by the treasurers of counties, the City, and boroughs, for maintenance of patients, and for funerals and removals, amounting to 245,666*l.*, must be deducted from the total expenditure of the Visiting Committees to avoid a duplicate reckoning.

The first part of the paper is devoted to a general
 discussion of the problem. It is shown that the
 problem is of great importance in the theory of
 functions of a complex variable. The second part
 contains a detailed proof of the theorem. The third
 part is devoted to some applications of the theorem.
 The fourth part contains some remarks and
 references.

PART V.

MEMORANDUM.

PART V. of the Local Taxation Returns for the financial year 1892-93 contains Abstracts of the Accounts of Commissioners of Sewers; Drainage, Embankment, and Conservancy Boards; Salmon and Freshwater Fishery Conservancy Boards; Sea Fisheries Committees; Churchwardens (Church Rate Accounts); and Harbour, Pier, and Dock Authorities; and a Summary of School Board Accounts.

No. 24.—ACCOUNTS OF COMMISSIONERS OF SEWERS.*

These Accounts comprise the receipts and expenditure of 50† Commissions of Sewers which were in existence during the year, and which had been granted under the provisions of the 23 Henry VIII., c. 5, or Part I. of the Land Drainage Act, 1861 (24 & 25 Vict. c. 133). Commissions of Sewers may be granted under the latter Act for all parts of England, inland as well as maritime, and the Commissioners, acting under such Commissions, are empowered to make, maintain, and improve watercourses or outfalls for water, and walls or other defences against water, and to erect any machinery, or do any other act for the drainage, necessary supply of water for cattle, warping or irrigation of the area comprised within the limits of their jurisdiction.

The receipts (excluding Loans) of the Commissioners of Sewers amounted during the year to 59,789*l.*, and comprised the following items:—

	£.
Rates or Taxes under Statutory Authority - - - - -	26,369
Rates under Charter, by usage or by custom - - - - -	22,493

	59,579
From other Local Authorities † - - - - -	210
TOTAL - - - - -	£. 59,789

The expenditure of the Commissioners, so far as it was not defrayed out of Loans, amounted during the year to 58,051*l.*, and comprised the following items:—

	£.
Maintaining and improving existing Works, and making new Works - - - - -	33,899
Loans:	
Principal repaid - - - - -	6,409
Interest - - - - -	3,380

Other Payments (exclusive of payments to other Local Authorities) - - - - -	329
	56,808
Payments to other Local Authorities † - - - - -	1,243
TOTAL - - - - -	£. 58,051

* See pages 1 to 5.
† In addition to these, one body of Commissioners was in existence which had no financial transactions during the year.

‡ These receipts and payments are shown separately, because the amounts are also included in the Accounts of the Authorities from whom, or to whom, they were received or paid, respectively.

Loans.

The Commissioners raised loans during the year to the amount of 4,765*l.*, and expended out of loans, 1,305*l.* Their outstanding loans at the end of the year amounted to 77,492*l.*

Comparative
Tables.

No. 25.—ACCOUNTS OF DRAINAGE, EMBANKMENT, AND CONSERVANCY BOARDS.*

Under Part II. of the Land Drainage Act, 1861, elective Drainage Districts may be constituted subject to the jurisdiction of Drainage Boards, who, within such districts, may exercise all powers exercisable by Commissioners of Sewers. In addition to these, many Boards have been constituted under Local Acts, with special powers for the purposes of land drainage, river embankment, navigation and conservancy, and sea defences. In one instance the Local Authority acts under an indenture by which the whole of the lands in the district were conveyed to them in 1808 by the owners of the lands, on numerous trusts for the drainage of the lands, and subject thereto upon trust for the owners respectively. In another case the Commissioners are empowered to construct works for the purpose of supplying water to Local Authorities and private individuals, and to levy Rates and borrow money on the security of such Rates. Returns † have been received for the year from 230 districts subject to the jurisdiction of Boards coming under one or other of the above descriptions, the number of districts from which Returns were received during the preceding year having been 229.

Functions of Drainage, Embankment, and Conservancy Boards.

The receipts of these Boards, exclusive of loans, amounted during the year to 394,380*l.*, comprising the following items:—

Loans. The loans raised during the year amounted to 11,865 £ ; the expenditure out of loans to 14,998 £ ; and the outstanding loans at the end of the year to 2,313,039 £ .

Sinking Funds. The sums provided for the repayment of so much of this debt as was redeemable by means of sinking funds, amounted at the end of the year to 6,050 £ . The amount taken out of these funds during the year and applied to the repayment of principal was 12,080 £ .

Comparative Tables. The following tables enable comparison to be made between the receipts, expenditure and loan transactions of these Boards in 1892-93 and in the four preceding years; but it should be pointed out that Returns were received in 1892-93 from 7 more Authorities, in 1891-92 from 6 more Authorities, in 1890-91 from 5 more Authorities, and in 1889-90 from 4 more Authorities, than in 1888-89.

No. 26.—ACCOUNTS OF SALMON AND FRESHWATER FISHERY CONSERVANCY BOARDS.*

Number of Fishery Districts.

Boards of Conservators for 51 Fishery Districts formed under the provisions of the Salmon and Freshwater Fisheries Acts, 1861 to 1886, were in existence during the year 1892. It appears from an Abstract of their Accounts published in the Thirty-second Annual Reports of the Inspectors of Fisheries for England and Wales,† that in six districts the Conservators had no financial transactions during the year ended the 31st December 1892, and that in one district the expenses were defrayed by a Private Angling Society. In the 44 other districts the receipts of the Conservators amounted during the year to 14,272*l.*, which sum was made up of the following items:—

Receipts.

	£.
Sale of Licences - - - - -	12,971
Endorsements on Licences - - - - -	46

Other Receipts - - - - -	42
TOTAL - - - - -	£. 14,272

Expenditure.

The expenditure of the Boards during the same period amounted to 14,087*l.*, and consisted of the following items:—

	£.
Salaries for Management - - - - -	1,381
Wages of Superintendents and Water Bailiffs - - - - -	9,267

Payments to other Local Authorities ‡ - - - - -	103
TOTAL - - - - -	£. 14,087

Loans.

By Section 28 of the Act of 1865 these Boards are empowered to raise money on the mortgage of the licence duties which they are authorised to impose. The Exe Fishery Conservancy Board, whose mortgage debt amounted at the end of the year to 60*l.*, is, however, the only one of these Authorities which has an outstanding loan.

* See pages 23 to 27.

† See Appendix VII. to the 32nd Annual Reports of the Inspectors of Fisheries (England and Wales), Parliamentary Paper [c.-7037], Session 1893.

‡ These payments are shown separately because the amounts are also included in the Accounts of the Authorities to whom they were paid.

No. 27.—ACCOUNTS OF SEA FISHERIES COMMITTEES.*

Under the Sea Fisheries Regulation Act, 1888 (51 & 52 Vict. c. 54), as amended by the Fisheries Act, 1891 (54 & 55 Vict. c. 37), the Board of Trade are empowered to create Sea Fisheries Districts, to define the limits of the districts and the areas chargeable with any expenses under the Act, and to provide for the constitution of Local Fisheries Committees for the regulation of the Sea Fisheries carried on within the district. These Committees are to be Committees of County or Borough Councils, or joint Committees of those Councils, with the addition in each case of such members representing the fishing interests of the district, including members representing any Board of Salmon Conservators having jurisdiction within the district, as may be directed by the Order creating the district. The law relating to Committees of County Councils applies to the local Fisheries Committee as if the powers and duties of that Committee were powers and duties transferred by the Local Government Act, 1888, to the Councils, and delegated to the Committee, and as if any Borough Council represented on the Committee were a County Council. The expenses of a Fisheries Committee, so far as payable by a County Council, are to be, according as is provided by the Order constituting the Committee, general or special expenses within the meaning of the Local Government Act, 1888, and, so far as payable by the Council of a Borough, are to be paid out of the Borough Rate or Borough Fund. The Board of Trade may also confer upon Boards of Salmon Conservators and Harbour Authorities the powers of a local Fisheries Committee.

Constitution of
Local Fisheries
Committees.

Up to the close of the year ended the 31st March 1893, nine fisheries districts had been formed, namely, the Cornwall, Devon, Glamorgan, Kent and Essex, Lancashire, Milford Haven, North Eastern, Northumberland, and Western Districts. An abstract of the Accounts of six of these Committees will be found on pages 30 and 31. There were no accounts for Milford Haven up to the close of the year, and as regards the other two Districts, namely, Cornwall and Northumberland, as the expenses are payable wholly by the Councils of these Counties respectively, their receipts and expenditure in connection with Sea Fisheries are not entered in this Return, but are included in their General Accounts as County Councils in Part II. of the Local Taxation Returns.

The total Receipts of the Committees for the year amounted to 4,667*l.*, which sum comprised 3,242*l.* from the contributory authorities, 1,400*l.* from sale of a steamer, and 25*l.* other receipts.

Receipts.

The total expenditure of the Committees during the year amounted to 7,331*l.*, and comprised the following items:—

Expenditure.

	£.
Cost of Prosecutions and General Law Expenses -	196
Salaries, Remunerations, &c. -	1,181
Establishment charges -	247
Other payments -	5,707

No. 28.—CHURCH RATE ACCOUNTS. †

By the Compulsory Church Rate Abolition Act, 1868 (31 & 32 Vict. c. 109), compulsory church rates were abolished, except in cases where, at the time of the passing of the Act, money had been borrowed and remained due on the security of the church rate, or where the rate was applicable to purposes other than "ecclesiastical purposes," as defined by the Act, or had been originally authorised by special legislation to be levied in consideration of the abolition of tithes or for other valuable consideration. There was only one parish, viz., St. Marylebone, London, in which church rates continued

to be levied during the year ended at Lady-Day 1893. In this parish church rates to the amount of 5,964*l.* were raised by the vestry under powers conferred by two Local Acts (51 Geo. III., c. cli, and 1 & 2 Geo. IV., c. xxi). In another parish, viz., St. Nicholas, Harwich, which owes 1,300*l.* in respect of the principal of loans raised on the security of the church rate prior to the passing of the Act of 1868, no church rates were raised during the year. The receipts in aid of church rates amounted to 1*l.*, making the total sum received 5,965*l.* The total expenditure amounted to 7,521*l.*, of which 3,300*l.* was paid in respect of principal, and 121*l.* in respect of interest on the moneys borrowed on the security of the church rates. This repayment of principal extinguished the debt in the case of St. Marylebone, and the only outstanding loan at the end of the year was the 1,300*l.* owing by St. Nicholas, Harwich.

No. 29.—ACCOUNTS OF HARBOUR, PIER, AND DOCK AUTHORITIES.*

Number of harbour, pier, and dock authorities.

These Accounts relate to the receipts, expenditure, and loan transactions of 88† Harbour, Pier, and Dock Authorities who have been constituted by Local Acts or by Provisional Orders issued under the General Pier and Harbour Act, 1861 (24 & 25 Vict. c. 45), and who are not companies or private owners. There are, however, many cases in which Town Councils and Local Boards have constructed or purchased Piers and Quays as part of their ordinary undertakings, in connection with town or street improvements, and in these cases the receipts and expenditure in respect of these Piers and Quays are included in the accounts of the Town Councils and the other Urban Sanitary Authorities concerned. The most important of the Authorities to which this Return relates are the Mersey Docks and Harbour Board,‡ whose Accounts contain considerably more than half of the receipts and expenditure included in the Return, and the Tyne River Commissioners. The aggregate receipts of the 88 Authorities, exclusive of loans, amounted during the year to 2,757,640*l.*, comprising the following items:—

§ The rates entered under this heading are, in the great majority of cases, rates levied on shipping, merchandise, &c., but in a few cases, where town councils are the owners of the harbour or dock undertakings, they have powers of levying rates in their districts for the purpose of meeting expenditure in connection with the undertakings, and the Returns show that, in some cases, those powers were exercised during the year; the rates so raised amounted to 65,150*l.*

|| These receipts are shown separately, because the amounts are also included in the accounts of the Authorities from whom they were received.

The expenditure of these Authorities, excluding so much of it as was defrayed out of loans, amounted during the year to 2,673,529*l.* It consisted of the following items:—

During the year these Authorities raised, by means of loans, 282,857*l.*, and their expenditure out of loans was 481,284*l.* Their outstanding loans amounted, at the end of the year, to 31,487,406*l.* The amount remaining in the sinking funds provided to meet these loans, so far as they were redeemable by means of sinking funds, is stated to have been 102,990*l.*, and the amount taken out of the funds during the year and applied to the repayment of principal, was 13,824*l.* In addition to the sinking funds, it may be mentioned that the Conservators of the River Thames had invested a sum of 59,441*l.*, in respect of the Lower Navigation. Of the total outstanding loans, 17,135,754*l.* was owing by the Mersey Docks and Harbour Board, and 9,529,707*l.* by the Harbour and Dock Authorities of Bristol, Sunderland, Swansea, and the Tyne.

The following Tables enable a comparison to be made between the receipts, expenditure, and loan transactions of these Authorities in 1892-93, and the four preceding

No. 30.—SCHOOL BOARD ACCOUNTS.*

THE receipts and expenditure of School Boards for the year ended the 29th September 1892 have been already given in detail in the Report of the Committee of Council on Education, for the year 1892-93.† It has, therefore, been considered sufficient to include in this Return only a summary of these receipts and expenditure. It must be borne in mind that this was the first year during which the provisions of the Elementary Education Act, 1891, came into operation, which provided for the payment out of monies provided by Parliament of a grant in aid of Elementary Education of 10s. a year for each child over three and under 15 in attendance at public Elementary Schools in England and Wales, and for the abolition or reduction of school fees under certain circumstances; consequently the sums shown as received from grants from the Committee of Council on Education during the year largely exceeded the receipts from that source in previous years, and there was a corresponding large reduction in the sums received from school fees. It will be seen, on reference to the summary, that the receipts of School Boards‡ (excluding loans) amounted during the year to 5,922,143*l.*, which sum consisted of the following items:—

Amounts paid by the Rating Authorities§ - - - -	£.

The

* See pages 43 to 45.

† See the Appendix to the Report of the Education Department (Parliamentary Paper [c. 7089-i.], Session 1893). The figures do not, however, quite agree, as the sum of 39,609*l.* was included in error in the outstanding loans of one School Board in that Appendix, and the figures have been amended in this respect in the present Summary.

‡ There were 2,296 School Boards in England and Wales on the 29th September 1892, but of these 11 had neither received nor paid money during the year.

§ These amounts also appear as receipts and expenditure in the Poor Rate Return, and in the accounts of the Municipal Authorities, the Metropolitan Vestries and District Boards, and the Commissioners of Sewers of the City of London.

¶ Including 4,314*l.* from sale of land, and 175*l.* from sale of temporary school buildings.

¶ These receipts are shown separately because the amounts are also included in the accounts of the Authorities from whom they were received.

Expenditure not
defrayed out of
Loans.

The expenditure of School Boards during the year, excluding Capital Charges, amounted to 5,866,424*l.*, and consisted of the following items:—

Expenses of Administration :	£.	£.
Election Expenses	30,915	
Salaries of Officers	248,322	
Legal and other Expenses	100,358	379,595
Loans :

Interest		689,451
Maintenance of Public Elementary Schools		4,140,406
Industrial Schools, and Contributions towards such Schools		128,163
Under Technical Instruction Act, 1889		9,584
Other Payments (exclusive of payments to other Local Authorities).		18,647
		5,861,170
Payments to other Local Authorities *		5,254
TOTAL	£.	5,866,424

Loans.

The receipts from loans during the year amounted to 1,336,598*l.*, and the expenditure on account of Capital Charges, to 1,267,964*l.*,† which comprised 1,226,198*l.* for Purchase of Land, and Erection, Enlargement, or Alteration of School Buildings, and 41,766*l.* for Furnishing School Buildings. The outstanding loans at the end of the year amounted to 19,995,023*l.*

Rate in the £.

As the Rates required by School Boards are raised as part of the General Rates levied by the Vestries and District Boards, and the Commissioners of Sewers of the City of London in the Metropolis, and as part of the Borough Rate or Poor Rate in the Provinces, the exact rate in the £. of the School Board Rates levied cannot be given. The Committee of Council on Education, however, in their Annual Reports publish Tables in which they give the average rate per £. on the rateable value of the Districts. It appears from these Tables that the average rate in the £. of the rates raised for School Board purposes was, for 1891–92, in London, 10·6*d.*; in English Boroughs, 7·5*d.*; in English Parishes, 7·2*d.*; in Welsh Boroughs, 7·9*d.*; and in Welsh Parishes, 11·1*d.*, as compared with 11*d.*, 7*d.*, 6·8*d.*, 7·5*d.*, and 7·8*d.* in the year 1891, and 9·9*d.*, 6·5*d.*, 6·8*d.*, 6·4*d.*, and 8*d.* in 1890.

Comparative Tables. The following Tables enable comparison to be made between the receipts, expenditure, and outstanding loans of School Boards in the year ended 29th September 1892 and the four preceding years. The circumstances which have caused the large increase in the grants from the Education Department, and the corresponding reduction in schools fees in 1892 as compared with previous years, have already been referred to on page xiii.

* These payments are shown separately, because the amounts are also included in the accounts of the Authorities to whom the payments were made.

† Including 55,691*l.* for the purchase of land, &c., and 7,768*l.* for furnishing School Buildings, not met by loans.

(e) 44. Liverpool (Mersey Docks and Harbour Board).—For the year ended 1st July 1893. Cols. 23 and 25.—Including 6,124 *l.*, the amount by which the sums raised during the year by bonds and annuities exceeded the expired loans renewed and paid off during the year. Cols. 16, 23, 24, 26, and 27.—Under Section 4 of the Mersey Docks (Money) Act, 1859 (22 Vict. c. xx.) the Mersey Docks and Harbour Board paid a sum of 100,000 *l.* into a sinking fund during the year. Out of this fund payments are made under Section 5 of the Act for purposes for which the Board have power to borrow. In order to avoid a duplicate reckoning this sum of 100,000 *l.* is not entered under the head of "Payments to Sinking Fund," as it appears, when subsequently expended on works, under the head of "Expended out of Loans," and it is not entered under the head of "Loans raised," as it has previously appeared under the head of "Receipts other than from Loans." The borrowing powers of the Board, which, under the provisions of the Act, are extinguished to the extent to which Sinking Fund Moneys are applied in the execution of works, had been reduced by 2,465,280 *l.* by the 1st July

PART VI.

MEMORANDUM.

PART VI. of the Local Taxation Returns for the financial year 1892-93 contains Abstracts of the Accounts of Highway Authorities in Rural Districts, and of Turnpike Trustees. Contents of Return.

The Accounts of the Commissioners of Highways of the Isle of Wight, and the County Roads Boards in South Wales were, prior to the year 1889-90, included with the Accounts of Turnpike Trustees, as these Commissioners and Boards were empowered to collect Tolls, as well as levy Rates. Under the provisions of the Local Government Act, 1888, the powers of the Commissioners to demand Tolls ceased, and the Highways and Locomotives (Amendment) Act, 1878, was applied to the Isle of Wight, and the Accounts of the Commissioners are, therefore, now included with the Accounts of other Highway Boards. Under the Local Government Act also, the County Roads Boards in South Wales ceased to exist, the Highways and Locomotives (Amendment) Act was applied to every county in South Wales, and the property, debts, and liabilities of the Boards were transferred to the County Councils.

No. 31.—ACCOUNTS OF HIGHWAY AUTHORITIES IN RURAL DISTRICTS.*

IN such parts of England and Wales as are not included in the Metropolis, or in any Urban Sanitary District, the duty of repairing the highways, other than main roads, the repairs of which were undertaken by the County Councils, devolved during the year ended the 25th day of March 1893 in separate highway parishes on the Surveyor of Highways, and in highway districts on the Highway Board, except in cases where the powers of the Highway Board were exercisable by the Rural Sanitary Authority, in pursuance of an order of the County Authority under Section 4 of the Highways and Locomotives (Amendment) Act, 1878 (41 & 42 Vict. c. 77), and in the Isle of Wight, where the Highway Commissioners acted as a Highway Board. During the year in question there were in England and Wales 361† highway districts, comprising 6,904 highway parishes, under the management of Highway Boards, 43 districts, comprising 784 highway parishes, in which Rural Sanitary Authorities exercised the powers of Highway Boards, and 6,488 separate highway parishes for which Surveyors of Highways had been appointed. Highway Authorities in Rural Districts.

Number of Highway Boards and separate highway parishes.

The Abstracts of the Accounts of these Highway Authorities will be found at pages 2 to 57. They are divided into three Parts, of which Part I. relates to highway districts under Highway Boards in England and Wales; Part II. to highway districts in England in which the Rural Sanitary Authorities exercise the powers of Highway Boards; and Part III. to separate highway parishes in England and North Wales not included in any highway district.

The receipts of these Highway Authorities (excluding Loans) amounted during the year to 1,946,175*l*. Receipts other than from Loans.
The

The sources from which this sum was received, and the amount received by each class of Highway Authority, were as follows:—

A large proportion of the Highway Rates is raised as part of the Poor Rate, and appears in the Poor Rate Return. See Part I. of the Local Taxation Returns.

It must be borne in mind, with regard to the receipts and expenditure of the Highway Authorities shown in this Return, that the Local Government Act, 1888, which came into operation on the 1st April 1889, imposed upon County Councils the duty of wholly maintaining and repairing all the main roads in the county, whereas, prior to the passing of the Act, they were only required to contribute one-half of such expenditure, the Highway Authorities receiving another quarter of the expenditure out of monies voted by Parliament. The County Councils in some districts now undertake the repair of the main roads themselves, and in other cases enter into contracts or agreements with the Highway Authorities to undertake such repairs. Where the County Councils have themselves undertaken the repairs of the main roads, the expenditure has altogether disappeared from the Accounts of the Highway Authorities, and the mileage of the roads so repaired has increased yearly since 1890. Where these Authorities have agreed or contracted to do the repairs, the sums received and expended for such repairs are included in their Accounts. In these cases, as the amounts have been already shown in the Accounts of the County Councils (see Part II. of the Local Taxation Returns), they will be deducted in the Summary in Part VII. of the Returns from the total receipts and expenditure of the Highway Authorities in order to avoid a duplicate reckoning.

The

* These receipts are shown separately, because the amounts are also included in the accounts of the Authorities from whom they were received.

† Including 356,323*l.* for main roads under Section 11 (4) of the Local Government Act, 1888, and 60,471*l.* for highways or footpaths not being main roads, under Section 11 (10) of that Act.

‡ In addition to these receipts, a sum of 4,388*l.* was received by Waywardens in excess of their contributions to Highway Boards.

HIGHWAY AUTHORITIES IN RURAL DISTRICTS.

The expenditure of the Highway Authorities, excluding that defrayed out of Loans, amounted during the year to 2,029,641*l.* The items of expenditure and the amount spent by each class of Highway Authority were as follows :—

The only loans raised by Highway Authorities during the year amounted to 12,565*l.*, of which 9,940*l.* was borrowed by Highway Boards in England, and 2,625*l.* by Highway Boards in Wales. The expenditure out of loans was 10,560*l.* The total outstanding balance of loans at the end of the year was 39,555*l.*, of which 37,788*l.* was owing by Highway Boards in England and Wales, 1,527*l.* by Rural Sanitary Authorities acting as Highway Authorities, and 240*l.* by a Separate Highway Parish, which became liable for the repayment on the dissolution of a Highway Board (*see note (e), page 41*).

A sum of 420*l.* remained at the end of the year in Sinking Funds which had been provided by certain Highway Boards for the repayment of loans.

Sinking funds.

The total rateable value of the Highway Districts and Separate Highway Parishes was 53,110,804*l.* The total amount of Highway Rates raised during the year, namely, 1,491,434*l.*, would be equivalent to a charge of 6·7*d.* in the £. on this rateable value. The Highway Rates raised during the previous year were equal to a charge of 6·1*d.* in the £. on the rateable value, in 1890–91 to 6·0*d.* in the £., and in 1839–90 to 6·4*d.* in the £. In 1888–89 they amounted to 7·1*d.* in the £. The decrease in subsequent years is no doubt due to the transfer to the County Councils of the whole of the cost of main roads.

Rateable value and rates raised.

The aggregate length of the roads under the supervision of Highway Boards and Surveyors of Highways in England and Wales, excluding 13,799 miles of main roads, the repairs of which had been undertaken by the County Councils themselves, was 106,379 miles, comprising 6,908 miles of main roads, and 99,471 miles of ordinary highways.

Mileage of roads.

* The sum received from County Councils under Section 11 (4) of the Local Government Act, 1883, in respect of expenditure on main roads was 356,323*l.*

† Including 1,282*l.* in respect of county bridges or bridge roads. There is also certain expenditure included under "Ordinary Highways" in respect of county bridge roads which cannot be given separately.

‡ These payments are shown separately because the amounts are also included in the accounts of the Authorities to whom they were paid.

§ The Waywardens expended 3,746*l.* in addition to their contributions to Highway Boards.

¶ 97,419 miles of the ordinary highways were kept metalled and 2,052 miles not kept metalled.

Comparative Tables.

The following Tables enable comparison to be made between the receipts, expenditure, and loan transactions of Highway Authorities in Rural Districts for the year 1892-93, and the four preceding years, but this comparison is affected by the transfer to County Councils of the whole cost of main roads and by the increasing mileage of the main roads repaired by the County Councils themselves, to which reference has been already made. The number of miles of road repairable by the Highway Authorities was 118,017 in 1886-87; 117,860 in 1887-88; 118,023 in 1888-89; 113,517 in 1889-90; 108,751 in 1890-91; 106,835 in 1891-92; and, as stated above, 106,379 in 1892-93.

The number of miles of main roads repaired by the County Councils themselves, not included in the foregoing figures, was 5,088 in 1890; 11,555 in 1891; 13,354 in 1891-92; and 13,799 in 1892-93.

* The sums repaid by the County Councils under Section 11 (4) of the Local Government Act, in respect of the expenditure on Main Roads, amounted to 262,797*l.* in 1889-90, 530,288*l.* in 1890-91, 344,214*l.* in 1891-92, and 356,323*l.* in 1892-93.

† Excluding 400*l.* in 1888-89, 388*l.* in 1889-90, and 200*l.* in 1891-92, repaid out of Sinking Funds.

‡ The outstanding balance of Loan was reduced between the end of 1890-91 and 1891-92, by 6,175*l.*, in consequence of a Highway District being formed into a Local Government District.

No. 32.—ACCOUNTS OF TURNPIKE TRUSTEES.*

Turnpike Trustees. These Accounts relate to the receipts and expenditure of Turnpike Trustees who have now nearly become extinct, there being only one Turnpike Trust in existence at the commencement of the year ended Lady-day 1893.†

Receipts. The Abstract of the receipts and expenditure of the above Authority will be found at pages 60 and 61. It shows that the total receipts during the year amounted to 621*l.*, derived from the following sources:—

	£.
Tolls - - - - -	500
Other Receipts (exclusive of receipts from other Local Authorities) - - - - -	103
	£. 603
Receipts from other Local Authorities ‡ - - - - -	18
TOTAL - - -	£. 621

Expenditure. The expenditure of the Authority during the year amounted to 621*l.*, and comprised the following items:—

	£.
Repairs of Roads - - - - -	615
Tradesmen's Bills - - - - -	6
TOTAL - - -	£. 621

The outstanding loan shown in the Abstract was in respect of the Leeds and Birstal Trust, which ceased to exist on the 1st November 1890. As the accounts of this Trust have not yet been finally closed, the outstanding debt is still shown in the Return.

* See pages 60 and 61.

† Excluding one District in which the Trust has expired, but in respect of which the outstanding loan is shown in the Return. The remaining District comprises the part of the Shrewsbury and Holyhead Road, which is now under the charge of the Anglesey County Authority.

‡ These receipts are shown separately, because the amounts are also included in the accounts of the Authorities from whom they were received.

The following Tables enable comparison to be made between the receipts, expenditure, and outstanding loans of Turnpike Trustees in 1892-93, and those in the four preceding years. The reduction shown by these Tables in the receipts and expenditure of Turnpike Trustees is owing to the extinction of Trusts during the years to which they relate, the number of Trusts in existence at the beginning of each of the five years having been 16 in 1887-88; 12 in 1888-89; 6 in 1889-90; 6 in 1890-91; 2 in 1891-92; and 1 in 1892-93. SUMMARY

OF THE

LOCAL TAXATION RETURNS FOR 1892-93.

THE following is a Summary of the Twenty-third Annual Local Taxation Returns published and issued under the direction of the Local Government Board. These Returns relate to the Accounts of the various Local Authorities of England and Wales during the financial year 1892-93, which, in the great majority of cases, ended on the 25th of March 1893.

The Returns here summarised have already been published in six Parts (Parliamentary Papers, Nos. 198, 295, 295-I., 295-II., 295-III., and 295-IV., Session 1894). They contain abstracts of the receipts, expenditure, and loan transactions of 648 Boards of Guardians, the Poor Law Authority for the Scilly Islands, and the Overseers of the Poor of 14,681 Parishes, so far as regards the Poor Rate; of 61 County Councils (exclusive of the London County Council); the Council of the Scilly Islands; 4 Joint County Committees; 1 County Asylums Board; the Visiting Committees of 62 County and Borough Lunatic Asylums (exclusive of those belonging to the County and City of London); the Corporations of 302 Municipal Boroughs; 301 Town Councils acting as Urban Sanitary Authorities; the Commissioners of 31 Improvement Act Districts; 692 Local Boards; 42 Joint Boards; 573 Rural Sanitary Authorities, and the Rural Sanitary Authority for the Scilly Islands; 56 Port Sanitary Authorities; 1,020 Burial Boards; 28 Boards of Commissioners of Baths and Washhouses; the Conservators of 3 Commons; the Trustees of 2 Open Spaces; the Commissioners of Free Libraries in 29 Parishes and Districts; 1 Joint Libraries Committee; the Trustees for 16 Bridges or Ferries; the Lighting and Watching Inspectors of 174 Districts; the Commissioners of 4 Markets and Fairs; 40 Metropolitan Vestries and District Boards*; a body of Paving Commissioners acting under a Local Act for Ely-place, Holborn; the Trustees of 7 Metropolitan Squares; the Commissioners of Sewers of the City of London; the London County Council acting as a County Council, and as successors to the Metropolitan Board of Works; the Commissioners of Police of the Metropolis; the Corporation of London; the Visiting Committees of 4 Lunatic Asylums belonging to the County of London, and of 1 Asylum belonging to the City of London; the Commissioners of Sewers of 50 Districts constituted under the 23 Henry viii., cap. 5, or Part I. of the Land Drainage Act, 1861; 227 Drainage, Embankment, and Conservancy Boards; 44 Salmon, &c. Fishery Conservancy Boards; 6 Sea Fisheries Committees; the Churchwardens of 2 Parishes in which Church Rates were still leviable; 88 Harbour, Pier, and Dock Authorities; 361† Highway Boards, acting for 6,904 highway parishes; 43 Rural Sanitary Authorities exercising the powers of Highway Boards for 784 highway parishes; 6,488 Surveyors of separate highway parishes; and 2 Turnpike Trusts. In addition to the above, they include summaries of the Accounts of 2,285 School Boards, and the Managers of 10 School Districts, 2 Sick Asylum Districts, the Metropolitan Asylum District, and the Committee of the Aldershot Joint Hospital, making a total of 28,398‡ authorities.

The systematic arrangement and tabulation of the financial transactions of so large a number of Local Authorities is a work of much time and labour. The Returns themselves can seldom, if ever, be obtained from the Authorities immediately

* Including the Local Board of Health for Woolwich.

† In this number the Districts of the Isle of Wight Highway Commissioners and the Isles of Scilly are included.

‡ In a few cases Local Authorities neither received nor expended any monies during the year, and these cases are not included in the above number; on the other hand, where a Local Board has become a Municipal Authority during the year, the same district is included twice.

on the conclusion of the financial year to which they relate. The officers of the Local Authorities are not in a position to prepare the Returns until the accounts have been made up and audited, and frequently several months elapse before the audit of the accounts can be completed. Moreover the accounts of several of the Authorities, *e.g.*, Boards of Guardians, Overseers, Improvement Commissioners, Local Boards, Rural Sanitary Authorities, School Boards, Highway Boards, and Highway Surveyors, are in each district audited by the same officer, and consequently it necessarily happens, in many cases, that the audits of the accounts of some of these Authorities have to be postponed until a considerable time has elapsed from the expiration of the financial year.

As regards the accounts of the Local Authorities which are not subject to audit by a district auditor, they are not all kept on the same principle; and owing to the variety of the financial transactions to which they relate, and to the different methods of keeping them adopted by different Authorities, it is necessary practically to recast many of them in order to obtain the information necessary for the purpose of the Returns, so as to enable the different items of receipt and expenditure to be grouped under uniform headings. This is more especially the case with regard to the accounts of some of the more important Local Authorities.

For the purpose of securing accuracy, the Returns, when received, are carefully examined, and their examination not unfrequently leads to the discovery of errors, or points upon which further information is required, and thereby considerable correspondence with the Authorities is often entailed before the Returns themselves are ready for tabulation.

Receipts
other than
from Loans.

The aggregate receipts during the year of the Local Authorities enumerated above, excluding Loans, and making the necessary deductions * in order to avoid duplicate reckonings, amounted to 55,549,402 *l.*, as compared with 53,337,213 *l.*, 51,437,425 *l.*, 50,237,862 *l.*, and 47,975,705 *l.*, received by them during the years 1891-92, 1890-91, 1889-90, and 1888-89, respectively. The principal items of receipt are shown in the following Table for the five years:—

* The items deducted for the purposes of this Summary from the gross receipts and expenditure for the year 1892-93 will be found in the tabular statements in the Appendix. Similar deductions were made in the Returns for the four preceding years. They consisted in 1888-89 for the most part of precept rates raised by one class of Local Authority, and paid by them to another; contributions made by one Local Authority to the expenditure of another; Loans raised by one Local Authority for the purpose of lending to another; the annual payments received by the lending Authority in respect of such Loans, and other similar items. In the years 1889-90 to 1892-93, it was also necessary to provide for deductions in respect of payments to other Local Authorities, made by the Councils of Administrative Counties and County Boroughs, out of sums received by them from the Local Taxation Account, and also for deductions in respect of transfers made from one account to another under the provisions of the Local Government Act 1888.

† Including grants in aid of the cost of Elementary and Industrial Schools, and the London Fire Brigade; and other payments out of Imperial Funds for Police, the Conveyance and Maintenance of Prisoners, &c. In the year 1889-90 balances of grants discontinued under the provisions of the Local Government Act 1888, and of the temporary grants provided for by that Act are included. The increase in 1892-93 was attributable to additional payments made to School Boards in respect of the Fee Grant provided by the Elementary Education Act 1891.

‡ Including 3,742,615 *l.* in 1889-90, 4,743,989 *l.* in 1890-91, 5,575,353 *l.* in 1891-92, and 5,673,323 *l.* in 1892-93, received by the Councils of Counties and County Boroughs, 584,826 *l.* in 1889-90, 740,681 *l.* in 1890-91, 754,666 *l.* in 1891-92, and 765,878 *l.* in 1892-93, received by the Receiver for the Metropolitan Police District, and 465 *l.* in 1891-92, and 307 *l.* in 1892-93, received by the Hove Improvement Commissioners; these amounts include those received during 1890-91 and subsequent years under the Local Taxation (Customs and Excise) Act, 1890, in aid of police superannuation. The amounts paid to the Councils include the amounts distributed, or to be distributed, by them to other Local Authorities under the provisions of the Local Government Act 1888, in substitution for the discontinued Parliamentary Grants, and otherwise. As to the unapplied balances of the amounts received for this purpose, see note * on page xxxii.

§ Including Market Rents and Stallages, and Harbour Tolls, Dues, and Duties.

|| Including 648,502 *l.* in 1888-89, 659,669 *l.* in 1889-90, 684,427 *l.* in 1890-91, 657,203 *l.* in 1891-92, and 80,562 *l.* in 1892-93, from School Fees, and sale of books, &c., to children.

It should be borne in mind, with respect to the above loans, that some of them, *e.g.*, a majority of those owing for harbours, piers, and docks, are not charged on the rates. Others, such as those incurred for water-works, gas-works, markets, &c., are primarily charged, in many cases, on the revenues of the undertakings for the purposes of which they have been raised, and constitute a charge on the rates only in the event of such revenues proving insufficient to meet the payments of principal and interest of the loans. The proportion which the local indebtedness bears to the Rateable Value of the several districts in respect of which it has been incurred, appears in most cases in the Returns themselves,

* Including the asylums for imbeciles provided by the Managers of the Metropolitan Asylum District, loans for which are excluded from the amounts entered under the heading of "Lunatic Asylums."

themselves, and varies greatly in different localities. It may, however, be stated that the Rateable Value of England and Wales for the purposes of the Poor Rate, according to the Valuation Lists in force at Lady-day 1893, was 159,469,468 *l*.

Taking the loans outstanding at the end of the three last years in the Table, it may be observed that the amounts per £. of Poor Rate Valuation and the amounts per head of estimated population work out as follows:—

Summary of
financial
transactions
Urban and
Rural.

In the following Table some of the more important particulars of the receipts and expenditure of Local Authorities during the financial year 1892-93 and their outstanding loans at the end of the year are arranged so as to show separately, so far as practicable, the financial transactions of Urban and Rural Authorities. Where this cannot be done, owing to the Local Authorities acting partly for urban and partly for rural districts, the transactions are entered under the heading, "Urban and Rural." The particulars relating to the urban districts are further subdivided so as to show as far as possible the transactions of the Metropolitan separately from those of the Extra Metropolitan Authorities. It should be mentioned, however, that the transactions of the Corporation of London include receipts and expenditure in respect of some Extra Metropolitan purposes; and that the county of London (which is also the District of the School Board for London and the area under Metropolitan Vestries and District Boards) includes the hamlet of Penge, which is not in the Metropolis. On the other hand, the Extra Metropolitan Harbour, Pier, and Dock Authorities include the Thames River Lower Navigation Commissioners, and the Drainage, Embankment, and Conservancy Boards include the Thames River Upper Navigation Conservancy Board and the Lea River Conservancy Board, and a small portion of the districts under their jurisdiction is within the Metropolitan area. The transactions of the Commissioners of Police of the Metropolis, whose District comprises the whole of the county of London (excluding the City of London), and portions of the counties of Middlesex, Surrey, Kent, Essex, and Hertford, have been approximately apportioned between the Metropolitan and Extra Metropolitan portions of the District upon the rentals in the respective areas upon which the Police Rates are levied. The necessary deductions (referred to in Note * on page iv.) have been made in each case, in order to avoid duplicate reckonings.

* For the years ended 29th September 1890, 1891, and 1892, respectively. The rates in the £. are taken from page xxxiii of the Report of the Committee of Council on Education (England and Wales), 1892-93.

† Corrected to two places of decimals these figures would be 1·86, 1·95, and 2·11, respectively.

The rates in the £. of the rates raised by Poor Law authorities, the Commissioners of Sewers of the City of London, the London County Council, and the Corporation of London have been calculated on the rateable value according to the Poor Rate valuation, and the rates in the £. of the rates raised by other authorities have been mostly calculated on the rateable values of their districts as shown by their Returns. The Metropolitan Police Rates were calculated on the rentals upon which the rates were levied

levied on the parishes. The rates in the £. in the case of both Rural Sanitary Authorities and Highway Authorities for rural districts were calculated on the rateable values given in the Highway Returns.

It will be seen from the above table that, comparing 1892-93 with 1891-92, in the Metropolis the rate in the £. of the rates raised by the Poor Law Authorities and the School Board fell from 1s. 4·5d. and 11·0d. respectively to 1s. 3·4d. and 10·6d. On the other hand there was an increase of 0·6d. in the rate in the £. of the rates raised by the London County Council for general county purposes, and of 0·1d. in the rate in the £. of the rates raised for special county purposes, and of 1·1d. in the average rate in the £. of the rates raised by the Metropolitan Vestries and District Boards. In the City of London the rate in the £. of the rates raised by the Commissioners of Sewers, and as Police and Ward Rates, rose from 1s. 0·9d. and 5·6d. respectively to 1s. 5·8d. and 5·9d.

Outside London the average rate in the £. of the rates raised by County Councils for general county purposes rose from 2·8d. in 1891-92 to 3·1d. in 1892-93. In 27 counties the rate for general county purposes was higher, and in 33 counties lower in 1892-93 than the average rates levied in the same counties for those purposes in 1889-90 and in 1890-91. Comparing 1892-93 with 1891-92, the average rate in the £. of the rates raised by Town Councils of county boroughs acting as Municipal and Urban Sanitary Authorities respectively rose to the extent of 0·2d. and 1·2d. In non-county boroughs the rates raised for municipal purposes rose to the extent of 0·1d., whilst the rates raised for sanitary purposes fell to the extent of 0·8d. The average rate in the £. of the rates raised by Local Boards and Improvement Commissioners rose to the extent of 0·7d., and that of the rates raised by Rural Sanitary Authorities and Highway Authorities in rural districts to the extent of 0·2d. and 0·6d. respectively. The average School Board rate in boroughs rose in England to the extent of 0·5d., and in Wales to the extent of 0·4d., while in parishes in England it rose to the extent of 0·4d., and in Welsh parishes to the extent of 3·3d. The average rate in the £. of the rates raised by Extra Metropolitan Poor Law Authorities rose from 9·8d. to 10·5d.

The foregoing are the general results of the Local Taxation statistics for the year. Some information will now be given with respect to the financial transactions of the various Local Authorities from whose Returns and Accounts the foregoing particulars have been taken. Further details as to these transactions will be found in the Appendix.

POOR LAW AUTHORITIES.

For the purposes of Poor Law Relief, England and Wales were divided into 648 Unions and Parishes under separate Boards of Guardians and the Isles of Scilly, comprising 14,681 Poor Law parishes. The Guardians, in addition to their duties in connection with the relief of the poor, perform within the areas subject to their jurisdiction several duties unconnected with relief. During the year ended the 25th of March 1893 their receipts (excluding loans, rates levied to meet the precepts of other Local Authorities, and contributions to the other Poor Law Authorities to whom reference is made below) amounted to 9,367,984 l. Their expenditure, so far as it was not defrayed out of loans, amounted to 9,653,026 l.

The loans raised by the Guardians during the year amounted to 460,675 l. Their expenditure out of loans was 365,383 l. At the end of the year their outstanding debt was 5,839,793 l.

The other Poor Law Authorities, who exercise powers in relation to the relief of the poor, and whose financial transactions are included in these Returns, are (1) the Metropolitan Asylums Board, who are the Managers of the Metropolitan Asylum District (which was constituted under the Metropolitan Poor Act, 1867), and who provide asylums for the reception and relief of fever and small-pox patients and insane poor chargeable to the Unions and Parishes in the District; (2) the Managers of two Metropolitan Sick Asylum Districts, constituted under the same Act; (3) the Managers of School Districts formed under the Poor Law Amendment Act, 1844, for the maintenance of District Schools; and (4) the Aldershot Joint Hospital Committee. Excluding loans, the receipts of these authorities during the year were as follows: the Metropolitan Asylums Board, 496,047 l.; the

Managers

Managers of the Sick Asylum Districts, 36,516 *l.*; the Managers of the School Districts, 193,400 *l.*; and the Aldershot Joint Hospital Committee, 880 *l.* Their expenditure, so far as it was not defrayed out of loans, amounted to 583,316 *l.*, 36,685 *l.*, 197,668 *l.*, and 866 *l.*, respectively.

The Metropolitan Asylums Board received during the year loans to the extent of 46,825 *l.* The Managers of the Poplar and Stepney Sick Asylum District raised on loan during the year 28,000 *l.*, and the Managers of the Central London and West London School Districts 7,600 *l.* No loans were raised by Churchwardens and Overseers.

The sum expended during the year out of loans by the Managers of the Central and West London School Districts was 5,495 *l.*, by the Metropolitan Asylums Board, 29,360 *l.*, and by the Managers of the Poplar and Stepney Sick Asylums District, 1,055 *l.* The Managers of the South Metropolitan School District expended 2,707 *l.* during the year in anticipation of a loan.

The outstanding loans of these authorities at the end of the year were as follows: the Metropolitan Asylums Board, 990,114 *l.*; the Managers of the Sick Asylum Districts, 53,679 *l.*; and the Managers of the School Districts, 281,710 *l.* A sum of 17,701 *l.* was also outstanding in respect of loans raised by Churchwardens and Overseers.

The rateable value of the property liable to contribute to the Poor Rate, according to the Valuation Lists in force at the beginning of the financial year 1892-93, was 157,722,913 *l.*

COUNTY COUNCILS, &c.

There were 61 administrative counties in England and Wales, exclusive of the county of London, in which the County Councils constituted under the provisions of the Local Government Act, 1888, discharged, during the year ended the 31st March 1893, the duties transferred to them from the former County Authorities, and the additional duties imposed upon them by that Act. In addition to these County Councils there were Joint County Committees for Lincolnshire, Suffolk, Sussex, and Yorkshire, the Lancashire Asylums Board and the Council of the Scilly Islands. In consequence of the exceptional position of the County Council of London, who not only exercise functions analogous to those of other County Councils, but also those of the late Metropolitan Board of Works, their financial transactions are not included with those of the other County Councils, but are dealt with separately. See page xxii. The assessable value of the property liable to be rated to the rate for general county purposes in the 54 administrative counties and in the Scilly Islands, in which rates for these purposes were raised in England and Wales excluding the county of London, amounted, at the commencement of the year in question, to 86,598,191 *l.*

The receipts of the County Councils, the Council of the Scilly Islands, and the Committees above referred to during the year, excluding loans and sums received for re-investment in respect of Police Pension Funds, but including 756,923 *l.* received from other local authorities and from sales of securities in which sinking funds were invested, were 6,829,013 *l.*; and their expenditure, so far as it was not defrayed out of loans, was 6,624,089 *l.* This included 1,212,431 *l.* paid out of the Councils' Exchequer Contribution Accounts to other local authorities in respect of the discontinued Parliamentary Grants and the new grants provided for by the Local Government Act. A small contribution in respect of the expenditure on main roads prior to the 31st March 1889, payments to Treasurers of Visiting Committees of Lunatic Asylums (other than those in respect of the maintenance of lunatics chargeable to the county rate), payments to other local authorities for the repair of county bridges, contributions to other local authorities towards other bridges and technical education, and other payments to local authorities, amounting in all to 613,363 *l.*, are also included in the total expenditure. The total amount of loans raised by County Councils during the year was 406,238 *l.*, and the expenditure out of loans amounted to 283,820 *l.* The total outstanding debt of the County Councils at the end of the year was 2,706,616 *l.*, of which by far the greater part had been incurred in respect of lunatic asylums. The sum in sinking funds set aside for the repayment of a portion of this debt amounted to 1,221 *l.* at the close of the year.

PAUPER LUNATIC ASYLUMS.

Under the provisions of the Local Government Act, 1888, the administrative business of the county justices in connection with pauper lunatic asylums was transferred to the County

County Councils, and the accounts of the Visiting Committees of such asylums and their officers were made subject to audit in the same way as their other accounts. Abstracts of the accounts relating to the pauper lunatic asylums of boroughs are also furnished to the Local Government Board in pursuance of Section 278 of the Lunacy Act, 1890. Excluding the asylums belonging to the county of London and to the City of London, which will be subsequently referred to, these accounts include the accounts of the Visiting Committees of 33 asylums belonging to 37 administrative counties, 16 asylums belonging to 23 administrative counties and 26 boroughs combined, and 13 asylums belonging to 12 boroughs. The total receipts of these Visiting Committees during the year, excluding loans, but including 1,374,044 *l.* receipts from Boards of Guardians, Treasurers of Counties and Boroughs, and other Local Authorities, amounted to 1,454,940 *l.* Their expenditure, exclusive of loan expenditure, but including 1,223,673 *l.* recouped by Guardians and Treasurers of Counties and Boroughs and payments to other Local Authorities, amounted to 1,473,237 *l.* The amounts received and expended out of loans, viz., 41,302 *l.* and 42,486 *l.* respectively, are included in the accounts of County and Borough Councils.

MUNICIPAL AUTHORITIES.

Owing to the passing of the Local Government Act, 1888, under which certain boroughs were constituted County Boroughs, the Town Councils of which were invested with enlarged powers and duties, the abstracts of the Returns from County Boroughs are now printed separately from the Returns from the other boroughs. There were 302* Municipal Boroughs in existence at the end of the year (exclusive of the City of London, the accounts of which are given separately in these Returns). Of these 64 were County Boroughs. Of the County Boroughs 46, and of the other boroughs 59, had separate Courts of Quarter Sessions. The assessable value for the purposes of the borough rate of the County Boroughs was 32,662,864 *l.*, and that of the other boroughs 13,781,771 *l.*, making a total assessable value of 46,444,635 *l.* The population in 1891 of the County Boroughs was 7,588,536, and of the other boroughs 3,352,307, making a total population of 10,940,843. In 301 of these boroughs the Town Councils acted during the year as Urban Sanitary Authorities; in 83 boroughs they acted as Burial Boards. Their financial transactions in these capacities are given separately. In some cases undertakings which, under the general law, are carried on by the Town Council in its capacity of Urban Sanitary Authority, are vested in the Corporation as the Municipal Authority, by virtue of special provisions in the Charter of Incorporation or in Local Acts. For the sake of uniformity the financial transactions of Town Councils in respect of these undertakings have been entered in the Returns made by them as Urban Sanitary Authorities, in all but a few exceptional cases where it has not been found practicable to adopt this course. Treated on this principle, the receipts of the Municipal Authorities in the County Boroughs, exclusive of loans, and sums received for re-investment in respect of Police Pension Funds, amounted during the year to 4,489,189 *l.*, and in the other boroughs to 890,820 *l.*, making a total of 5,380,009 *l.* The expenditure, so far as it was not defrayed out of loans, amounted in the County Boroughs to 4,448,156 *l.*, and to 929,541 *l.* in the other boroughs, making a total of 5,377,697 *l.* It should be observed that out of this total expenditure the payments out of the Exchequer Contribution Accounts to other Local Authorities, and from other accounts in respect of contributions to School Boards, payments to other Authorities, and transfers from the Borough Fund to accounts of the Town Council acting as the Urban Sanitary Authority or Burial Board, amounted to 2,023,430 *l.* The total expenditure also includes 101,468 *l.* invested in respect of Police Pension Funds. The total amount of the loans raised by Municipal Authorities during the year was 1,782,449 *l.*, including 1,624,359 *l.* in the County Boroughs. Their expenditure out of loans amounted to 1,520,878 *l.*, 1,398,552 *l.* of which was in respect of County Boroughs. The outstanding debt at the end of the year was 9,933,074 *l.* in the County Boroughs, and 1,572,901 *l.* in the other boroughs, making a total of 11,505,975 *l.* Sums amounting to 294,908 *l.* in the County Boroughs, and 39,312 *l.*

in the other boroughs, remained in sinking funds for the repayment of a portion of this debt at the end of the year. The amount taken out of the funds during the year and applied to the repayment of principal was 51,589 *l.* in the former and 16,017 *l.* in the latter case.

TOWN COUNCILS ACTING AS URBAN SANITARY AUTHORITIES.

As has been already stated, the Town Councils in 301 Municipal Boroughs acted as Urban Sanitary Authorities during the year. The accounts of these authorities in County Boroughs are shown separately from those in other boroughs in the same manner as in the Municipal Accounts. The receipts, excluding loans of these authorities, amounted to 10,906,340 *l.* in the County Boroughs, and 3,415,391 *l.* in the other boroughs, making a total of 14,321,731 *l.* This included 585,756 *l.* transfers and payments from Exchequer Contribution Accounts, sums received from County Councils for maintenance of main roads, &c., and from other Local Authorities, and transfers from the Borough Funds. Their expenditure, so far as it was not defrayed out of loans, was 11,043,070 *l.* in the County Boroughs, and 3,505,630 *l.* in the other boroughs, making a total expenditure of 14,548,700 *l.*, including 39,414 *l.* in the County Boroughs paid to other local authorities, and 217,042 *l.* in the other boroughs, in respect of expenditure on main roads repaid by County Councils and contributions to other Local Authorities. The loans raised by these authorities during the year amounted to 3,478,612 *l.* in the County Boroughs, and 924,128 *l.* in other boroughs, making a total of 4,402,740 *l.* Their expenditure out of loans was 2,947,935 *l.* and 786,329 *l.*, respectively, with a total of 3,734,264 *l.*; of this sum, 1,132,185 *l.*, including 919,571 *l.* in the County Boroughs, was expended on water works alone. Their outstanding loans at the end of the year amounted to 73,649,405 *l.* in County Boroughs and 16,950,700 *l.* in other boroughs, making a total of 90,600,105 *l.* of which considerably more than half was owing in respect of water works and gas works, and about a third in respect of street improvements, artisans' dwellings, works of sewerage and sewage disposal, parks, pleasure grounds, and open spaces, and markets. Sums amounting to 3,830,737 *l.* in County Boroughs, and 488,311 *l.* in other boroughs remained in sinking funds for the repayment of a portion of the outstanding debt at the end of the year, whilst 447,525 *l.* in the former case and 147,156 *l.* in the latter case had been taken out of the funds during the year, and applied to the repayment of principal. The assessable value of the boroughs for the purposes of the rates out of which the general expenses of the Town Councils, as the Urban Sanitary Authorities, were defrayed was 30,706,819 *l.* in County Boroughs, and 12,146,065 *l.* in other boroughs, making a total assessable value of 42,852,884 *l.*

URBAN SANITARY AUTHORITIES, OTHER THAN TOWN COUNCILS.

The Urban Sanitary Authorities of England and Wales, other than Town Councils, during the year ended the 25th of March 1893, were 723 in number, of which 31 were Improvement Commissioners constituted under Local Acts, and 692 Local Boards constituted under the Sanitary Acts or the Public Health Act, 1875. Their receipts, excluding loans, but including 521,646 *l.*, received from County Councils out of their Exchequer Contribution Accounts, and for the maintenance of main roads, &c., from other Local Authorities, and from sales of securities in which sinking funds were invested, amounted during the year to 4,255,482 *l.*, and their expenditure, so far as it was not defrayed out of loans, was 4,353,804 *l.*, including 378,095 *l.*, expenditure on main roads repaid by the County Councils under Sub-sections 2 and 4 of Section 11 of the Local Government Act, 1888, and 139,902 *l.* contributed to other Local Authorities. The loans raised by these authorities during the year amounted to 1,174,949 *l.* Their expenditure out of loans was 1,106,192 *l.* Their outstanding loans at the end of the year amounted to 13,550,943 *l.*, of which by far the greater part was owing in respect of water works, sewerage and sewage disposal works, gas works, street improvements, bridges and ferries, public offices, parks and pleasure grounds, markets, and private improvement works. Sums amounting to 298,051 *l.* remained in sinking funds at the end of the year for the repayment of a portion of this debt. The amount taken out of the invested funds during the year and applied to the repayment of principal was 18,557 *l.* The assessable value of these Urban Sanitary Districts for the purposes of the General District or other rates out of which the general expenses of the Authorities were defrayed was 20,462,444 *l.*

JOINT BOARDS.

In several instances combinations of Sanitary Authorities have been formed under the Public Health Act, 1875, and under Local Acts, for the purpose of carrying on Undertakings or Works for the common benefit of two or more Sanitary Districts or parts of such Districts. In these cases united Districts have been formed, subject to the jurisdiction of Joint Boards or Joint Committees consisting of representative members of the constituent Sanitary Authorities. These united Districts may be formed by Provisional Orders under Section 279 of the Public Health Act, 1875, for any of the purposes of that Act. The purposes for which they had up to the end of 1892-93 been set up under that section were the making of Main Sewers and Sewage Disposal Works, and the provision of Hospitals and Cemeteries, and in one case of a common water supply. Joint Committees have also been formed by Provisional Order under Section 14 (3) of the Local Government Act, 1888, for the purpose of enforcing the Rivers Pollution Prevention Act, 1876. Under Local Acts, also, Joint Boards and Joint Committees have been constituted in several cases for the purpose of acquiring and carrying on Water Undertakings for the common benefit of two or more Districts, and, in two cases, Bridge Undertakings. In addition to the Joint Boards above enumerated, certain other Joint Boards have been constituted Port Sanitary Authorities under the provisions of the Public Health Act, 1875 (see page xviii). The expenses of the Joint Authorities, so far as they are defrayed out of rates, are for the most part met by contributions raised by way of precept from the constituent Sanitary Authorities, and in many cases their expenditure on capital account is defrayed out of money raised on loan by the latter authorities. The number of these Joint Authorities (other than the Joint Port Sanitary Authorities) in existence during the financial year 1892-93* was 42, of which 13 had been formed for the purposes of Main Sewerage and Sewage disposal, one for the management of a Sewage Farm, six for carrying on Water Works undertakings, 17 for the provision of Hospitals, one for that of Cemeteries, two for the provision of bridges and approaches thereto, and two for dealing with Rivers Pollution. Their receipts, excluding loans, amounted during the year to 242,345 *l.*, of which 91,421 *l.* consisted of receipts on account of water undertakings, and 121,871 *l.* of contributions from constituent and other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, was 245,437 *l.*, of which 53,688 *l.* consisted of expenditure on sewage works, and 73,730 *l.* of payments to the Constituent and other Local Authorities. Their loan receipts amounted to 28,387 *l.*, of which 9,900 *l.* was received on account of sewage works, and 14,000 *l.* on account of water works. Their loan expenditure amounted to 49,739 *l.*, of which 27,252 *l.* was spent on sewage works, and 11,195 *l.* on water works. The outstanding loans of these Joint Authorities at the end of the year, exclusive of the loans raised by the Constituent Authorities, amounted to 1,274,192 *l.*, of which by far the greater portion was owing in respect of works of sewerage and sewage disposal, most of the loans required for the other undertakings of the Joint Authorities having been raised by the Constituent Authorities. A sum of 1,906 *l.* remained in sinking funds at the end of the year for the repayment of a portion of the debt of the Joint Authorities. The amount taken out of the funds during the year and applied to the repayment of principal was 1,636 *l.*

RURAL SANITARY AUTHORITIES.

In 574 of the 648 Unions and Parishes in England and Wales under separate Boards of Guardians, the Guardians, during the year ended the 25th of March 1893, were the Rural Sanitary Authority for such parts of each Union as were not comprised in any Urban Sanitary District, and in the Isles of Scilly the Council of the Isles were the Rural Sanitary Authority. In 43 Unions the Rural Sanitary Authorities were also the Highway Authorities, but their receipts and expenditure in this capacity have been excluded from the Returns made by them as Rural Sanitary Authorities, and are included with the receipts and expenditure of other Highway Authorities in Rural Districts, as it is convenient that all the transactions relating to Rural Highways should appear in one and the same Return.

After

* This year ended on the 25th or 31st March 1893, except as regards the Birmingham, Tame, and Rea District Drainage Board, and the Stockton and Middlesbrough Water Board. In the first case the year ended on the 31st December 1892, and in the second case on the 14th February 1893.

After allowing for these exclusions, the receipts of the Rural Sanitary Authorities during the year, excluding loans, amounted to 603,376 *l.*, of which 45,008 *l.* was received from County Councils out of their Exchequer Contribution Accounts, and 4,883 *l.* from other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 611,480 *l.*, of which 34,425 *l.* consisted of payments to other Local Authorities. Their receipts from loans during the year were 220,065 *l.*, and their expenditure out of loans 178,194 *l.*, of which by far the greater part had been raised for works of sewerage and sewage disposal, and water works. Their outstanding loans at the end of the year amounted to 1,900,845 *l.* A sum of 1,280 *l.* remained in sinking funds at the end of the year to provide for the repayment of a portion of this debt. The rateable value on which the contributions of the overseers towards the general expenses of Rural Sanitary Authorities were calculated amounted to 53,609,284 *l.*

PORT SANITARY AUTHORITIES.

During the financial year 1892-93 there were 58* Port Sanitary Authorities in England and Wales, including the Corporation of London, who are the Port Sanitary Authority for the Port of London, and whose expenditure in that capacity, amounting to 4,600 *l.*, was almost exclusively defrayed out of the City's Estate. The other Port Sanitary Authorities were either Sanitary Authorities or Joint Boards consisting of representative members of Urban and Rural Sanitary Authorities. The receipts of Port Sanitary Authorities during the year, excluding loans, amounted to 23,927 *l.*, of which 17,130 *l.* was derived from contributions from the Riparian Sanitary Authorities, 1,222 *l.* from County and County Borough Councils out of Exchequer Contribution Accounts, and 165 *l.* from other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 24,636 *l.*, of which 360 *l.* consisted of payments to other Local Authorities. No loan was raised by any Port Sanitary Authority during the year, nor was there any expenditure out of loans, but the Port Sanitary Authority of Bristol expended 900 *l.* in anticipation of a loan. The loans of Port Sanitary Authorities outstanding at the close of the year amounted to 8,262 *l.*, of which 124 *l.* was owing by the Hartlepool Port Sanitary Authority, 513 *l.* by the Wisbech Port Sanitary Authority, 450 *l.* by the Tees Port Sanitary Authority, 3,025 *l.* by the Weymouth Port Sanitary Authority, and 4,150 *l.* by the Tyne River Port Sanitary Authority.

BURIAL BOARDS.

The number of Burial Boards whose financial transactions are included in the Local Taxation Returns for the financial year 1892-93 is 1,020.† Of these, the Commissioners of Sewers of the City of London are the Burial Board for the parishes in the City; and in 83 Boroughs, 56 Local Government Districts, and one Improvement Act District, the Burial Board was the Town Council, the Local Board, and the Improvement Commissioners respectively. Besides these, Returns showing no financial transactions were received from 29 Burial Boards, of which one is a Local Board. In each of the above cases the receipts and expenditure of the Local Authority acting as the Burial Board are included in the Burial Board Returns, rather than in the other Returns of the Authority, in order that the whole of the financial transactions of Local Authorities under the Burial Acts may appear in one and the same Return. The receipts of Burial Boards during the year, excluding loans, amounted to 462,158 *l.*, of which 179,800 *l.* was derived from rates, and the remainder (exclusive of 514 *l.* from sales of Securities in which Sinking Funds were invested and 3,569 *l.* received from other Local Authorities) from burial fees, sales of graves, vaults, &c., rents and dividends, and other similar receipts. Their expenditure, so far as it was not defrayed out of loans, was 468,434 *l.*, which included 8,431 *l.* paid to other Local Authorities. They received during the year loans to the extent of 98,174 *l.*, and expended out of loans sums amounting to 75,816 *l.* Their outstanding debt at the end of the year was 2,204,352 *l.*, for the repayment of which 65,815 *l.* remained in the sinking funds. The amount taken out of the funds during the year and applied to the repayment of principal was 15,871 *l.*

* In two of these cases there had been neither receipts nor expenditure by the Authorities during the year.

† The number included in the Returns for the previous year was 1,001. Returns in respect of the year 1892-93 were received for the first time from 21 Burial Boards. Of these, 12 had no receipts or expenditure during the year. Four Burial Boards ceased to exist.

COMMISSIONERS OF BATHS AND WASHHOUSES.

Under Section 3 of the 9 & 10 Vict. c. 74, the Baths and Washhouses Acts may be adopted by the Municipal Corporation of any Borough; and by virtue of Section 10 of the Public Health Act, 1875, they may be adopted by the Urban Sanitary Authority of any district in which they are not already in force. As a matter of fact, where they are in force in places outside the Metropolis, they are usually administered by Municipal or Urban Sanitary Authorities; and in these cases the financial transactions of the Local Authorities under them appear in the Municipal Borough or other Urban Sanitary Accounts. Under the former of the above Acts, Commissioners of Baths and Washhouses had also been appointed, up to the 25th of March 1893, for 28 parishes, of which 27 were in the Metropolis. The receipts of these Commissioners during the year, excluding loans, amounted to 98,759*l.*, of which 45,883*l.* was derived from rates. Their expenditure during the year, so far as it was not defrayed out of loans, amounted to 111,128*l.* Their loan receipts amounted to 54,100*l.*; and their expenditure out of loans was 77,894*l.*, in addition to which 20,741*l.* was expended in anticipation of loans. The outstanding loans of the Commissioners at the end of the year amounted to 437,167*l.*

CONSERVATORS OF COMMONS, AND TRUSTEES OF CERTAIN OPEN SPACES.

Returns were received from five of these Authorities exercising powers under Local Acts, namely, the Wimbledon and Putney Commons Conservators, acting under the Wimbledon and Putney Commons Act, 1871, the Malvern Hills Conservators, acting under the Malvern Hills Act, 1884, the Great Torrington Conservators, acting under the Great Torrington Commons Act, 1889, and the Broxborne and Hoddesdon Trustees, acting under the Broxborne and Hoddesdon Open Spaces and Recreation Grounds Act, 1890. The receipts of the Conservators and Trustees during the year, which, in the case of the Malvern Hills Conservators, ended on the 31st December 1892, amounted to 3,621*l.*, of which 179*l.* was derived from the Poor Rate, and 2,867*l.* from other rates. Their expenditure amounted to 3,487*l.*, of which 868*l.* was spent on maintaining and improving the Commons, 823*l.* on salaries, 1,400*l.* for interest (including 1,200*l.* on account of a perpetual annuity), 288*l.* on Establishment Charges, and 90*l.* on Law Charges. These authorities had neither raised nor expended any loans during the year. The outstanding debt of the Wimbledon and Putney Commons Conservators at the end of the year was 35,000*l.*, of which 30,000*l.* was the capitalised value, at 25 years' purchase, of the perpetual annuity referred to.

COMMISSIONERS OF FREE PUBLIC LIBRARIES.

The Public Libraries (England) Acts, 1855 to 1890, could be adopted by the Town Councils of Boroughs, Boards under Improvement Acts, Local Boards, and Metropolitan Vestries and District Boards, and also, under certain circumstances, by separate Parishes. In the latter case Commissioners were appointed for carrying the Acts into execution. By the Public Libraries Act, 1892, which was passed to consolidate and amend the law relating to Public Libraries, the previous Acts were repealed; but it was provided that where those Acts had been adopted for any Library District, that adoption should be deemed to have been an adoption of the Act of 1892. The financial transactions of Town Councils of Boroughs, Improvement Act Commissioners, and Local Boards, in connection with their Libraries, are included with their other accounts. The total receipts of the Commissioners for the twenty-nine * Parishes and Districts in which Libraries had been established, which with one exception are all in the Metropolis, amounted during the year to 64,895*l.*, including 53,605*l.* derived from rates, and 7,681*l.* from donations and subscriptions. Their expenditure amounted to 58,701*l.*, out of which

18,724*l.*

* Including the Holborn, St. Giles, and Whitechapel Districts. In the Camberwell and Lambeth Parishes, there were Library Commissioners for the two Parishes separately, and also a Joint Committee for both Parishes.

18,724 *l.* was spent on buildings, repairs and maintenance, 16,128 *l.* on books, periodicals, &c., 4,290 *l.* principal repaid, 3,387 *l.* interest on loans, 11,966 *l.* on salaries and remuneration of officers and assistants, 2,661 *l.* on establishment charges, and 600 *l.* contributed to the Joint Committee. Besides these transactions, 49,100 *l.* was raised by loans, and 36,431 *l.* expended out of loans, which included 750 *l.* expended in anticipation of a loan. The amount of loans outstanding at the end of the year was 140,360 *l.*

LIGHTING AND WATCHING INSPECTORS.

In Urban Sanitary Districts, and in the parts of Rural Sanitary Districts in which the first paragraph of Section 161 of the Public Health Act, 1875, has been put in force, the public lighting was, during the year 1892-93, in the hands of the Sanitary Authority. In the other parts of Rural Sanitary Districts, if the Lighting and Watching Act (3 & 4 Will. 4, c. 90) had been adopted, the public lighting was undertaken by inspectors appointed under that Act, who could also provide and keep up fire engines for the use of the place in which the provisions of the Act had been adopted. These inspectors had the power of levying rates for the purpose of meeting their expenses, but had no powers of borrowing on mortgage of such rates. During the year ended on the 25th of March 1893, there were 174 places in which the Lighting and Watching Act was in force. The receipts of the inspectors during the year amounted to 24,296 *l.*, of which 23,867 *l.* was derived from rates and 350 *l.* was received on account of fire engines and fire brigades; and their expenditure to 24,325 *l.*

MARKETS AND FAIRS COMMISSIONERS.

The effect of the Public Health Act, 1872, and the subsequent statutes which have been passed relating to Sanitary Authorities, has been to transfer to Urban Sanitary Authorities, in the great majority of cases, the powers and property of Commissioners of Markets and Fairs appointed under Local Acts of Parliament. There were, however, four cases in which these Commissioners still continued to exist as separate Local Authorities during the year ended on the 25th of March 1893, and it has therefore been necessary to give a separate Return of their receipts and expenditure for that year. It appears from this Return that the receipts of the Commissioners during the year, exclusive of loans, amounted to 15,012 *l.*, of which 14,859 *l.* was derived from tolls, dues, rents, and stallages, while the expenditure was 16,249 *l.*, including 5,881 *l.* paid by the Commissioners of St. Saviour's, Southwark, Market, to the overseers of the parish in aid of Poor Rate. No loans were raised during the year; but a sum of 9,579 *l.* was expended by the St. Saviour's, Southwark, Commissioners, in anticipation of a loan. The total amount of outstanding loans at the end of the year was 24,880 *l.*; 16,500 *l.* of this sum was owing by the Taunton Market Commissioners.

BRIDGE AND FERRY TRUSTEES.

During the financial year 1892-93 there were 16 Toll Bridges and Ferries belonging to Local Authorities in England and Wales, who were separate bodies of Trustees. The total receipts of these Trustees during the year amounted to 3,317 *l.*, of which 3,092 *l.* was derived from tolls, dues, and rents. The total expenditure of the Trustees during the same period was 2,395 *l.* No loans were raised, nor was there any expenditure out of loans by the Trustees during the year. The outstanding loans owing at the end of the year in respect of the Bridge and Ferry undertakings amounted to 7,260 *l.* The undertakings vested in these Trustees were entirely self-supporting.

METROPOLITAN VESTRIES AND DISTRICT BOARDS, &c.

The local management of the Metropolis (exclusive of the City of London, the Parish of Woolwich, and the places in Schedule C. of the Metropolis Management Act, 1855) devolved, during the year 1892-93, under the Metropolis Management Acts, and under the Public Health (London) Act, 1891, except so far as it was vested in the London County Council, on the Vestries and the District Boards constituted by the Metropolis Management Acts, who are also the Local Authorities for the purposes

poses of the Electric Lighting Acts, 1882 and 1888, and Part II. of the Housing of the Working Classes Act, 1890. The expenses of these Authorities, so far as they were defrayed out of rates, were met by rates levied under the Metropolis Management Acts.

These rates were applicable to the payment, not only of the expenses incurred by the Vestries and District Boards themselves, but also of the amounts included in the precepts of the School Board for London. Prior to the coming into force of the Local Government Act, 1888, in the Metropolis, they were also applicable to the payment of the precepts of the Metropolitan Board of Works. Under that Act, however, the costs incurred by the London County Council as successors to the Metropolitan Board of Works have to be paid out of the County Fund. The monies required by the Council during 1889-90 and subsequent years to meet these costs were, therefore, included in their precepts for the County Rate, and were raised by the Overseers of the Poor by means of the Poor Rates. Consequently the Vestries and District Boards were relieved from the necessity of raising any rates to meet such costs, except in so far as rates were necessary in 1889-90 to provide for the payments in respect of the final precept of the Metropolitan Board of Works. The receipts (excluding loans) of the Vestries and District Boards, and the Woolwich Local Board of Health, during the year ended the 25th March 1893, amounted to 3,723,227 *l.*, including 49,742 *l.* received from the London County Council and other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 3,762,303 *l.*, including payments to the extent of 1,297,454 *l.*, made in respect of the precepts of the School Board for London, payments to other Local Authorities, fees in respect of the notification of Infectious Disease, repaid by the Metropolitan Asylums Board, and expenditure on main roads repaid by the London County Council under Sec. 11 of the Local Government Act, 1888. The loans raised by the Vestries and District Boards and the Woolwich Local Board of Health during the year amounted to 331,100 *l.*, and their loan expenditure to 299,128 *l.*, more than half of which was spent on highways and street improvements, and parks, pleasure grounds, and open spaces. Their outstanding loans at the end of the year amounted to 2,052,459 *l.* The rateable value at the commencement of the year of the parishes and districts subject to the jurisdiction of the Vestries and District Boards was 29,079,630 *l.*, and the assessable value of the parish of Woolwich was 178,916 *l.*, making a total of 29,258,546 *l.* The total amount of the rates received during the year, viz., 3,365,817 *l.*, would be equivalent to 2*s.* 3*d.* in the *£.* on this valuation. Deducting from the rates raised the amounts contributed to the School Board, the sums raised by these Authorities for their own purposes would represent an average rate of 1*s.* 5*d.* in the *£.*

It has been found convenient to include in the Returns relating to the Metropolitan Vestries and District Boards the receipts and expenditure of the Commissioners for Paving, Lighting, &c., Ely-place and Ely-mews, Holborn, acting under the 5 Vict. Sess. 2, c. xlviii. The total receipts of these Commissioners during the year amounted to 311 *l.*, which was derived from rates. Their total expenditure was 270 *l.* They have no loan transactions. The rateable value of the district was 7,979 *l.*

The receipts and expenditure of the Trustees appointed under Acts for the improvement of certain Metropolitan squares are also included in the Return. Their total receipts amounted to 1,211 *l.* during the year, and their total expenditure to 1,195 *l.* Their outstanding loans amounted at the end of the year to 1,993 *l.*

COMMISSIONERS OF SEWERS OF THE CITY OF LONDON.

The Commissioners of Sewers of the City of London, who are appointed by the Corporation of London under the City of London Sewers Act, 1848 (11 & 12 Vict. c. clxiii.), as continued and amended by the City of London Sewers Act, 1851 (14 & 15 Vict. c. xci.), exercise in the City of London functions in many respects analogous to those discharged by the Metropolitan Vestries and District Boards in other parts of the Metropolis.

The expenses of the Commissioners, so far as they are defrayed out of rates, are met by a Sewers Rate and a Consolidated Rate made under the former of the above Acts; which rates were applicable to the payment, not only of the expenses of the Commis-

sioners, but also of the amounts included in the precepts of the School Board for London. The Commissioners are the Burial Board for the City of London, and their receipts and expenditure in this capacity are, as already mentioned, included in the Burial Board Returns. They are also the Local Authority in the City of London for the purposes of the Housing of the Working Classes Act, 1890, and the Public Health (London) Act, 1891, in which respect their functions in the City of London were the same as those which were exercised, during the year, by the London County Council and the Vestries and District Boards formed under the Metropolis Management Acts in the remainder of the Metropolis. The Commissioners also possess powers with regard to a number of purposes in the City, *e.g.*, dangerous structures, weights and measures, and offensive trades, which, in the remainder of the Metropolis, are vested in the London County Council.

The receipts of the Commissioners (excluding loans, but including 5,738 *l.* from the Corporation of the City of London, and 15 *l.* from the Metropolitan Asylums Board) amounted, during the year ended the 29th of September 1892, to 517,946 *l.*, of which 443,322 *l.* was derived from rates. Their expenditure, so far as it was not defrayed out of loans, was 420,685 *l.*, of which 135,038 *l.*, or 32.1 per cent. consisted of payments to the School Board for London.

No loans were raised by the Commissioners during the year. Their expenditure out of loans amounted to 43,826 *l.*, and was wholly for Street Improvements.

The total outstanding loans of the Commissioners at the end of the year (comprising 1,224,914 *l.* advanced by the Bank of England, 383,000 *l.* by the Corporation of London, and 108,750 *l.* by an Insurance Society), amounted to 1,716,664 *l.* £18,154 remained in a sinking fund to be applied in the repayment of loans.

The rateable value of the City of London, according to the Valuation Lists in force on the 6th April 1892, was 4,162,575 *l.*

LONDON COUNTY COUNCIL.

The London County Council discharge not only the duties imposed upon them as a County Council by the Local Government Act, 1888*, but also those devolving upon them as successors to the Metropolitan Board of Works. The principal purposes in respect of which the Council exercise powers in the latter capacity are the formation and maintenance of main sewers, and the disposal of the sewage of the Metropolis, the regulation and supervision of buildings, the improvement and widening of streets, the construction and maintenance of Thames Embankments, the prevention of floods, the carrying out of schemes under the Housing of the Working Classes Act, 1890, the extinction of fires, the provision and management of parks, commons, public gardens, and open spaces, the regulation of slaughter-houses, and the administration of the Contagious Diseases (Animals) Acts, 1878 and 1886, the Petroleum and Explosives Acts, and other Acts. In addition to these powers, the Council are, in the same way as the late Metropolitan Board of Works, empowered to create Stock for the purpose of making advances to other Local Authorities.

The principal receipts of the Council are now derived from the rates obtained by precept from the overseers of the several parishes in the County.

The receipts of the Council (excluding loans, and 199,577 *l.* realised by the sale of Stock and Treasury Bills) during the year ended the 31st March 1893, amounted to 3,550,208 *l.*, of which 613,051 *l.* was received out of the Local Taxation Account, 791,071 *l.* on account of the principal and interest of loans advanced by the Council to other Local Authorities, and 232,602 *l.* on other accounts from Local Authorities. The expenditure of the Council, so far as it was not defrayed out of loans raised by them, amounted to 3,488,912 *l.* This amount includes the payments made by the Council in respect of the principal and interest of loans raised by them for the purpose of advances to other Local Authorities, 137,716 *l.* paid to Boards of Guardians and other Local Authorities out of the Exchequer Contribution Account, 326,809 *l.* paid to Boards of Guardians in respect of the maintenance of In-door Paupers, 1,020,125 *l.* advanced to other Local Authorities

* Under Section 40 (8) of the Local Government Act, 1888, the powers of the Metropolitan Board of Works were transferred to the County Council of London, and by an Order, dated the 19th March 1889, the Local Government Board fixed the 21st March 1889 as the date upon which the provisions of the Local Government Act, 1888, relating to this transfer, should take effect.

remaining fourth of which expenses is, under Section 57 of the above Act, payable by the Corporation "out of their revenues and possessions."

Of the Estates of the Corporation, the Bridge House Estates, prior to the passing of the Blackfriars Bridge Act, 1863 (26 Vict. c. lxii.), were held by the Corporation "in trust for the maintenance and support of London Bridge." By that Act, and the Blackfriars and Southwark Bridges Act, 1867 (30 Vict. c. iii.), the Corporation were empowered to borrow on the credit of these Estates, for the purpose of re-building Blackfriars Bridge, and purchasing Southwark Bridge from the Southwark Bridge Company, and the expenses of lighting, watching, and maintaining the two last-mentioned Bridges were made a charge on these Estates. The Corporation were further empowered, by the Corporation of London (Tower Bridge) Act, 1885, to raise money on the credit of these Estates for the purpose of erecting the Tower Bridge. A considerable number of other Local Acts have been passed at various times relating to the Corporation and their Estates.

The total receipts of the Corporation during the year ended the 31st of December 1892, excluding loans and sums received by the Corporation in respect of advances to the Commissioners of Sewers of the City of London, amounted to 717,846*l.* The expenditure of the Corporation, so far as it was not defrayed out of loans, was 899,252*l.*, including 3*l.* drawback on coal duties, and 1,320*l.* paid to the Treasurer of the Visiting Committee of the City of London Lunatic Asylum for purposes other than the maintenance of lunatics chargeable to the City, but excluding the sums paid by the Corporation in respect of advances to the Commissioners of Sewers of the City of London, and the expenditure of the Corporation as Port Sanitary Authority* for the Port of London. The loan receipts of the Corporation during the year amounted to 158,378*l.*, and their loan expenditure to 212,921*l.* The outstanding loans of the Corporation at the end of the year were 5,031,800*l.*, including 383,000*l.* in respect of advances to the Commissioners of Sewers of the City of London. The amount in hand at the end of the year applicable to the discharge of loans was 101,024*l.*

VISITING COMMITTEES OF LUNATIC ASYLUMS BELONGING TO THE COUNTY OF LONDON AND CITY OF LONDON.

The accounts of the Visiting Committees of Pauper Lunatic Asylums, except those belonging to the County of London and the City of London, have been already referred to (page xiv). There were four asylums in the year ended 31st March 1893, belonging to the London County Council, and one asylum belonging to the Corporation of London. The total receipts of the Visiting Committees of these asylums amounted during the year to 291,393*l.*, including 245,866*l.* received from guardians of unions and treasurers of counties and boroughs for the maintenance, &c., of pauper lunatics chargeable thereto, 40,478*l.* from the treasurers of the county and city of London, for repairs, additions, alterations and improvements, and other purposes, and 1,173*l.* from other Local Authorities. The expenditure of the Visiting Committees amounted to 287,364*l.* during the year, including the 245,866*l.* repaid to them by the guardians, &c., for the maintenance, &c., of patients. These Visiting Committees do not appear to have received or expended during the year any monies raised by means of loans.

COMMISSIONERS OF SEWERS.

During the financial year 1892-93 there were in existence 51† Commissions of Sewers which had been granted under the provisions of the 23 Hen. VIII., c. 5, or Part I. of the Land Drainage Act, 1861 (24 & 25 Vict. c. 133). Commissions of Sewers may be granted under the latter Act for all parts of England, inland as well as maritime, and the Commissioners, acting under such Commissions, are empowered to make, maintain, and improve watercourses or outfalls for water, and walls or other defences against water, and

* See page xviii.

† Including one District in which the Commissioners had no financial transactions during the year.

and to erect any machinery, or do any other act for the drainage, necessary supply of water for cattle, warping, or irrigation of the area comprised within the limits of their jurisdiction.

The total amount, exclusive of loans, received by the Commissioners of Sewers during the year was 59,789 *l.*, of which 210 *l.* was received from other Local Authorities. Their total expenditure, exclusive of loan expenditure, but including 1,243 *l.* paid to other Local Authorities, was 58,051 *l.* The Commissioners raised loans during the year to the amount of 4,765 *l.*, and expended out of loans 1,305 *l.* Their outstanding loans at the end of the year were 77,492 *l.*

DRAINAGE, EMBANKMENT, AND CONSERVANCY BOARDS.

Under Part II. of the Land Drainage Act, 1861, elective Drainage Districts may be constituted subject to the jurisdiction of Drainage Boards, who, within such districts, may exercise all powers exercisable by Commissioners of Sewers. In addition to these, many Boards have been constituted under Local Acts, with special powers for the purposes of land drainage, river embankment, navigation and conservancy, and sea defences. In one instance the Local Authority acts under an indenture by which the whole of the lands in the district were conveyed to them in 1808 by the owners of the lands, on numerous trusts for the drainage of the lands, and subject thereto upon trust for the owners respectively. During the financial year 1892-93* there were 230 districts subject to the jurisdiction of Boards coming under one or other of the above descriptions. Their receipts, exclusive of loans, amounted during the year to 394,380 *l.*, including 12,369 *l.* received from other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 414,529 *l.*, including 10,475 *l.* contributed to the expenses of other Local Authorities. The loan receipts and expenditure of these Boards during the year were 11,865 *l.* and 14,998 *l.* respectively. Their outstanding loans at the end of the year were 2,313,039 *l.* Sums amounting to 6,050 *l.* remained in sinking funds at the end of the year to provide for a portion of the repayment of this debt. The amount taken out of these funds during the year, and applied to the repayment of principal, was 12,080 *l.*

SALMON AND FRESHWATER FISHERY CONSERVANCY BOARDS.

Under the Salmon and Freshwater Fisheries Acts, 1861 to 1886, Boards of Conservators may be constituted for the management of Salmon Fisheries, &c. In the year ended 31st December 1892, there were 51 Fishery Districts in which these boards acted. In six of these districts the Conservators had no financial transactions, and in one district the expenses were defrayed by a private Angling Society. In the 44 other districts the receipts of the Conservators during the year amounted to 14,272 *l.*, and their expenditure to 14,087 *l.* In only one case had the Conservators an outstanding loan, and at the end of the year the balance of this loan amounted to 60 *l.*

SEA FISHERIES COMMITTEES.

The Board of Trade had, up to the close of the year ended 31st March 1893, provided under the Sea Fisheries Regulation Act, 1888 (51 & 52 Vict. c. 54), as amended by the Fisheries Act, 1891 (54 & 55 Vict. c. 37), for the constitution of nine Sea Fisheries Committees for the regulation of sea fisheries. The total receipts of the Committees during the year amounted to 4,667 *l.*, of which 3,242 *l.* was received from contributory County or Borough Councils. The expenditure of the Committees amounted to 7,331 *l.*

* This year ended, except as regards eight districts, on the 25th March 1893.

CHURCHWARDENS (CHURCH RATES).

By the Compulsory Church Rate Abolition Act, 1868 (31 & 32 Vict. c. 109), compulsory church rates were abolished, except in cases where, at the time of the passing of the Act, money had been borrowed and remained due on the security of the church rate, or where the rate was applicable to purposes other than "ecclesiastical purposes," as defined by the Act, or had been originally authorised to be levied by special legislation in consideration of the abolition of tithes or for other valuable consideration. There was only one parish, viz., St. Marylebone, London, in which church rates continued to be levied during the year ended at Lady-day 1893. In this parish church rates to the amount of 5,964 *l.* were raised by the vestry under powers conferred by two Local Acts (51 Geo. III., c. cli., and 1 & 2 Geo. IV., c. xxi.). In another parish, namely, St. Nicholas, Harwich, which owes 1,300 *l.* in respect of the principal of loans raised on the security of the church rate prior to the passing of the Act of 1868, no church rates were raised during the year. The receipts in aid of church rates amounted to 1 *l.*, making the total sum received 5,965 *l.* The total expenditure amounted to 7,521 *l.*, of which 3,300 *l.* was in respect of principal and 121 *l.* in respect of interest on the moneys borrowed on the security of the church rates. This repayment of principal extinguished the debt in the case of St. Marylebone, and the only outstanding loan at the end of the year was the 1,300 *l.* owing by St. Nicholas, Harwich.

HARBOUR, PIER, AND DOCK AUTHORITIES.

The number of separate Harbour, Pier, and Dock Authorities constituted by Local Acts or by Provisional Orders issued under the General Pier and Harbour Act, 1861 (24 & 25 Vict. c. 45), and not being companies or private owners, at the end of the financial year* 1892-93, was 90,† but of these two neither received nor paid money during the year. The most important of the separate Harbour Authorities were the Mersey Docks and Harbour Board, and the Tyne Commissioners, whose accounts contain about two-thirds of the receipts and expenditure included in the returns from these Authorities. The aggregate receipts of the Authorities, exclusive of loans, amounted during the year to 2,757,640 *l.*, of which 18,226 *l.* was received from other Local Authorities. Their expenditure, excluding so much of it as was defrayed out of loans, amounted to 2,673,529 *l.*, which includes 46,608 *l.* paid to other Local Authorities or included as expenditure in the accounts of such Authorities. The loan receipts of the Authorities were 282,857 *l.*, and the loan expenditure 481,284 *l.* The outstanding loans of the Authorities at the end of the year amounted to 31,487,406 *l.*, for the repayment of which the Returns show that 102,990 *l.* remained in sinking funds at the end of the year. The amount taken out of the funds during the year and applied to the repayment of principal was 13,824 *l.*

SCHOOL BOARDS.

The number of School Boards whose financial transactions are included in the Returns is 2,285‡; their aggregate receipts, excluding loans, amounted, during the year ended the 29th of September 1892, to 5,922,143 *l.*, including 3,462,223 *l.* from rates, 2,319,251 *l.* from

* This year ended, except in a few cases, on the 25th March 1893.

† There are many cases in which Town Councils or Local Boards have constructed or purchased quays and piers as part of their ordinary undertakings, in connection with town or street improvements, and in these cases the receipts and expenditure are included in the accounts of the Town Councils and the other Urban Sanitary Authorities concerned.

from Parliamentary Grants, 80,562 *l.* from School Fees, and Books, &c., sold to children, and 23,002 *l.* from other Local Authorities. Their expenditure during the same period, so far as it was not defrayed out of loans, was 5,929,883 *l.*, of which 5,254 *l.* was paid to other Local Authorities. Their receipts from loans during the year amounted to 1,336,598 *l.*, and their loan expenditure to 1,204,505 *l.* At the end of the year their outstanding loans amounted to 19,995,023 *l.*

HIGHWAY AUTHORITIES IN RURAL DISTRICTS.

In such parts of England and Wales as are not included in the Metropolis, or in any Urban Sanitary District, the duty of repairing the highways, exclusive of Main Roads, the total cost of which has now to be defrayed by the County Councils, devolved during the year 1892-93 in separate highway parishes on the Surveyor of Highways, and in highway districts on the Highway Board, except in cases where the powers of the Highway Board were exercisable by the Rural Sanitary Authority, in pursuance of an order of the County Authority under Section 4 of the Highways and Locomotives (Amendment) Act, 1878 (41 & 42 Vict. c. 77), and in the Isle of Wight where the Highway Commissioners acted as a Highway Board. During the year ended on the 25th of March 1893 there were, in England and Wales, 361 highway districts, comprising 6,904 highway parishes, under the management of Highway Boards; 43 districts, comprising 784 highway parishes, in which Rural Sanitary Authorities exercised the powers of Highway Boards; and 6,488 separate highway parishes for which Surveyors of Highways had been appointed.* The total mileage of the roads under the care of these authorities, excluding 13,799 miles of main roads, the repairs of which had been undertaken by the County Councils themselves, was 106,379 miles, comprising 6,908 miles of main roads, and 99,471 miles of ordinary highways.

The aggregate receipts of these Authorities during the year, excluding loans, but including 356,323 *l.* from County Councils for main roads under Section 11 (4) of the Local Government Act, 1888, 60,471 *l.* for highways or footpaths not being main roads, under Section 11 (10) of the Local Government Act, 1888, 5,034 *l.* in respect of county bridges or bridge roads, and 896 *l.* other receipts from County Councils, 2,527 *l.* from other Local Authorities, and 4,388 *l.* received by waywardens in excess of their contributions to Highway Boards, amounted to 1,950,563 *l.* Their expenditure, so far as it was not defrayed out of loans, amounted to 2,033,387 *l.*, including 357,950 *l.* expenditure on main roads repaid or to be repaid by County Councils under Section 11 (4) of the Local Government Act, 3,746 *l.* expended by waywardens in addition to their contributions to Highway Boards, and 1,071 *l.* paid to other Local Authorities. The loan receipts and expenditure of Highway Boards during the year were respectively, 12,565 *l.* and 10,560 *l.* Their outstanding loans at the end of the year amounted to 39,555 *l.* The amount remaining in the Sinking Funds provided for the repayment of a portion of this debt was 420 *l.*

TURNPIKE TRUSTEES.

At the commencement of the financial year 1892-93 there was only one† Turnpike Trust in existence in England and Wales.

The aggregate receipts during the year of the Turnpike Trustees amounted to 621 *l.*, and their expenditure was 621 *l.*

The outstanding loan debt of a Turnpike Trust, which ceased to exist on the 1st November 1890, but the accounts of which have not yet been finally closed, was at the end of the year 9,435 *l.*

* During the preceding year there were 360 highway districts, comprising 6,963 highway parishes; 41 districts comprising 746 highway parishes, in which Rural Sanitary Authorities exercised the powers of Highway Boards; and 6,508 separate highway parishes, for which Surveyors of Highways had been appointed.

† The number in existence at the commencement of the preceding year was 2.

Contents of Tables
in Appendix.

The foregoing are the various classes of Local Authorities in England and Wales whose financial transactions are included in the Returns. In the Appendix will be found 10 tables in which the more important items of receipt and expenditure are given separately, the gross receipts and expenditure being included in the tables, but the deductions necessary to avoid a duplicate reckoning having been made in each case. In Table I. the receipts other than from loans are arranged in such a manner as to show the total amount received by each class of Local Authority, and the principal items of which such amounts are respectively made up. In Table II. the same receipts are arranged so as to show separately the principal sources from which the revenues of the Local Authorities during the year have been derived, distinguishing the amounts received by each class of Local Authority from the several sources, and the aggregate of the amounts received from each source. Table III. gives the expenditure during the year of the various Local Authorities, so far as it was not defrayed out of loans, arranged in such a manner as to show the total amount expended by each class of Local Authority, and the principal items of expenditure. In Table IV. this expenditure is arranged so as to show the principal purposes in respect of which it was incurred, the amounts expended by the several classes of Local Authorities on account of the same purpose being grouped together, and the aggregate of the amounts expended on each purpose being shown separately. Table V. gives the amounts of the loans raised during the year by the various classes of Local Authorities, arranged in such a manner as to show the total amount raised by each class of Local Authority, and, so far as the Returns enable this information to be given, the purposes for which such loans were respectively raised. In Table VI. the receipts from loans are arranged so as to show, as far as practicable, the purposes in respect of which the loans were raised, distinguishing the amounts raised by each class of Local Authority in respect of the several purposes and the aggregate amount of the loans raised for each purpose. Table VII. gives the expenditure during the year of the various Local Authorities, so far as it was defrayed out of loans, arranged in such a manner as to show the total amount expended out of loans by each class of Local Authority, and the principal items of expenditure. In Table VIII. the expenditure out of Loans is arranged in such a manner as to distinguish, as far as practicable, the several purposes in respect of which it was incurred, the amounts expended by the several classes of Local Authorities in respect of the same purpose being grouped together, and the aggregate amount of loan expended on each purpose being shown separately. Table IX. gives the outstanding loans of the various Local Authorities at the end of the year, arranged in such a manner as to show the total outstanding loans of each class of Local Authority, and, so far as the Returns enable this information to be given, the purposes for which such loans were respectively raised. In Table X. the outstanding loans are arranged in such a manner as to distinguish, as far as practicable, the several purposes in respect of which they were raised; the amounts owing by the several classes of Local Authorities being grouped together, and the aggregate amount outstanding in respect of each purpose being shown separately.

Tabular Statements
for the years
1883-84 to 1892-93

The tabular statements on pages xxxi to xxxvii have been prepared so as to show the amounts of the rates levied by or on behalf of the several classes of Local Authorities in each of the ten financial years ended with the year 1892-93; the Treasury Subventions and Payments from 1883-84 to 1892-93, including payments derived from the Local Taxation Account during 1888-89 and subsequent years; the amounts of the loans received by these Authorities during the same years; the outstanding loans of the Authorities at the end of each year; the valuation for the purposes of the poor-rate in force at the beginning of each year, and the estimated population in the middle of each year. These particulars as regards the Metropolis are given separately from those as to the remainder of the country. In estimating the significance of the differences shown in these Tables, so far as they relate to Urban Sanitary Authorities, Highway Authorities in Rural Districts, and Rural Sanitary Authorities, it should be borne in mind that every year the formation of new and the extension of existing Urban Sanitary Districts withdraws from the jurisdiction of Rural Sanitary Authorities, and the Highway Authorities in Rural Districts, many areas of an urban or suburban character in which the rate of expenditure has been much higher than in the remainder of the district from which they have been detached. During the ten years ended on the

25th of March 1893 as many as 82 new Urban Sanitary Districts were formed, and 80* existing Urban Sanitary Districts extended by the inclusion of places previously forming parts of Rural Sanitary Districts. The number of existing Rural Sanitary Districts extended by the inclusion of parts of Urban Sanitary Districts during the same period was 24.

The transactions of the Commissioners of Police of the Metropolis have been apportioned approximately between the part of the district situate within the Metropolis and the part situate within the counties of Middlesex, Surrey, Kent, Essex, Hertford, and the Extra Metropolitan portion of the County of London.

It will be seen that the total amount of the rates raised increased during each of the nine years following the financial year 1883-84, and that in the last of these years, viz., the financial year 1892-93, it was 30,201,903*l.*, as against 24,934,147*l.* in 1883-84. On comparing the amounts raised during the two years it will be seen that the following increases had taken place in the rates raised for the purposes of the expenditure of the undermentioned Local Authorities, viz., Metropolitan Authorities, 2,208,034*l.*; County Authorities (excluding London), 256,508*l.*; Municipal Corporations and Urban Sanitary Authorities, 2,525,558*l.*; Rural Sanitary Authorities, 186,740*l.*; and Extra Metropolitan School Boards, 781,929*l.* On the other hand, the amounts of the rates raised for the purposes of the expenditure of Extra Metropolitan Poor Law Authorities; Commissioners of Sewers; Churchwardens outside the Metropolis; and Highway Authorities in Rural Districts, were smaller by 697,996*l.*, 7,457*l.*, 4,928*l.*, and 111,120*l.*, respectively, in 1892-93 than in 1883-84.

Rates levied in each year from 1883-84 to 1892-93.

It must be remembered that the comparison between the amount received from rates by the London County Council and the amounts received by the late Metropolitan Board of Works is affected by the fact that, in addition to the duties which have devolved upon them as successors to the late Board, the Council have duties as successors to the former County Authorities, and new duties under the Local Government Act, 1888, and also that the Coal and Wine Duties which were formerly devoted to the relief of rates are now abolished. It should also be borne in mind, with regard to the smaller amount of rates raised by Highway Authorities in Rural Districts during the last four years, as compared with the previous years comprised in the Table, that these Authorities have been relieved from expenditure on the repair of main roads, which is now borne by the County Councils.

It will be observed that the figures in the second statement, which represent the amounts derived by the various Local Authorities from Treasury Subventions and the Local Taxation Account in each of the years 1889-90, 1890-91, 1891-92, and 1892-93, cannot be properly compared with the amounts received by the same authorities in former years from Treasury Subventions. In a large number of cases the Councils of Counties and County Boroughs had not, before the close of the first of these years, made the payments which they were required to make to other authorities in substitution for the Parliamentary Grants discontinued under the provisions of the Local Government Act, 1888, and consequently there were large balances remaining undistributed at the end of the year in the Councils' Exchequer Contribution Accounts. The greater part of these balances was distributed during the year 1890-91, but of the sums received by the Councils during each year from the Local Taxation Account, a large proportion is not distributed at the close of the year, and the balances for the year would be accounted for in the succeeding year. The magnitude of these balances would, however, vary considerably from year to year.

Treasury Subventions, &c., 1883-84 to 1892-93.

As regards receipts from loans, it will be observed that in the case of the Metropolitan Authorities they were smaller in amount in 1893-94 than in 1884-85, 1885-86, and 1886-87, but considerably larger than in the six other years included in the Table. The loans raised during the year by the Extra Metropolitan Authorities and the total amount raised by all the authorities were larger in 1892-93 than in any of the nine preceding years.

Receipts from Loans, 1883-84 to 1892-93.

The

* During the year 1892-93 eighteen Urban Sanitary Districts in all were extended, and in one case a portion of an Urban Sanitary District was merged in a Rural Sanitary District.

Outstanding Loans,
1883-84 to 1892-93.

The outstanding loans of the Local Authorities rose from 164,847,463*l.* at the end of the financial year 1883-84 to 215,343,545*l.* at the end of 1892-93, being an increase of 50,496,082*l.*, or 30·6 per cent. The rate of increase in the Metropolis was 23·7 per cent. In the remainder of the country taken together it was 32·4 per cent. The Local Authorities whose indebtedness increased to the greatest extent during the interval were Poor Law Authorities, the Commissioners of Sewers of the City of London, Municipal Corporations, Urban Sanitary Authorities, Rural Sanitary Authorities, Harbour, Pier, and Dock Authorities, and School Boards. The outstanding loans of these Authorities were, respectively, 1,024,730*l.*, 944,983*l.*, 6,281,786*l.*, 27,231,932*l.*, 457,974*l.*, 4,708,080*l.*, and 6,328,585*l.*, larger in amount at the end of the financial year 1892-93 than they were at the end of 1883-84.

Sinking Funds

Sums amounting to 5,269,532*l.* remained in Sinking Funds at the end of the year, to provide for the repayment of a portion of the outstanding balance of loans.

Rateable Value for
purposes of the
Poor Rate, 1883-84
to 1892-93.

The valuation for the purposes of the poor-rate rose in the Metropolis from 28,438,385*l.* at the beginning of the financial year 1883-84 to 33,370,826*l.* at the beginning of the year 1892-93, being an increase of 17·3 per cent. In the remainder of the country it rose during the same period from 114,784,053*l.* to 124,352,087*l.*, being an increase of 8·3 per cent.

Estimated Popula-
tion, 1883 to 1892.

The estimated population of the metropolis rose from 3,901,164 in the middle of 1883 to 4,263,294 in the middle of 1892, being an increase of 9·3 per cent. During the same period it rose in the remainder of the country from 22,725,475 to 25,140,052, being an increase of 10·6 per cent.

The tabular Statements above referred to are as follows :—

* The amounts entered in Parts I. and II. of these columns, as received by the several authorities, do not represent the amounts due to them in respect of the year. There was, as will be seen from the figures in Part III., a large balance undistributed at the end of each year by the Councils of Counties and County Boroughs, out of their Exchequer Contribution Accounts, in substitution for the discontinued grants, and on account of the new grant for pension officers provided by the Local Government Act 1888.

† These amounts do not include the unapplied balances of the Exchequer Contribution Accounts, the residue of which, after payment of the grants to other local Authorities, will belong to the Councils. They exclude amounts paid into the Exchequer Contribution Accounts of the Councils by other local authorities.

‡ These sums formed part of the moneys transferred by the County Councils from their Exchequer Contribution Accounts to their other Accounts, in respect of Technical Education. They were, however, subsequently paid to Borough Urban and other authorities, and appear in the Accounts of those authorities as receipts from Exchequer Contribution Accounts. Being treated in this Table as receipts by the authorities who ultimately benefited by them, they are, in order to avoid a duplicate reckoning, here shown separately from the sums retained by the County Councils.

§ See Note § on page xxxii.

|| See Note § on page xxxii. During 1891-92 payments were for the first time received in aid of the Pension Funds of the Extra Metropolitan Police forces.

¶ See Note || on page xxxii.

** The sums referred to in Note ‡ are excluded from these totals in order to avoid a duplicate reckoning.

‡ See also under the head of "Extra Metropolitan." The apportionment here made is based upon the proportions in which the Metropolitan and Extra Metropolitan portions of the Police District contribute to the Commissioners' expenditure.

§ See Note ‡.

¶ The large increase in 1884-85 in the outstanding loans of the Drainage, Embankment, and Conservancy Boards is due to the fact that returns were that year obtained for the first time from 10 additional Authorities.

¶ The accounts of these Authorities were in 1884-85 included for the first time in the Local Taxation Returns.

** The rapid decrease in the outstanding loans of Turnpike Trustees is owing to the extinction of Trusts during the years to which the Table relates.

ENGLAND:			
BUCKINGHAM:			
Chepping Wycombe - M.B.	Yes (a)	Yes (b)	(a) A little lime only is used. A full lime process cannot be, at present, carried out owing to the limit in tank space. Clarification is effected, practically, by "roughing filters." A small quantity of aluminiferous is used in the sludge pits on the occasion of cleaning out filters or tanks, on alternate days of the week. (b) The sludge with the above very slight treatment is saleable to farmers at 1s. per load. There is difficulty in drying it.
Aylesbury - - - L.G.D.	Yes (a)	Yes (b)	(a) By an expired patent of the Native Guano Company. (b) The sludge is sold for 1s. per cart load. When the sewage was treated by the Native Guano Company the sludge was dried and ground, and sold at 3/ 10s. per ton.
Chesham - - - L.G.D.	Yes (a)	No	(a) Alum and lime, and irrigation.
CHESTER:			
Chester - - - C.B.	Yes	Yes	—
Hyde - - - M.B.	Yes	(b)	(b) Not found so at present.
CORNWALL:			
Falmouth - - - M.B.	Yes (a)	(b)	(a) Precipitation agent, lime and sulphate of alumina. (b) It is not sold, but discharged at night by barges into the bay outside the harbour.
CUMBERLAND:			
Cleator Moor - - L.G.D.	Yes (a)	(b)	(a) Precipitation by lime. (b) Have not yet been able to sell any.
DERBY:			
Buxton - - - L.G.D.	Yes (a)	No (b)	(a) Chalybeate water and lime. (b) Most of the pressed sludge is carted away by farmers as it comes from the air compressors. The Local Board have good account of it as a fertilizer. At certain times they are obliged to cart it away to their own farm when the farmers are too busy. At present, however, it has no saleable value.
Fairfield - - - L.G.D.	(a)	(b)	(a, b) The sewage is conveyed to and treated by precipitation in the adjoining Urban Sanitary District of Buxton. See Buxton.
Long Eaton - - L.G.D.	Yes	Yes	—
Matlock - - - L.G.D.	Yes (a)	No	(a) A system of catch-pits or precipitation tanks.
Matlock Bath - - L.G.D.	(a)	No	(a) A section of this district forms part of a sewerage scheme with Cromford in the Bakewell Rural Sanitary District. The system of treatment is known as Ives' precipitating tanks.
DEVON:			
Compton Gifford - L.G.D.	Yes	No	—
St. Thomas-the-Apostle - L.G.D.	Yes	(b)	(b) Very small.
Wolborough - - - L.G.D.	Yes (a)	Yes (b)	(a) A series of sedimentary tanks and aluminiferous is used to assist in clarifying the effluent. (b) The sludge is dried in open bays with a bed of screened scavenge, or ash refuse, and sold to the occupiers of farms near the district at a price varying from 2s. to 2s. 6d. per load, which is about the cost of the forming of the bay and drying the sludge.
DORSET:			
Sherborne - - - L.G.D.	Yes	No	—

ENGLAND— <i>continued.</i>			
DURHAM :			
Brandon and Byshottles L.G.D.	Yes	No	—
Houghton-le-Spring - L.G.D.	Yes (a)	Yes (b)	(a) The sewage is conveyed to the sewage farm and there treated with Spence's alumino-ferric, and passed through precipitating tanks in a continuous flow, thus precipitating a large percentage of solids and matters in solution. (b) The precipitate is sold to the local farmers for 1s. per load.
ELY, ISLE OF :			
Ely - - - - L.G.D.	(a)	(b)	(a, b) The sewage in this district is not subjected to a complete system of chemical precipitation. The Board was formed in the year 1856, and the sewage of the city was then disposed of by discharging it into a large underground reservoir, properly protected and ventilated, the excrementitious matters and other solid refuse being intercepted and screened, and the liquid portion finally finding its way into the river Ouse which is near the Board's works. This reservoir was periodically emptied, and its contents mixed with the street sweepings, ashes, &c., and sold as manure, or given away to farmers and others until within the last few years; recently the Board have found it quite impossible so to dispose of the solid matter; they have therefore arranged with the owners of land near to permit the contents of the reservoir after they have been treated with milk of lime to be pumped on to the land, and then covered with the street sweepings, ashes, &c., and thoroughly disinfected.
ESSEX :			
Colchester - - - M.B.	Yes (a)	Yes (b)	(a) The ordinary lime process, the best Derbyshire lime being used. (b) 371,284,703 gallons of sewage have been treated and pumped into precipitating tanks at the sewage outfall works during the year ended 31st December 1893, an average daily flow of 1,017,218 gallons. After precipitation there remained 17,862 tons of liquid manure which was reduced by the process of pressing to 3,571 tons of portable manure, and sold to farmers at an average price of 1s. 6d. per ton.
Saffron Walden - - M.B.	Yes	No (b)	(b) The precipitate or sludge is pressed into cakes by sludge-pressing machinery (supplied by Manlove & Co., Nottingham). It has not been found possible yet to find a sale for the sludge, but farmers are always ready to cart it away and to use it for manure. It is considered quite possible that when it has been tried for a longer period someone may consider it worth buying.
Barking Town - - L.G.D.	Yes	(b)	(b) Not saleable, but of late there has been a demand for it; the market gardeners sending their carts for it and keeping the works clear of sludge, no charge being made by either.
East Ham - - - L.G.D.	Yes (a)	(b)	(a) Spencer's alumino-ferric and clay being used. (b) No demand for it as plenty of stable manure is to be had from London, and this is preferred by the market gardeners.
Ilford - - - - L.G.D.	Yes (a)	No (b)	(a) Milk of lime is mixed with the sewage as it passes into a series of precipitating tanks; the effluent from these tanks is filtered through land on which vegetable produce is grown, and sold by public tender. (b) The precipitate is taken by neighbouring farmers, being fetched from the sludge pits at their own expense.
Leyton - - - - L.G.D.	Yes	No (b)	(b) The sludge is pressed, and the Board pay for its removal.
Woodford - - - L.G.D.	Yes	(b)	(b) Very small.
GLOUCESTER :			
Stroud - - - - L.G.D.	Yes (a)	(b)	(a) The sewage flows into large tanks and is there treated with chemicals; the effluent passes off, and the solid matter is retained and sold as manure for land. (b) The manure is of very small saleable value.
HEREFORD :			
Hereford - - - M.B.	Yes	Yes (b)	(b) 2s. 6d. per ton.

PART I.—RETURN showing the Urban Sanitary Districts and Contributory Places in Rural Sanitary Districts in England and Wales, &c.—continued.

HERTFORD:			
Hertford - - - M.B.	Yes	Yes (b)	(b) To a small extent.
East Barnet Valley - L.G.D.	Yes	No	—
Hitchin - - - L.G.D.	Yes (a)	Yes (b)	(a) Sulphate of alumina is used. (b) The precipitate is sold as manure at 2s. 6d. per load.
KENT:			
Maidstone - - - M.B.	Yes (a)	No (b)	(a) By lime. (b) Given away.
Ashford - - - L.G.D.	Yes	Yes	—
Tonbridge - - - L.G.D.	Yes	(b)	(b) Not readily saleable.
LANCASTER:			
Accrington - - - M.B.	—	—	See the Accrington and Church Outfall Sewerage District.
Blackburn - - - C.B.	Yes (a)	No	(a) Rough lime precipitation and afterwards land irrigation.
Bolton - - - C.B.	Yes	No	—
Burnley - - - C.B.	Yes	Yes (b)	(b) 10d. per ton after treatment by filter presses and disintegrator.
Darwen - - - M.B.	Yes	No	—
Manchester - - - C.B.	Yes (a)	(b)	(a) It is treated with lime and sulphate of alumina. (b) The works just commenced. Not yet had much experience as to the disposal of the precipitate.
Nelson - - - M.B.	Yes	No	—
Rochdale - - - C.B.	Yes (a)	No	(a) For a portion of the sewage of the borough.
Salford - - - C.B.	Yes (a)	No (b)	(a) The sewage of the borough, estimated at 10,000,000 gallons per day, is now being treated with a mixture of lime and chemicals. (b) The estimated annual deposit of solid matters is 87,600 tons (wet sludge), which has been accumulated on the land at the sewage works. The corporation are about to establish a system for the deposit of the sludge.
Adlington - - - L.G.D.	Yes (a)	Yes (b)	(a) The alumino-ferric treatment at present, and preparations are being made for precipitation by ferrozene, and filtration by polarite. (b) The precipitate has been sold at 8d. per ton, and realised about 5d. per annum.
Aspull - - - L.G.D.	Yes (a)	No	(a) Precipitation by lime in tanks for about 2,000 persons, but it will shortly be abandoned as the sewage will be treated by an adjoining authority by agreement.
Astley Bridge - - - L.G.D.	Yes (a)	(b)	(a) The sewage is treated by quiescent precipitation, with lime as a precipitant, the effluent being afterwards filtered through a sand filter. (b) The precipitate was formerly purchased by farmers, but owing to the awkward access to the sewage works they will not now bring their carts for it. It is used as a manure on some grass land owned by the local board for cemetery purposes, and it appears to be very beneficial for the purpose.
Atherton - - - L.G.D.	Yes (a)	(b)	(a) At two outfalls, one of which has been in use since 1878, and the other since 1887. The precipitants used are lime and alumino-ferric, and the sludge is not pressed. (b) The neighbouring farmers remove it, but the board have never been able to make a charge for it. Sometimes they have to bear part of the cost of carting in order to induce farmers to take it away.
Birkdale - - - L.G.D.	Yes (a)	No	(a) Lime precipitation.
Brierfield - - - L.G.D.	Yes (a)	No	(a) Lime precipitation and coke strainers.
Church - - - L.G.D.	—	—	See the Accrington and Church Outfall Sewerage District.
Dalton-in-Furness - L.G.D.	Yes (a)	Yes (b)	(a) Lime precipitation. (b) 9d. per ton.
Farnworth - - - L.G.D.	Yes	No (b)	(b) The farmers cart it away without cost to the board, and use it on the land.
Heaton Norris - - L.G.D.	Yes	(b)	(b) Carted away by farmers.
Hindley - - - L.G.D.	Yes	No	—
Horwich - - - L.G.D.	Yes (a)	(b)	(a) Lime is used. (b) No sale has yet been effected; all is carted to the board's farm and mixed with town refuse.

ENGLAND— <i>continued.</i>			
LANCASTER— <i>continued.</i>			
Ince-in-Makerfield - L.G.D.	Yes (a)	(b)	(a) By lime and aluminio-ferrie cake. (b) Very few loads sold. As a rule it is given to anyone who will fetch it away.
Littleborough - L.G.D.	Yes	No	—
Milnrow - L.G.D.	Yes	(b)	(b) Not yet tested, but thought to be of some value for land.
Newton-in-Makerfield - I.A.D.	Yes	No	—
Norden - L.G.D.	Yes	No	—
Prestwich - L.G.D.	Yes	Yes (b)	(b) There is a distinct manurial value in this sludge, but hitherto the board have not actually sold any, being satisfied to have it removed from the works by the neighbouring farmers regularly throughout the year.
Royton - L.G.D.	Yes (a)	(b)	(a) The system in operation is that of the International Water and Sewage Purification Company, Limited. (b) The local board have only just recently completed the erection of plant for obtaining pressed sewage sludge, and therefore cannot yet say whether it will prove to be of saleable value or not.
Swinton and Pendlebury. L.G.D.	Yes (a)	(b)	(a) The sewage is treated by precipitation and filtration; precipitation by Ferrozone, and filtration through Polarite filters. (b) The precipitate is not sold, but the farmers are allowed to cart it away for farming purposes.
Turton - L.G.D.	Yes	No	—
Upholland - L.G.D.	(a)	(b)	(a) A portion from the village. (b) Not of sufficient quantity.
Whitefield - L.G.D.	Yes (a)	No	(a) At works at which the sewage of about one-half the area of the district is treated. The remaining part of the district is in a different watershed, and is proposed to be treated by a scheme now under the consideration of the Local Government Board.
LEICESTER:			
Hinckley - L.G.D.	Yes (a)	No (b)	(a) System partly by precipitation and partly by broad irrigation. Sewage flows over blocks of aluminio-ferrie into beds, thence on to the land. (b) It is conveyed in the form of sludge and spread on the land.
Melton Mowbray - L.G.D.	Yes (a)	No (b)	(a) Lime. (b) Cannot even be given away.
LINCOLN:			
Parts of Holland:			
Spalding - I.A.D.	Yes (a)	No	(a) The sewage of about one-tenth part of the urban district is treated by precipitation. The sewage of the remaining nine-tenths of the district is not so treated.
Parts of Lindsey:			
Lincoln - C.B.	Yes (a)	(b)	(a) By lime and sulphate of iron. (b) Partly; yearly average for the last five years of precipitate when pressed into sludge "cake," 4,210 tons; yearly average sold, 1,120 tons.
Horncastle - L.G.D.	Yes (a)	Yes	(a) The aluminio-ferrie system.
MIDDLESEX:			
Acton - L.G.D.	Yes	Yes	—
Brentford - L.G.D.	Yes	No	—
Chiswick - L.G.D.	Yes	No	—
Ealing - L.G.D.	Yes (a)	(b)	(a) For nearly 30 years the sewage has been treated by precipitation. Lime (per gallon) 12 grains; clay, 12 grains; sulphate of alumina, aluminio-ferrie, or carbiferalum, three grains. (b) Not at Ealing. Some years ago, when the neighbourhood was of a more rural character, the farmers would pay 1s. per load for it, and large crops, particularly mangold wurtzel, were raised; but of late years, since about 1880, land has either been occupied for building purposes, or market gardens, and nursery grounds, and the sludge or precipitate could not be given away. Most of the precipitate is burned with the house refuse in the destructor, and so utilised as a steam producer.

ENGLAND—continued. MIDDLESEX—continued.			
Finchley - - - L.G.D.	Yes (a)	(b)	(a) The treatment adopted is first by precipitation in tanks, the chemicals used being sulphate of alumina, three to six grains per gallon, and milk of lime, five to 10 grains per gallon; after settling for a minimum time of four hours, the sewage is purified by broad irrigation and downward filtration, the area of land utilized being 30 acres grass land, 12 acres market garden land, two acres osiers, and four acres filter beds. The quantity of sewage dealt with is 600,000 gallons per 24 hours dry-weather flow, and about 2½ million gallons storm flow. (b) The precipitated sludge is partly pressed by machinery, and a portion in dry weather pumped in a liquid state upon the land, which being of a heavy character is much benefited thereby, not from any manurial value in the sludge (which it retains but little) but from the disintegration of the soil by the grit, &c., contained in the soil sludge. There is no sale for the precipitate; in fact, it is of more value to the board for the purpose mentioned, the result being that during the four years the sludge has been used in this manner, it has so increased the porosity of the soil that it is enabled to absorb quite 10 per cent. more sewage without in any way affecting the quality of the effluent, which is remarkably good.
Friern Barnet - - - L.G.D.	Yes (a)	No	(a) By means of lime and sulphate of alumina.
Hampton Wick - - - L.G.D.	—	—	The sewage is pumped to the Kingston-on-Thames Borough Sewerage Works. See Kingston-on-Thames.
Hanwell - - - L.G.D.	Yes (a)	(b)	(a) Lime and sulphate of alumina process. (b) Farmers cart it away after it has drained and dried, but pay nothing for the precipitate.
Hendon - - - L.G.D.	Yes (a)	Yes	(a) The Ferrozone and Polarite system of the International Water and Sewage Purification Company has been in successful use since 1889, in consequence of the previous treatment by lime as a precipitant, and land filtration having failed.
Heston and Isleworth - L.G.D.	Yes	No	—
Hornsey - - - L.G.D.	Yes (a)	No (b)	(a) Lime only is used; the effluent is afterwards passed over a large area of land. (b) During hot weather the sludge is pressed and mixed with stable manure for farm purposes. In cold weather it is pumped into "stanks," and the superfluous moisture filters off and evaporates; afterwards the sludge cake is used for manure. It is, however, of little value for the latter purpose.
Southall Norwood - L.G.D.	Yes	No (b)	(b) The precipitate is used on the farm for agricultural purposes.
Teddington - - - L.G.D.	Yes	(b)	(b) None has yet been sold as the works were only opened in the middle of last year. The board contemplate offering to sell it at 1s. per load. Some has been applied for.
Twickenham - - - L.G.D.	Yes (a)	No	(a) Only partial, being principally filtration.
Uxbridge - - - L.G.D.	Yes (a)	Yes (b)	(a) A new system is about to be inaugurated. (b) Realising about 3s. per ton.
Willesden - - - L.G.D.	Yes (a)	No (b)	(a) The sewage of the northern portion of the district, consisting of about 23,000 inhabitants, is treated by precipitation by lime and sulphate of alumina, the effluent being again treated by intermittent filtration. (b) Nearly 1,000 tons now upon the ground which cannot be disposed of.
NORTHAMPTON:			
Daventry - - - M.B.	Yes (a)	Yes (b)	(a) The sewage of this borough is treated by the International system with satisfactory results. (b) The precipitate is sold at 1s. 6d. per load at the works.
Kettering - - - L.G.D.	Yes (a)	(b)	(a) For several years; and since July 1893 a special one called Hope's Bacillite process. (b) Formerly produced 1s. per ton at the works, afterwards 6d., but latterly has been unsaleable. No result to report since use of Hope's process.
Oundle - - - I.A.D.	Yes	Yes	—

NORTHUMBERLAND:			
Alnwick and Canongate, L.G.D.	(a)	(b)	(a) The sewage of Canongate; a very small portion of the district is treated by the Duke of Northumberland, on the Condors Ferrosulphate Precipitation system. (b) The catchpits are in private grounds owned by the Duke of Northumberland, and the sludge is cleaned out from time to time and mixed with other manure in a large compost heap which is used as a top dressing for his grass lands; value not ascertained.
OXFORD:			
Henley-on-Thames - M.B.	Yes (a)	No (b)	(a) Ferrozone. (b) It has to be given away.
SALOP:			
Wellington - - - I.A.D.	Yes (a)	(b)	(a) On a small scale, newly constructed. (b) Not sufficiently tested at present.
SOMERSET:			
Chard - - - M.B.	Yes	Yes	—
Taunton - - - M.B.	Yes (a)	Yes (b)	(a) Sodium process. (b) Great demand for the sludge in the district for agricultural purpose.
Frome - - - L.G.D.	Yes (a)	(b)	(a) Six tanks, 50 feet by 50 feet by 4 feet 6 inches, receive the sewage, which previous to running into the tanks is treated with lime and iron salts; during the summer months permanganate of soda is added. (b) Not able to obtain any payment, but it is readily removed by the farmers of the neighbourhood, and is used to grow roots and to dress wheat.
SOUTHAMPTON:			
Southampton - - C.B.	Yes	Yes (b)	(b) 1s. per one horse load.
Aldershot - - - L.G.D.	Yes	(b)	(b) A few years ago a small sum, about 6d. per load, was obtained for the sludge partially dried by evaporation; recently no sale, and it is now given away, but if it accumulates the board pay for cartage away.
Alton - - - L.G.D.	Yes (a)	No	(a) The sewage is treated with lime and ferrozone.
Shirley and Freemantle L.G.D.	Yes	(b)	(b) It is disposed of.
STAFFORD:			
Burton-upon-Trent - M.B.	Yes (a)	(b)	(a) The sewage is treated with lime at the pumping station, and the mixture is then pumped on to the farm. (b) The precipitate is deposited on the land, which naturally disposes of it by aeration, &c.
Hanley - - - C.B.	Yes (a)	No (b)	(a) Precipitation by lime, the effluent water from the tanks being afterwards filtered through land. (b) The district being surrounded by populous towns, the distance to agricultural land is apparently too great for sale of precipitate.
Lichfield - - - M.B.	Yes	(b)	(b) Very slight, practically none.
Newcastle-under-Lyme - M.B.	Yes (a)	No	(a) There are six settling tanks 125 feet by 25 feet by 4 feet, average depth.
Stoke-upon-Trent - M.B.	Yes (a)	(b)	(a) Precipitation and irrigation. (b) The precipitate is mixed with nightsoil and screened ashes, boated into the country and sold at 20s. per boat load (delivered), viz., 1s. per ton; a ready sale is not obtained even at that price. Some portion is also put on the land.
Tamworth - - - M.B.	Yes (a)	Yes (b)	(a) Ives' patent precipitating tanks. (b) It is of some value as a manure, but at present it is given away in a liquid form.
Walsall - - - C.B.	Yes (a)	(b)	(a) New precipitation works for treating the sewage with lime and aluminio-ferric have just been opened. (b) It is not expected that the precipitate will be of a saleable value. Farmers in the neighbourhood may draw it away for manure, but it is not expected that they will pay for it.
Wednesbury - - - M.B.	Yes	(b)	(b) Up to the present time the corporation have used the precipitate upon their own land. It is anticipated that any surplus could be sold to farmers and others at a nominal price.

Wolverhampton - - C.B.	Yes (a)	(b)	(a) A system of precipitation is adopted in treating the sewage of this borough, but the effluent is subsequently passed over and through land for further purification. (b) The precipitate is deemed to be of saleable value, but in view of the large quantities which have accumulated, and the necessity of disposing of it, the precipitate is at the present time given away.
Biddulph - - - L.G.D.	Yes (a)	No	(a) In connection with irrigation.
Brierley Hill - - L.G.D.	Yes	Yes	—
Darlaston - - - L.G.D.	Yes (a)	(b)	(a) Precipitation, quiescence, and land filtration. (b) The precipitate is not sold, but is treated on the land, which is let to a tenant.

Sheffield - - - C.B.	Yes	(b)	(b) Not to the corporation, as they are put to a large expense in disposing of it.
Birkenshaw - - - L.G.D.	Yes	(b)	(b) The Local Board allow anyone to cart it away free of charge.
Birstal - - - L.G.D.	(a)	(b)	(a) (b) The Board had made arrangements for the putting down of the patent sewage filtering and sludge compressing plant invented by Mr. William Birch of Manchester, and hoped to have it in operation by the latter end of February 1894.
Dodworth - - - L.G.D.	Yes	No	—
Eccleshill - - - L.G.D.	(a)	No	(a) The sewage from about two-thirds of the district is passed over a part of the Board's Sewage Farm, and then collected in a series of settling tanks, through the earth sides of which the effluent passes into the Beck. From the remaining one-third of the district the sewage is collected into tanks, and there treated with chemicals called aluminoferric; after this treatment the sewage passes through a range of settling tanks, and the effluent passes to the same Beck as above mentioned.
Featherstone - - - L.G.D.	Yes	(b)	(b) We have about 28 acres of land on which we use the precipitate as manure with very good results.
Golcar - - - L.G.D.	Yes	(b)	(b) The Board have not been able to find a purchaser, but there can be no doubt that the product is of some value. Trees and bushes planted therein have thriven well.

ACCOUNTS FOR 1893—AUDITORS' REPORT.

We report that we have received the following Report from the Auditors to the Foundation on the Accounts for the year ending 31st December 1893 :—

TO THE CENTRAL GOVERNING BODY, CITY PAROCHIAL FOUNDATION.

Gentlemen,

4, King-street, Cheapside, London, E.C.,
2 March 1894.

We have the honour to report that we have duly audited the books of the Foundation for the year 1893.

We have personally compiled from the books complete accounts of the receipts and payments in respect of the Central Fund and City Church Fund, having first analysed the receipts and payments in which the Funds are jointly interested. We herewith append such accounts, duly certified.

We also annex to this Report a schedule of the stocks held by the official trustees of charitable funds on behalf of the Foundation on the 31st of December last. The schedule shows all dealings therewith during the past year.

We further certify that the rentals outstanding on the 31st of December amounted to 15,250*l.* 5*s.* 5*d.*, of which sum 14,161*l.* 4*s.* 6*d.* fell due at Christmas, the balance, 1,089*l.* 0*s.* 11*d.*, being arrears from previous quarters.

With respect to the recommendations contained in our Report on the accounts for the year 1892, dealing with payments to pensioners, the adoption by the Central Governing Body of the suggestions we then submitted has enabled us to vouch these payments in a satisfactory manner.

We are, &c.
